So apparent is its usefulness, and so remarkable has been its cures, that it is fast superseding every other remedy for those diseases. The afflicted can rely upon it doing as much for them, and in many cases more than any other remedy now before the public.

It is recommended and prescribed in the practice of a large number of the most intelligent and able physicians of Maryland. It is used and considered an indispensable household remedy by a large portion of the first families of the State.

It is used by all classes of society, and the universal opinion is that it is good. This Syrup is purely Vegetable Compound. It is pleasant to take, and never does injury. But owing to its purifying qualities, must do good under any circumstances. Its effects are truly wonderful, soothing, calming, and allaying the most violent coughs, purifying, strengthening and invigorating the whole system, calming and soothing the nerves; aiding and facilitating expectoration, and healing the DISEASED LUNGS.

Thus striking at the root of disease, and driving it from the system. CROUP. This disease is announced by difficulty of breathing, small wheezing, or wheezing, hacking cough and a threatening suffocation. It most commonly occurs in young children. No child need die of croup if this Syrup is properly used and used in time. Mothers having croupy children should watch the first show of the disease, and always keep this remedy at hand.

For coughs of every kind, this is most excellent. Experience has proven that it is equalled by no other preparation. FOUTZ'S CELEBRATED HORSE AND CATTLE POWDERS. THESE Powders have proved, after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these Powders arises from the fact that they are composed of medicines that have Laxative, Tonic and Purifying properties: The laxative ejects crudities from the stomach and intestines, the tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a vigorous and healthy circulation.

The use of them improves the wind, strengthens the appetite and gives the horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal.

These powders are not intended, as most powders are, to blot the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and promote his general health.

These powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Water, Disempers, Founder, Heaves, Snavel, Ring Coughs, Fevers, Loss of Appetite and Vital Energy, &c.—These Powders, if used two or three times a week, through the winter and spring, your horse will never get the Lung Fever, Colic or Botts. A few doses of these powders will remove the worst cough on any horse. Wear owners of horses to neglect a few of these powders every year, they might save the lives of many valuable horses.

MILCH COWS. The properties this powder possesses in increasing the quantity of milk in cows, gives it an importance and value which should place it in the hands of every person keeping a cow. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

HOGS. In all diseases of swine, as coughs, ulcers in the lungs and liver, &c., by putting from half a paper to a paper of these powders in a barrel of swill, the above diseases can be cured or entirely prevented. By using these powders the hog cholera can be prevented.
