Shameful Injustice.

The Abolition newspapers, not content with the exile of Mr. Vallandigham, for opinion's sake, nor yet with defrauding him and his friends at the polls, are seeking to destroy his fair fame by circulating all kinds of infamous stories concerning that gentleman's "loyalty," prominent among which is that known as the "Inshall Letter," in which Mr. Vallandigham is made to encourage a rebel Colonel named Inshall in his hostility to the U. S. Government. Mr. Vallandigham has written a letter to Col. Medary, at Columbus, (O.) in which he speaks of

this matter as follows: "I never saw, never wrote a line of it not did I ever write a line or polities or the war to any one while in the South. Neither did I ever see or hear from such a man as "Colonel D. D. Inshall."

The Bedford Inquirer, having published this "Inshall" forgery, is now called upon by every principle of honor and justice to publish Mr. Vallandigham's contradiction. Will it make this amend for its vile participation in this shameful act of injustice to a wronged and persecuted American citizen?

REJOICING IN PHILADELPHIA AND NEW YORK. — The report brought to Philadelphia on Saturday that Fort Sumter had been taken wavet Deck Henry, firmly believed that all the flags on Third street Deck Henry, Dehart Lewis M were displayed. There was also similar dem-onstration in New York. The Express says: At the last session of the Public Stock Board, Feight William H., this afternoon, a private dispatch was read announcing the fact that Fort Sumter was occu-pied by the Forty-seventh Pennsylvania Volunteers. The members got quite jubilant and gave Garretson Moses R., three cheers, sang patriotic airs, and otherwise Goodman Frederick. nanifested their joy.

Thus every idle story, started by speculating Geyer J. C., Harbaugh G. W., knaves, to enhance their own peculiar interests, is greedily swallowed by the gullible geese who look for the subjugation of the South. When will people cease to be fools?

Men can use their own pleasure, go as volun-toers or be conscripted, it is a matter of little noment to us since the *Gazette* intimates that none but Republicans should go.—*Laquirer*.

How The Elections are Controlled.

Arrest of Candidates in Baltimore County. Shortly after the opening of the polls this morn-ing in Baltimore county, Messrs. Geo. H. Caran, R. Edwin Hook and Richard Grason, independent candidates for the offices of Clerk of the Cicuit Court, Sheriff and State's Attorney, were arrested by order of the military auth ties. They were brought to this city and taken to the Provost Marshal's office, where they were detained until about four o'clock yesterday afternoon, when they were unconditionally released. The charges preferred against them were not made public.

made public. The above paragraph is taken from the Bul-timore San of last Thursday. It shows how themilitary despotism established in Maryland dur-ing the last two years, manages to control elections in that State. The same force, precisely, has been employed by the Aministration to prevent a free expression of the popular will in other places. It was in view of this interference of military power in the elections that the New York *Tribune*, in its edition of the 26th

September last, said: "If the President elect is to take and keep his office by virtue of the bayonet, voting soon becomes a dreary absurdity; for, if the bayonet is ultimately to choose the President, the pre-liminary ballot might as well be dispensed with."
