The Bedford Gazette. BEDFORD COUNTY OIL COMPANY .- This company has been organized, with BEDFORD COUNTY OIL COMPANY .-John McVicker, Esq., as President. Capt. John S. Stuckey, Secretary, Maj. George W. Rupp, Treasurer, and G. W. Gump, W. W. Leany, John E. Miller and John S. Stuckey, Esqs., as Directors. It is the intention rectors. It is the intention of this company to bore for oil on lands in the neighborhood of the foot of Dry Ridge, in this county. An engine has been purchased by the company and operations will soon be commenced. This is a project which we feel like commending, as it is the first effort to ascertain whether petroleum exists in this county. The parties engaged in getting up the company, certainly deserve great credit for their enterprising spirit and we hope they may be successful in soon making a "big strike." So mote it be.

OFFICERSSWORN IN .- M. S. Ritchey, Esq., the newly elected County Commissioner, was sworn in, a few days ago. What we formerly said of Mr. Ritchey's fitness for his office, we have no fear of ever having occasion to retract. He made a good run, and we doubt not, will make as popular an officer as he was a candidate. D. R. Anderson and Sam'l Beckley, Esqs. elected Poor Directors, have also been installed in office. They will make excellent Directors. They both ran ahead of the ticket. Mr. Anderson leading all his fellow candidates.

ACCIDENTALLY SHOT .- Mr. Wm. Bingham, of Colerain tp., whilst out hunting, a few days ago, was accidentally shot through the fleshy part of his right hand. Mr. Bingham was about to get upon a foot-log for the purpose of crossing a small stream, and having been weakened by an attack of ague he got upon the log without his gun, but drawing it up after him. TEARING DOWN HANDBILLS .- Some persons make a practice out of sheer wantonness, to tear down posters and handbills, to the serious initime of these who put them up. Let it be remembered that the law provides a severe penalty for such conduct. We are such ized by several of our business men, to say that they will enforce the law against all persons offending in this particular.

ANDREW CRISMAN, Esq.—We are s orry to lose "old Andy" from the Loard of Commissioners. He served during a trying period, but a sound head and a good, patriotic heart, brought him triumphantly through every difficulty. A more whole-souled man than Andrew Crisman, does not exist any where on God's green earth. Long may he li ve to enjoy the good opinion of all w ho know him.

Town Lots for Sale.—Messrs. T. H.. & N. J. Lyons offer for sale a numbe r of valuable town lots, which they ad vertise in this issue. They will sen sity in our town. THE GREAT INVENTION OF THE AGE HOOP SKIRTS. J. W. BRADLEY'S New Patent DUPLEX EL-LIPTIC (or double) SPRING SKIRT.

LIPTIC (or double) SPRING SKIRT.

The invention consists of Duplex (or two) ELLIPTIO PLUE REFINED STEEL SPRINGS, ingeniously braided tightly and firmly together edge to
edge, making the toughest, most flexible, elastic
and durable spring ever used. They seldom bend,
or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more
than twice as long as any single spring skirt that
ever has or can be made.

The wonderful flexibility and great comfort and
pleasure to any lady wearing the Duplex Elliptic
Skirt will be experienced particularly in all crowded assemblies, Operas, Carriages, Railroad Cars,
Church Pews, Arm Chairs, for promenade and
house dress, as the skirt can be folded when in use
to occupy a small place as easily and conveniently

nouse trees, a small place as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to all others. rior to all others.

rior to all others.

The Hoops are covered with 2 ply double twisted thread, and will wear twice as long as the single yarn covering which is used on all single steel hoop skirts. The three bottom rods on every skirt are also double steel, and twice or double covered prevent the covering from wearing off the rods to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use. All are made of the new and elegant corded tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest most desirable, comfortable and economical skirt ever made.
