JOHN ALDSTADT, Sheriff. Sheriff's Office, Bedford, July 8, 1864.

THE peculiar taint or infection which we call SCROF-ULA lurks in the constitutions of multitudes of men It either produces or is produced by an enfectled, itiated state of the blood, wherein that fluid becomes incompetent to sustain the vital forces in their vigorous ention, and leaves the sys-em to fall into disorder and decay. contamination is various, caused by mercurial dis-caused by

eaused by mercurial dis-ease, low living, disordered digestion from un-healthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the vene-real infection. Whatever be its origin, it is hered-itary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases it originates the various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption: in the glands, swellings which suplungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which sup-purate and become ulcerous sores; in the stomach and bowels, derangements which produce indi-gestion, dyspepsia, and liver complaints; on the skin, cruptive and cutaneous affections. These, all having the same origin, require the same rem-edy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous dis-tempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

### Ayer's Sarsaparilla

is compounded from the most effectual antidotes that medical science has discovered for this afflict-ing distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinery in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil, or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitio Infections, Mercurial Diseases, and syphilities infections, Merchrid Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in Ayren's AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable areas which it has made a bar of the remarkable cures which it has made when all other remedics had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have ac-cess to some one who can speak to him of its benefits from personal experience. Scrotch depresses the vital energies, and hus leaves its victims for more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these con-siderations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of AYER'S SARSAFARILLA, Although it is composed of ingre-dients, some of which exceed the best of Sarsa-

narilla in alterative nower By its aid you may *parvida* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purge out the causes of disease, and vigorous headth will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which head with the enterm on hunch out once which lurk within the system or burst out on any part of it. We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.
