

Ho! For Mexico.
From the Philadelphia Press.
It is very evident that the valuable region of country known as Mexico occupies a very considerable share of attention. Several organizations are being perfected in this city, all apparently acting under one head.

There is much mystery connected with the movement, but the idea of the Monroe doctrine seems to be decidedly popular. Even some of the detectives, who have been in Mexico, are rather shy in conversation on the subject, but they would be "delighted to visit that place once more." All they say, is, the movement is a "big thing," and "sufficient to the day is the evil thereof." This is equivocal language, but accompanied with sly winks, nods, &c., may be considered significant of something, not desirable at the present time to be made public.

We hear of parties who desire to visit Mexico by water instead of overland. Seventy men, who have been sent and naval service, are already organized, and the commander is a gentleman truly loyal, once in the service, stationed in foreign waters. It is also hinted that vessels are being or will be fitted out at Baltimore and manned by hardy crews. Our large cities are now over populated, and as it is likely the number will be swelled to an almost indefinite extent in a few months, it is thought proper by the enterprising gentlemen engaged in the emigrant movement to prepare an outlet at once through which the tide of population may readily flow. Incident to this movement, there will be quite a demand for some of the United States vessels, to be sold to the highest bidder, in a short time.

Indian Troubles.
St. Paul, Minn., May 5.—A party of six Indians murdered four persons named Jewett in Blue Earth county. A half-breed named Campbell was lynched as one of the murderers. In his confession he stated that nine bands of Indians, numbering 100 each, were in the vicinity of Mankato. Plenty of troops are in the vicinity, and they will probably capture the raiders, and prevent further mischief.

BLOWING OUT KEROSENE LAMPS.—The danger of blowing out kerosene or carbon oil lamps from the top is greater than people generally suppose. There are several instances on record where lives have been lost by the explosion of lamps from this practice. The following explanation of the causes that produce the explosion of lamps from this practice.

First—The oil in the lamp is generally low, leaving more room for gas.

Second—The gas is very inflammable, and will always explode when ignited.

Third—In blowing the flame down, it ignites the gas.

The inference is, a lamp should never be blown out from the top. The wick may not perfectly fill the tube, and the flame may go down, when the gas comes up.

Fourth—The less oil in the lamp the greater danger.

The compromise between Grant and Lee, was worth twenty battles to the country, and a compromise at the beginning of the war, would have been worth all the life, treasure and suffering it has cost. The cost alone would fill the land with churches and literary institutions.—Carle Volunteer.

The sacrament of the Lord's Supper will be administered in the Lutheran church, next Sabbath. Preparatory service on Saturday, at 2 o'clock.

CAUTION FROM THE AMERICAN WATCH CO.

It having come to our knowledge that imitations of the American Watch have been put upon the market in great number, calculated by their utter worthlessness to injure the reputation of our genuine products, to protect our own interests and the public from imposition, we again publish the trade marks by which our Watches may invariably be known.

We manufacture four styles of Watches.
The First has the name "AMERICAN WATCH CO., Waltham, Mass.," engraved on the inside plate.

The Second has the name "APPLETON, TRACY & CO., Waltham, Mass.," engraved on the inside plate.

The Third has the name "P. S. BARTLETT, Waltham, Mass.," engraved on the inside plate.

All the above styles have the name American Watch Co. painted on the dial, and are warranted in every respect.

The Fourth has the name "WM. ELLERY, Boston, Mass.," engraved on the inside plate, and is not named on the dial.

All the above described watches are made of various sizes, and are sold in gold or silver cases, as may be required.

It is hardly possible for us to accurately describe the numerous imitations to which we have alluded. They are usually inscribed with names so nearly approaching our own as to escape the observation of the unacquainted buyer. Some are represented as made by the "Union Watch Co., of Boston, Mass.,"—no such company existing. Some are named the "Soldier's Watch," to be sold as our Fourth or Wm. Ellery style, usually known as the "Soldier's Watch."

Others are named the "Appleton Watch Co.," others the "P. S. Bartlett," instead of our "P. S. Bartlett," besides many varieties named in such a manner as to convey the idea that they are the valuable productions of the American Watch Company.

We also caution the public, and particularly soldiers, against buying certain articles called watches, so freely advertised in illustrated papers as "Army Watches," "Officers' Watches," "Magic Time Observers," "Army Watches," &c., the prices of which are stated to be from seven to sixteen dollars. A good watch, in these times, cannot be afforded for any such money.

A little attention on the part of buyers will protect them from gross imposition.

GREAT SUCCESS OF THE BEDFORD CO. MUTUAL OIL COMPANY.

Over 50,000 Shares Already Sold.

Capital Stock \$150,000, Par Value \$1.00.

No Favoritism. Every Subscriber on the Ground Floor.

The property of the above named company, which is about being organized under the mining laws of Pennsylvania, consists of the following valuable territory, to wit:

1. A lease of one half acre, known as "No. 3," on the Tenney & Storow purchase, on Cherry Run, Venango county, Pa., just above the celebrated "Red" well and within a stone's throw of a well just struck, flowing at present 100 barrels per day. A new derrick erected upon the lot. One half the oil to the company.

2. A lease of one half acre, in close proximity to the above, known as "No. 2," on the Tenney & Storow purchase on Cherry Run. A new derrick erected upon the lot. One half the oil to the company.

3. The refusal for sixty days, of a lease on Sugar Creek, of two acres of ground; five-eighths of the oil to the company.

4. Seven acres in fee simple on the waters of Ritchey Run, one mile from its junction with the Allegheny, about the same distance from the Fox and Widen well, owned by the "Stump Islands Oil Company." All flat, boreable territory, at present under cultivation, with a good frame house upon it.

5. Three acres in fee simple on the Allegheny river, just below the mouth of the Clarion river. There is room on this tract for a half dozen wells. The "Allegheny and Clarion River Oil Company" of Philadelphia, are now sinking several wells immediately opposite this property, with excellent prospects of success.

In presenting the above facts to the public, it is confidently believed that it cannot be excelled by that of any other company yet organized. The two leases on Cherry Run are themselves worth more than the territory of many companies which profess to be based upon million capital. The Cherry Run region has proved to be the richest oil-producing territory yet discovered. Nine-tenths of the wells bored on this stream have been successful. The great "Red" well, flowing 375 barrels per day, the "Mountain" well flowing 400, and in fact nearly all of the large wells yet struck, are located on Cherry Run.

It is proposed to sell a sufficient number of shares to pay for the territory and raise working capital for its development, at the low price of twenty-five cents per share, thus placing every subscriber to this fund on the ground-floor, and giving each subscriber a pro rata interest in the territory, engines, and other property of the company, as well as the shares of stock remaining unsold after the purchase money and working capital are raised. From the nature of the leases, boring upon them must be commenced within sixty days from the 20th of April, 1865, which is a sufficient guaranty that the company will proceed without delay to the development of its territory.

U. S. 7-30 LOAN.

The sale of the first series of \$300,000,000 of the 7-30 Loan was completed on the 21st of March, 1865.

The sale of the second series of Three Hundred Millions, payable three years from the 15th day of June, 1865, was begun on the 1st of April. In the short space of thirty days, over One Hundred Millions of this series have been sold—leaving this day less than Two Hundred Millions to be disposed of. The interest is payable semi-annually in currency on the 15th of December and 15th of June by Coupons attached to each note, which are readily cashed anywhere. It amounts to

One cent per day on a \$50 note.
Two cents " " " \$100 "
Ten " " " " \$500 "
20 " " " " \$1,000 "
\$1 " " " " \$5,000 "

More and More Desirable.
The Rebellion is suppressed, and the Government has already adopted measures to reduce expenditures as rapidly as possible to a peace footing, thus withdrawing from market as borrower and purchaser.

This is the ONLY LOAN IN MARKET now offered by the Government, and constitutes the GREAT POPULAR LOAN OF THE PEOPLE.

The Seven-Thirty Notes are convertible on their maturity, at the option of the holder, into

U. S. 5-20 Six per cent. GOLD BEARING BONDS
Which are always worth a premium.

Free from Taxation.
The 7-30 Notes cannot be taxed by Towns, Cities, Counties or States, and the interest is not taxed unless on a surplus of the owner's income exceeding six hundred dollars a year. This fact increases their value from one to three per cent. per annum, according to the rate levied on other property.

Subscribe Quickly.
Less than \$200,000,000 of the Loan authorized by the last Congress are now on the market. This amount at the rate at which it is being absorbed, will all be subscribed for within two months, when the notes will undoubtedly command a premium, as has uniformly been the case on closing the subscriptions to other Loans. It now seems probable that no considerable amount beyond the present series will be offered to the public.

In order that citizens of every town and section of the country may be afforded facilities for taking the loan, the National Banks, State Banks, and Private Banks throughout the country have generally agreed to receive subscriptions at par. Subscribers will select their own agents, in whom they have confidence, and who only are to be responsible for the delivery of the notes for which they receive orders.

Subscription Agent, Philadelphia.

Its words speak for it, and find utterance in the abundant and voluntary testimony of the many who have long suffered and settled disease have by its use been restored to pristine vigor and health. We can present a mass of evidence in proof of our assertions, that

CANNOT BE DISCREDITED.

The Rev. Jacob Sechler.

Well known and much respected among the German population in this country, makes the following statement for the benefit of the afflicted.

Havona, Pa., Feb. 16, 1859.

Dear Sir:—Having realized in my family important benefits from the use of your valuable preparation—Wistar's Balsam of Wild Cherry—it affords me pleasure to recommend it to the public. Some eight years ago one of my daughters seemed to be in a decline and little hope of her recovery were entertained. I then procured a bottle of your excellent Balsam, and before she had taken the whole of the contents of the bottle there was a great improvement in her health. I have, in my individual case made frequent use of your valuable medicine, and have always been benefited by it.

JACOB SECHLER.

From Jesse Smith, Esq., President of the Morris County Bank, Morristown, New Jersey.

"Having used Dr. WISTAR'S BALSAM OF WILD CHERRY for about fifteen years, and having realized its beneficial results in my family, it affords me great pleasure in recommending it to the public as a valuable remedy in cases of weak lungs, colds, coughs, &c., and a remedy which I consider to be entirely innocent, and may be taken with perfect safety by the most delicate in health.

From Hon. John E. Smith, a Distinguished Lawyer in Westminster, Md.

I have on several occasions used Dr. WISTAR'S BALSAM OF WILD CHERRY for colds, and always with decided benefit. I know of no preparation that is more efficacious or more deserving of general use.

The Balsam has also been used with excellent effect by J. B. ELLIOTT, Merchant, Hall's Cross Roads, Md.
