FOUTZ'S CELEBRATED HORSE AND CATTLE POWDERS.

HESE Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these Powders arises from the

superiority of these Powders arises from the fact that they are composed of medicines that have Laxative, Tonic and Purifying properies. The laxative ejects crudities from the stomach and intestines, the tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the tounda-tion for a vigorous and healthy circulation. The use of them improves the wind, strength-ens the appetite and gives the horse a fine, ens the appetite and gives the horse a fine, smooth and glossy skin-thus improving the appearance, vigor and spirit of this noble

animal. These powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so-but, to remove the disease and promote his general health.

These powders will strengthen the stom-ach and intestines, cleanse them from offen-sive matter, and bring them to a healthy. state. They are a sure prevention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slavering, Coughs, Fevers, Loss, of Appetite and Vital Energy, &c.—These Powders, if used two or three times a week, through the win-

tes and spring, your horse will never get the Lung Fever, Colic or Botts. A few doses of these powders will remove the worst cough, on any horse. Were owners of horses to feed a few of these powders every year, they might save the lives of many valuable horses.

MILCH COWS.

The properties this powder possesses in in-creasing the quantity of milk in cows, gives it an importance and value which should place it in the bands of every person keep-ing a cow. In fattening cattle, it gives them an appetite, loosens their hide, and makes them theirs much faster. them thrive much faster
