The New Consolidated Business Directory of New York. Boston and Philadelphila.—Most conclusive evidence of the popularity of this new enterprise of Messrs. Baldwin & Co... of 64 Cedar Street. New York, is the already large and rapidly increasing subscription list, they having secured the unprecedented circulation of nearly ten thousand copies in the short space of six weeks. A work of this character is much needed, representing, as it is intended, the vast business interests of the largest commercial marts in the United States, consolidated in one volume. Its utility to business men cannot be over-ostimated. To merchants generally throughout the United States and Canadas, doing business with New York, Boston or Philadelphin, as a handbook of reference it will be of incalculable value. We are heartily glad to see the publishers meeting with the success their enterprise properly deserves. As an advertising medium it commends itself to merchants and manufacturers; its circulation, confined as it will be to business houses, must be productive of good to its patrons. We see that the business men of Philadelphia and Boston have taken hold of the matter with the proper spirit, and are determined that the Empire City shall not not be ahead of them in their display of the commercial resources of their respective eities. The subscription price of the e Empire City shall not not be anead of them in cir display of the commercial resources of their spective cities. The subscription price of the msolidated Business Directory is five dollars per y, quarto size, handsomely printed and bound cloth, gold embossed. Altogether it will be a les specimen of typographical skill.—N. Y. Exz. Sent. 26.

We most cheerfully call the attention of our merchants to the above work, every one of whom should have a copy of it. As an inducement for them to subscribe for it, the publishers will insert in the Business Register connected therewith, the Name, Business and Address of every subscriber. Those who do not want the Directory can have their Name, Business and Address in the work upon the payment of One Dollar. The Consolidated Business Directory is highly endorsed by the Daily Press of New York, Boston and Philadelphia. Send in your subscriptions. Five Dollars per copy, to Messrs. H. A. MORE COUNTERFEIT CURRENCY. An excellent imitation of the fifty-cent fractional currency has just been detected at the Treasury Department. It is considered the best executed counterfeit yet put in circulation. It can, however, be very easily distinguished from the original by the coloring, and in the I signature of Gen. Spinner, the last E

having been omitted. The Secretary has decided to alter the general appearance of the present issue of fractional currency, in order to make it uniform and to better protect it from counterfeiting. In future all new issues will be of the greenback circula-

THE HOME JOURNAL for 1866.

NEW VOLUME—NEW ATTRACTIONS.
Established in 1846, The Home Journal, (on the sixth of January next.) for the twentieth year, greets its old friends and subscribers.
It is still conducted by N. P. WILLIS, assisted by an efficient corps of able editors, talented contributors, and spicy correspondents.

Mr. WILLIS, while maintaining his allowed very able topic, The Chronicle of Gayety and Fashion, thinks he has succeeded in establishing a separate best authority for all that concerns the livelier progress of women.

Home Journal claims to be the *indispensable first* need of the ladies. One of the features of the new series will be the publication of a new and beautiseries will be the publication of a new and beautiful story, by Alphonne De Lamaretye, entitled Fior D'aliza : Am Idylf of Italians Life, which is pronounced by eminent European critics, "the 'Paul and Virginia' of the nineteenth century," and which is being translated for our columns by George Perry. This will run through about ten numbers. In the first number of the coming volume will be commenced an entire New Series of articles, entitled MATRIMONIAL INFELICITIES, by the well-known and popular humorous writer, Barry Gray, author of "Married Life," etc., etc. As a part of our plan to keep our readers an fait of the living literature of the world, and serve up for their cosmopolitan taste choice condensations from living writers of every country, we have emisted the service of some able writers to translate Brief ROMANCES from the French, Ger

But romance will be only a subordinate department; while a prominent feature of the new volume will be Original and Sparkling Sketches of character, persons and places.

The author of "Ashes from the Pipe of an Old Smoker;" "Daisy Howard;" "The Dreamer," and other favorite essayists, will figure under this head. In Foreign Correspondence the coming volume will be especially brilliant. Among other writers, Mrs. Estrelle Annal Ewen, the poetess, and Harry Harewood Leed, the essayist, (both now residing abroad, will act as special correspondents, jotting down for our readers everything that is new and interesting in the world of letters, art, fashion and society. It need hardly be mentioned that the editors are proud of the position assigned to the paper of beoserved, and nothing will be admitted into its columns that would not be compatible with a paper intended for the moral and refined home of the best classes.

We take this opportunity of thanking our many Southern subscribers for a return of their patronage, and can assure them that the editors will still keep the editors of the Home Journal free from

J. W. BRADLEY'S New Patent DUPLEX ELLIPTIC (or double) SPRING SKIRT.

The invention consists of DUPLEX (or two) ELLIPTIC PUBE REFINED STREE, SPRINGS, ingeniously braided tightly and firmly together edge to
edge, making the transpuest, most metable, efastic
and durable spring ever used. They seldom bend,
or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more
than twice as long as any single spring skirt that
ever has or can be made.

The wonderful flexibility and great comfort and
pleasure to any lady wearing the Duplex Elliptic
Skirt will be experienced particularly in all crowded assemblies, Operas, Carriages, Railroad Cars,
Church Pews, Arm Chairs, for promenade and
house dress, as the skirt can be folded when in use
to occupy a small place as easily and conveniently
as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and
great convenience of wearing the Duplex Elliptic

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misses and Yeang Ladies they are superior to all others.

The Hoops are covered with 2 ply double twisted thread, and will wear twice as long as the single yarn covering which is used on all single steel hoop skirts. The three bottom rods on every skirt are also double steel, and twice or double covered to prevent the covering from wearing, off the rods. to prevent the covering from wearing off the rods to prevent the covering from wearing off the rook when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use. All are made of the new and elegant corded tapes, and are the best quality in every part, giv-ing to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest most desirable, comfortable and economical skirt every wedge.
