

**Important to Farmers.**  
The peculiar tint or infection which we call *Scrofula* lurks in the constitutions of multitudes of men. It is a disease produced by an unhealthy state of the blood, wherein that fluid becomes impotent to sustain the vital forces in their vigorous action, and leaves the system to fall into disorder and decay. The scrofulous contamination is variously caused by mercurial disease, low living, disordered digestion from unwholesome food, impure air, filthy habits, the depressing fevers, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending from parents to children until the third and fourth generation; indeed, it seems to be the rod of him who says, "I will visit the iniquities of the fathers upon their children." The disease it originates causes various names, according to the organs it attacks. In the lungs, *Scrofula* produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver complaints; on the skin, eruptive and cutaneous affections. These, all having the same origin, require the same remedy, viz., purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

**Ayer's Sarsaparilla** is compounded from the most effectual antidotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does contain the most extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: *King's Evil*, or Glandular Swellings, Tumors, Eruptions, Pimples, Blisters and Sores, *Trisepsia*, *Rose* or *St. Anthony's Fire*, *Salt Rheum*, *Scald Head*, Corns from tuberculous deposits in the lungs, *White Swellings*, *Debility*, *Dropsy*, *Neuralgia*, *Dyspepsia* or *Indigestion*, *Syphilis*, and *Syphilitic Infections*, *Miscellaneous Diseases*, and *Weaknesses*, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in *Ayer's American Almanac*, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made upon all other remedies failed to afford relief. These cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. *Scrofula* depresses the vital energies, and thus leaves the victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is superior to all others. This we now offer to the public under the name of *Ayer's Sarsaparilla*, although it is composed of ingredients, some of which exceed the best of *Sarsaparilla* in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foreign matter that rot and fester in the blood, purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lurk within the system or burst out on any part of it.

We know the public have been deceived by many compounds of *Sarsaparilla*, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trials, and it has made them no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

**FOUTZ'S CELEBRATED HORSE AND CATTLE POWDERS.**  
THESE powders have proved after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these powders arises from the fact that they are composed of medicines that have Laxative, Tonic and Purifying properties. The laxative effects cleanse from the stomach and intestines, the tonic gives strength to the system of the horse, and the purifying medicine contained in them cleanse the blood, and lay the foundation for a vigorous and healthy circulation. The use of them improves the mind, strengthens the appetite and gives the horse a fine smooth and glossy skin. Improving the appearance, vigor and spirit of this noble animal.  
These powders are not intended, as most powders are, to blood the animal, so as to give the appearance of being fat when not really so—but, to remove the disease and promote his general health.  
These powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of Lung Fever, and a certain remedy for all the diseases incident to the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slaving, Coughs, Fevers, Loss of Appetite, and Vital Energy, &c.—These Powders, if used two or three times a week, through the winter and spring, will never get the horse a cold, and will prevent the diseases of the lungs, Fever, Croup or Hoarseness. These powders will remove the worst cough, on any horse. Were owners of horses to give a few of these powders every year, they might save the lives of many valuable horses.

**MILK COWS.**
