on the Teaney & Storrow purchase, on Cherry Run, Venango county, Pa., just above the celebrated 'Reed' well and within a stone's throw of a well just struck, flowing at present 100 barrels per day. A new derrick erected upon the lot. One half the

oil to the company.

2. A lease of one half acre, in close proximity to the above, known as "No. 6," on the Tenney & Storrow purchase on Cherry Run. A new derrick erected upon the lot. One half the oil to the com-

oil to the company.

4. Seven acres in fee simple on the waters of Ritchey Run, one mile from its junction with the Allegheny, about the same distance from the Fox and Widel well, owned by the "Stump Islands Oil Company." All flat, boreable territory, at present under cultivation, with a good frame house upon it. 5. Three acres in fee simple on the Allegheny river, just below the mouth of the Clarion river. There is room on this tract for a half dozen wells.

The "Allegheny and clarion liver of company, of Philadelphia, are now sinking several wells immediately opposite this property, with excellent prospects of success.

In presenting the above basis to the public, it is confidently believed that it cannot be excelled by that of any other company yet organized. The two leases on Cherry Run are themselves worth more leases on Cherry Run are themselves worth mote than the territory of many companies which pro-fess to be based upon a million capital. The Cherry Run region has proved to be the surest oil-producing territory yet discovered. Nine-tenths of the wells bored on this stream have been successful. The great "Reed" well, flowing 375 barrels per day, the "Mountain" well flowing 400, and in fact nearly all

of the large wells yet struck, are located on Cher It is proposed to sell a sufficient number of shares to pay for the territory and raise working capital for its development, at the low price of twenty-five cents per share, thus placing every subscriber to this fund on the ground-floor, and giving each subscriber a pro rata interest in the territory, engines, and other property of the company, as well as the shares of stock remaining unsold after the purchase money and working capital are raised. From the nature of the leases, boring upon them must be commenced within sixty days from the 20th of April, 1865, which is a sufficient guaranty that the company will proceed without delay to the development o its territory.
