Although not disposed to favor or recommend Pat-ent Medicines in general, through distrust of their ingredients and effects, I yet know of no sofficient reasons why a man may not testify to the benefits he believes hieself to have received from any sim-ple preparation, in the hope that he may thus con-tribute to the benefit of others. I do this the more recality in regard to Hooffand's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was pr judiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esg., for the removal of this prejudice by proper tests, and for encourage-ment to try them, when suffering from great and long continued debility. The use of three bottles of these bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodily and mental vigor which I had not felt for six months before, and hed almost despaired of regaining. I therefore thamk God and my friend for directing mo to the use of them. . NEWTON EROWN, Philad'a. From the Rev. Jos. H. Kennard, Pastor of the 10th and take no other. J. NEWTON EROWN, Philad'a. From the Rev. Jos. H. Kennard, Pastor of the 10th "Baptist Chorch." Dr. Jackson :- Dear Sir:--I have been frequently requested to connect my name with commendations of different kinds of medicance, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various intances, and particularly in my family, of the use-fulness of Dr. Hooland's German Briters, I depart for once from my usual course, to express my full conviction that, for general debility of the system and especially for Liver Completion, it is a sofe and valuable proparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causa. Yours, very respectfully, J. H. KENNARD. Eighth below Coates st., Phil'a.

POWDERS. THESE Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use. This chief superiority of these Powders arises from the fact that they are composed of medicines in the we Laxative , Tonic and Paritying properies. The laxative ejects crudities gives strength to the system of the Horse, and the parifying medicines contained in them the stomach and intestines, the tonic gives strength to the system of the Horse, and the parifying medicines contained in them the stomach and intestines of the Horse, and the parifying medicines contained in the constant blood, and Lay the lough-tion for a vigorous and healthy circulation. The use of them improves the wind, strength-ces the appetite and gives the horse a fine, emooth and glossy skim—thus improving the animal.
