**THE DISEASES OF ERROR.**  
(Les Maladies d'Erreur.)

I, John B. Ogden, M. D., author and publisher of the above work, do hereby promise and agree to send (free of charge) to any person who will send (free of charge) to my publisher, a copy of the work in French. This valuable work is a study of the diseases of error, and is written in simple language on all the diseases of Error, including Seminal Weakness, Nervous Debility, Indigestion, Melancholy, Incontinence, Wasting Decay, Epilepsy, &c. Giving the most successful and effectual prescriptions for their safe, speedy, and permanent cure, together with all valuable information. All who favor me with a desire to read my work shall receive a sample copy by return mail, free of charge. Address: JOHN B. OGDEN, M. D., No. 60 Nassau St., New York. May 22, 1863.—3m.

Children are much of their Sickness to Colds.—No matter how the disease may appear to be seated, its origin may be traced to suppressed perspiration or a Cold. Croup and Lung Complaints are direct products of Colds. In short Colds are the forerunners of all the diseases of the human system, as they are caused by checked perspiration, and as five-eighths of the waste matter of the body escapes through the pores, if these pores are closed, that portion of disease necessarily follows. Keep clear, therefore, of Colds and Coughs, the great precursors of disease, or if contracted, break them up immediately, by a timely use of *Madame Parrot's Curative Balsam*. Sold by all Druggists, at 25 cents per bottle. Jan. 23, 1863.—1y.
