FOUTZ'S

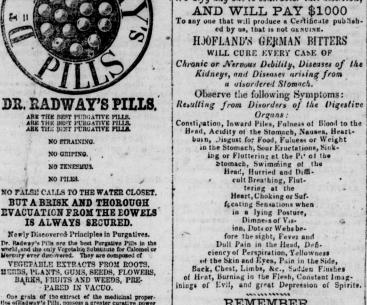

CELEBRATED HORSE AND CATTLE POWDERS.

The use of them improves the wind, sitten a the time of a sugarous and health circulation. The them improves the strength of t appearance, vigor and spirit of this noble anneal. These powders are not intended, as most powders are, to bloat the animal, so as to not really so-but, to remove the disease and promote his general health. These powders will strengthen the stom-ack and intestines, cleanse them from offen-sive matter, and bring thom to a healthy state. They are a sure prevention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slav-vital Energy, &c.- These Powders, if used two or three times a week, through the win-tes of spring, your horse will never get the Lung Fever, Colic or Botts. A few doses of these powders will remove the worst cough; on any horse. Were owners of horses in **MILCH COWS**.

I have known Hoofland's German Bitters favora-bly for a number of years. I have used them in my own family, and have been so pleased with their ef-fects that I was induced to recommend them to ma-ny others, and know that they have operated in a strikingly-bencheial manner. I take pleasure in thus publicly proclaiming this fact, and calling the atter itino of those afflicted with the diseases for which they are recommended, to these Bitters, know-ing from experience that my recommendation will be sustained. I do this more cheerfully as Hoof-land's Butters is intended to benefit the afflicted, and is "not a rum drink." Yours truly, LEVI G. BECK. LEVI G. BECK. LEVI G. BECK. From Rev. J. Newton Brown, D. D., Editor of the Encyclopedia of Religious Knowledge, and Chris-tian Chronicle, Philadelphia. Although not disposed to favor or recommend Pat-ent Medicines in general, through distrust of their ingredients and effects, 1 yet know of no sufficient teasons why a man may not testify to the benefits he believes himself to have received from any sim-ple preparation, in the hope that he may truss con-tribute to the benefit of others. I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M. Jackson, of this city, because I was pr judiced against them for many years, under the impression that they were chiefly an alcoholic mixture. I am indebted to my friend, Rolert Shoemaker, Esc., for the removal of this prejudice by proper tests, and for encourage-ment to try them, when suffering from great and long continued debility. The use of three bottles of these bitters at the beginning of the present year, was followed by evident relief and restoration to a degree of bodi y and mettal vigor which I had not feit for six months before, and had almost despaired of ordirecting me to the use of them.
