

THE BEST NEW YORK WEEKLY.
AN ANTI-ABOLITION DEMOCRATIC PAPER.
A PAPER FOR WHITE MEN.
NEW YORK DAY-BOOK,
FOR 1865.

THE DAY BOOK is the organ of Democratic principles—the genuine, old-fashioned principles upon which our Government was founded. It is for WHITE SUPREMACY, STATE SOVEREIGNTY and a FEDERAL UNION as the cardinal landmarks of American Government and Civilization. It goes for white men being superior and negroes inferior, just as God made them, and it asks every true man who believes this, to work for the success of these principles. THE DAY-BOOK is the only paper in the North that distinctly takes this position, and vigorously exposes Abolitionism, Miscegenationism, and every other diabolical ism that is now rushing our country into the horrible vortex of a disgusting mongrelism.

It is also the only weekly made up expressly for country circulation, the other New York weeklies being re-prints from daily papers. It is, therefore, worth more than other papers for every item is specially prepared for its columns. The news from all parts of the world is carefully condensed, forming a COMPLETE HISTORY OF THE TIMES.

THE DAY-BOOK embraces all topics—AGRICULTURE, COMMERCE, MARKETS, STORES, LITERARY MATTER, &c., thus presenting the great farming, industrial and working classes a cheap and reliable weekly, containing all they need without the trouble and expense of reading so many newspapers.

The price of THE DAY-BOOK is lower than that of any paper made up, as it is, from original matter. The superior condensation of news, arrangement of articles, &c., make it actually worth double the price of a weekly in which the matter is badly arranged and hurriedly re-printed from a daily.

GREAT SUCCESS
 OF THE
BEDFORD CO. MUTUAL OIL COMPANY.

Over 50,000 Shares Already Sold.
 Capital Stock \$150,000, Par Value \$1.00.

No Favoritism. Every Subscriber on the Ground Floor.

The property of the above named company, which is about being organized under the mining laws of Pennsylvania, consists of the following valuable territory, to wit:

- A lease of one half acre, known as "No. 3," on the Tenney & Storow purchase, on Cherry Run, Venango county, Pa., just above the celebrated "Redd" well, and within a stone's throw of a well just struck, flowing at present 100 barrels per day. A new derrick erected upon the lot. One half the oil to the company.
- A lease of one half acre, in close proximity to the above, known as "No. 6," on the Tenney & Storow purchase on Cherry Run. A new derrick erected upon the lot. One half the oil to the company.
- The refusal for sixty days, of a lease on Sugar Creek, of two acres of ground; five-eighths of the oil to the company.
- Seven acres in fee simple on the waters of Ritchey Run, one mile from its junction with the Allegheny, about the same distance from the Fox and Widell well, owned by the "Stump Islands Oil Company." All flat, boreable territory, sit present under a lease from the "Stump Islands Oil Company." The lease is for one year, at the rate of \$1000 per acre, and the lease is now being renewed.
- Three acres in fee simple on the Allegheny river, just below the mouth of the Clarion river. There is room on this tract for a half dozen wells. The "Allegheny and Clarion River Oil Company," of Philadelphia, are now sinking several wells immediately opposite to this property, with excellent prospects of success.

In presenting the above basis to the public, it is confidently believed that it cannot be excelled by that of any other company yet organized. The two leases on Cherry Run are themselves worth more than the territory of many companies which profess to be based upon a million capital. The Cherry Run region has proved to be the surest oil-producing territory yet discovered. Nine-tenths of the wells bored on this stream have been successful. The great "Redd" well, flowing 375 barrels per day, the "Mountain" well, flowing 400, and in fact nearly all of the large wells yet struck, are located on Cherry Run.

It is proposed to sell a sufficient number of shares to pay for the territory and raise working capital for its development. At the low price of twenty-five cents per share, thus placing every subscriber in this fund on the ground-floor, and giving each subscriber a pro rata interest in the territory, engines, and other property of the company, as well as the shares of stock remaining unsold after the purchase money and working capital are raised. From the nature of the leases, borne upon them must be commenced within sixty days from the 20th of April, 1865, which is a sufficient guaranty that the company will proceed without delay to the development of its territory.

FOUTZ'S CELEBRATED HORSE AND CATTLE POWDERS.
 THESE Powders have proved after a trial of several years, to be superior to any preparation of the kind in use. The chief superiority of these powders arises from the fact that they are composed of medicines that have Laxative, Tonic and Purifying properties. The laxative effects cruditates from the stomach and intestines, the tonic gives strength to the system of the Horse, and the purifying medicine contained in them cleanse the blood, and lay the foundation for a vigorous and healthy circulation. The use of them improves the wind, strengthens the appetite and gives the horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal.

These powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and promote his general health.
 These powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure prevention of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glanders, Yellow Water, Distempers, Founder, Heaves, Slivering, Coughs, Fevers, Loss of Appetite, and Vital Energy, &c.—These Powders, if used two or three times a week, through the winter and spring, your horse will never get the Lung Fever, Colic or Bloats. A few doses of these powders will remove the worst cough, on any horse. Were owners of horses to feed a few of these powders every year, they might save the lives of many valuable horses.

MILK COWS.
 The properties this powder possesses in increasing the quantity of milk in cows, gives it an importance and value which should place it in the hands of every person keeping a cow. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much better.

HOGS.
 In all diseases of swine, as coughs, ulcers in the lungs and liver, &c., by putting from half a paper to a paper of these powders in a barrel of swill, the above diseases can be cured or entirely prevented. By using these powders the hog cholera can be prevented.
