TO ADVERTISERS. The circulation of the Philadelphia Age, which is steadily and rapidly growing, makes it at least as valuable a medium for advertising as any other commercial and business newspaper in Ph and the fact that it reaches a large class of conservative readers, scattered over a vast extent of country, who do not take any other Philadelbhia paper, commends it to an extraordinary degree, as a means of communicating with the public not possessed by any other journal published in this city.

THE AGE IS NOW ESTABLISHED ON A SURE AND PERMANENT FOUNDATION. The publishers could easily fill their columns with the unsought and most liberal commendations of the press throughout the country; but they prefer that it should stand altogether upon claims to public confidence well-known and established. It will be, as heretofore, the sup-porter of true National, Conservative, Democratic, Union principles, opposed alike to radicalism and fanaticism in every form, and devoted to the main-tenance of Good Government, Law and Order. The consequent upon the suppression of the rebellion and the restoration of peace, will enable the Pub-lishers to make a number of improvements in the verious departments of this journal, and they, there-fore, respectfully solicit the support of all who wish

The property of the above named company, which is about being organized under the mining laws of Pennsylvania, consists of the following valuable territory, to wit:

1. A lease of one half acre, known as "No. 3," on the Tenney & Storrow purchase, on Cherry Rua, Venango county, Pa., just above the celebrated "Reed" well and within a stone's throw of a well just struck, flowing at present 190 barrels per day. A new derrick erected upon the lot. One half the

3. The refusal for sixty days, of a lease on Sugar Creek, of two acres of ground; five-eighths of the

4. Seven acres in fee simple on the waters of Ritchey Run, one mile from its junction with the Allegheny, about the same distance from the Fox and Widel well, owned by the "Stump Islands Oil Company." All flat, boreable territory, at present under cultivation, with a good frame house upon it.

5. Three acres in fee simple on the Allegheny river, just below the mouth of the Clarion river There is room on this tract for a half dozen wells The "Allegheny and Clarion River Oil Company," Philadelphia, are now sinking several wells imopposite this property, with excellent prospects of success.

In presenting the above basic to the public, it is confidently believed that it cannot be excelled by that of any other company yet organized. The two leases on Cherry Run are themselves worth more than the territory of many companies which proess to be based upon a million capital. The Cherry ess to be cased upon a minion capital. The curry Run region has proved to be the surest oil-producing territory yet discovered. Nine-tenths of the wells bored on this stream have been successful. The great "Reed" well, flowing 375 barrels per day, the Mountain" well flowing 400, and in fact nearly all f the large wells yet struck, are located on Cher-

Run. It is proposed to sell a sufficient number of shares to pay for the territory and raise working capital for its development, at the low price of twenty-five cents per share, thus placing every subscriber to this fund on the ground-fivor, and giving each subscriber n pro rata interest in the territory, engines, and other property of the company, as well as the shares of stock remaining unsold after the purchase money and working capital are raised. From the nature of and working capital are raised. From the nature of the leases, boring upon them must be commenced within sixty days from the 20th of April, 1865, which is a sufficient guaranty that the company will proceed without delay to the development of its territory.
