of this county have been seriously em- O YES! O YES! ployed, for some weeks, in the business of "making a Governor." The candidates from whom they were to make their selection, were the Honorables John Cessna and Fr. Jordan. Between these two men they could hardly go wrong in making a selection suitable to the wants of their party. Jordan had served them a life-time. He had done the dirty work for them when nobody PUBLIC SALE OF VALUABLE else would. He had fought for their REAL ESTATE .- The subscriber will offer else would. He had fought for their party when Cessna was a candidate on the Democratic ticket and stood up for them a hundred times when Cessna was plotting to defeat their organization. But, on the other hand, Cessna had betrayed the Democrats and for this service they owed him a debt that must be paid. The honest men in their party, those who believe the laborer worthy of his hire, therefore, deemed it their duty to go for Cessna and supported him accordingly. The more slipshod in this respect, went for Jordan.

Of course, the former were triumphant. "Honesty is the best policy" and always will prevail. The Jordan men (AZETTE.), may be of service to our friends had no business to try to repudiate the at patrons in the county, and is commended to debt their party owes John Cessna. It was dishonest, on their part, and they could not expect to succeed in the effort. We told them, weeks ago, that their scheme would be beaten. Col.

Jordan should have taken our advice and withdrawn from the canvass. But he chose to persist in standing in the way of the payment of the party's honest debts and the result is that he received, on Friday last, the vote of but eight districts to Cessna's fourteen. It is true that he (Jordan) carried every Republican district but one, and lost that one by but two votes. It is, also,

probable that he polled more votes in the county than Cessna. But he must remember that a delegate elected by

one vote is worth as much in the County Convention, as one elected by fifty. He may plume himself on the fact that he carried the Woodberries over the combined button-holing of Cessna and the two exotics from that section now

vegetating in this borough. He may also fall back upon his dignity and say James Barefoot. that he remained quietly at home, whilst his opponent was out begging votes as though he were a candidate for borough constable. But all this will not break the severity of his fall. And oh! what a fall was there, my country-

men! Fr. Jordan, the leader of the Republican party in Bedford county, stricken down in the house of his friends by a man who, eighteen months ago, professed to belong to the Democratic party! We thank Mr. Cessna for this service. If he will go on killing the leaders of the "Republican" party in County of Bedford Jan 19, '66 this fashion, we shall be happier than ever at his defection from the Democra-

ever at his defection from the Democra-cy. Go ahead, John! You are doing bravely! FAIR DEALING.—The Abolitionists base their reasons for the passage of the Jury Commissioner Bill for this county, on the ground that their party was ignored in the selection of jurors. The truth is that they were more liberwas ignored in the selection of jurors. The truth is that they were more liber-ally dealt with by the Democratic Com-missioners than such ingrates as they deserved. To show this fact we copy
