

these wretches confine their blasphemies to the walls of their own conventicles, we leave them to the judgment of such as choose to attend on their ministrations; but, when they obtrude themselves upon public assemblies, outside of the walls of their churches, their utterances become proper subjects of newspaper criticism, and they will be dealt with by us just as any other political speaker would be.

Surrender of Johnston.

WAR DEPARTMENT, WASHINGTON, April 28, 3 P. M.
Major General De: A despatch from Gen. Grant, dated at Raleigh, 10 P. M., April 26, just received by this Department, states that "Johnston surrendered the forces in his command, embracing all from here to the Chattahoochee, to Gen. Sherman, on the basis agreed upon between Lee and myself for the army of Northern Virginia."
E. M. STANTON, Secretary of War.

Thanks to GRANT and SHERMAN, there are now no rebels in arms east or north of the State of Alabama, while there are not enough of rebel soldiers in the other cotton States to swear by, for which we have to thank CANNY and THOMAS. A good deal has been said about the terrible things KIRBY SMITH and MAURICE are going to do in Texas, but we doubt if our soldiers will have enough of work in the States to keep even one corps employed. We have heard at last, thanks to GRANT and SHERMAN, and in spite of STANTON, BUTLER, and the military world.

The municipal election in St. Paul, Minnesota, took place on the 4th inst. A year ago the Republicans elected their candidate for Mayor by 318 majority; now the result is thus heralded by the *Pioneer* of the 5th in a "spread" nearly a half a column long:
St. Paul Redeemed! Glory enough for One Day—The Old Democratic Booster again on his feet—A Gain of Five Hundred over Last Year—Whole Democratic Ticket Elected—Abolition Disunionists Cleaned out of Power—Their Cold Water Candidates caught in the Rain—St. Paul a Democratic City for all Times.

The Democrats elected their whole city ticket, and all but one of the Aldermen and School Committee.

Short cakes, pies, and, in fact, all kinds of cooking, are done in New York with highly purified Petroleum, and it is said to be much cheaper and better than lard, and the medical profession say it is more healthy.

CAUTION FROM THE

AMERICAN WATCH CO.

It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, calculated by their utter worthlessness to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invariably be known.

We manufacture four styles of Watches.
The First has the name
"AMERICAN WATCH CO., Waltham, Mass.," engraved on the inside plate.
The Second has the name
"APPLETON, TRACY & CO., Waltham, Mass.," engraved on the inside plate.
The Third has the name
"P. S. BARTLETT, Waltham, Mass.," engraved on the inside plate.

All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.

The Fourth has the name
"W. M. ELLERY, Boston, Mass.," engraved on the inside plate, and is not named on the dial.

All the above described watches are made of various sizes, and are sold in gold or silver cases, as may be required.

It is hardly possible for us to accurately describe the numerous imitations to which we are alluded, and we caution the buyer. Some are persons who, as made by the American Watch Co., of Boston, Mass.,—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch." Others are named the "Appleton Watch Co.," others the "P. S. Bartlett," instead of our "P. S. Bartlett," besides many varieties named in such a manner as to convey the idea that they are the veritable productions of the American Watch Company.

We also caution the public, and particularly soldiers, against buying certain articles called watches, or, as they are advertised in illustrated papers as "Army Watches," "Officers' Watches," "Magic Time Observers," "Arms Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good watch, in these times, cannot be afforded for any such money.

A little attention on the part of buyers will protect them from gross imposition.

Agents for the American Watch Co.,

PROSPECTUS

OF THE

BEDFORD CO. MUTUAL OIL COMPANY.

Capital Stock \$150,000, Par Value \$1.00.

No FAVORITISM. Every Subscriber on the Ground Floor.

The property of the above named company, which is about being organized under the mining laws of Pennsylvania, consists of the following valuable territory, to wit:

1. A lease of one half acre, known as "No. 3," on Tenney & Storrow purchase, on Cherry Run, Venango county, Pa., just above the celebrated "Red" well and within a stone's throw of a well just struck, flowing at present 100 barrels per day. A new derrick erected upon the lot. One half the oil to the company.

2. A lease of one half acre, in close proximity to the above, known as "No. 6," on the Tenney & Storrow purchase on Cherry Run. A new derrick erected upon the lot. One half the oil to the company.

3. The refusal for sixty days, of a lease on Sugar Creek, of two acres of ground; five-eighths of the oil to the company.

4. Seven acres in fee simple on the waters of Ritchey Run, one mile from its junction with the Allegheny, about the same distance from the Fox and Wildcat wells, owned by the "Stump Islands Oil Company." All flat, borable territory, at present under cultivation, with a good frame house upon it.

5. Three acres in fee simple on the Allegheny river, just below the mouth of the Clarion river. There is room on this tract for a half dozen wells. The Tenney & Storrow and Clarion River Oil Company, of Philadelphia, are now sinking several wells immediately opposite this property, with excellent prospects of success.

In presenting the above basis to the public, it is confidently believed that it cannot be excelled by that of any other company yet organized. The two leases on Cherry Run are themselves worth more than the territory of many companies which profess to be based upon a million capital. The Cherry Run region has proved to be the surest oil-producing territory yet discovered. Nine-tenths of the wells bored on this stream have been successful. The great "Red" well, flowing 375 barrels per day, the "Mountain" well flowing 400, and in fact nearly all of the large wells yet struck, are located on Cherry Run.

It is proposed to sell a sufficient number of shares to pay for the territory and raise working capital for its development, at the low price of twenty-five cents per share, thus placing every subscriber to this fund on the ground-floor, and giving each subscriber a pro rata interest in the territory, engines, and other property of the company, as well as the shares of stock remaining unsold after the purchase money and working capital are raised. From the nature of the leases, boring upon them must be commenced within sixty days from the 20th of April, 1865, which is a sufficient guarantee that the company will proceed without delay to the development of its territory.

The following named persons are authorized to receive subscriptions to this valuable stock:
