YEW SKIRT FOR 1865--6.

LIPTIC (or double) SPRING SKIRT.

This invention consists of DUPLEX (or two) ELLIPTIC PUBE REFINED STEEL SPRINGS, ingeniously braided tightly and firmly together edge to
edge, making the toughest, most flexible, elastic
and durable spring ever used. They seldom bend,
or break, like the Single Springs, and consequently preserve their perfect and beautiful shape more
than twice as long as any single spring skirt that
ever has or can be made.

The wonderful flexibility and great comfort and
pleasure to any lady wearing the Duplex Elliptic

pleasure to any lady wearing the Duplex Elliptic Skirt will be experienced particularly in all crowd-ed assemblies, Operas, Carriages, Kaliroad Cars, Church Pews, Arm Chairs, for promenade and house dress, as the skirt can be tolded when in use to occupy a small place as easily and convenien as a silk or muslin dress.

to occupy a small place as easily and conveniently as a silk or muslin dress.

A lady having enjoyed the pleasure, comfort and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day will never afterwards willingly dispense with their use. For Children, Misse- and Young Ladies they are superior to all others.

The Hoops are covered with 2 ply double twisted thread, and will wear twice as long as the single yarn covering which is used on all single steel hoop skirts. The three bottom rods on every skirt are also double steel, and twice or double covered to prevent the covering from wearing off the rods when dragging down stairs, stone steps, &c., &c., which they are constantly subject to when in use. All are made of the new and elegant corded tapes, and are the best quality in every part, giving to the wearer the most graceful and perfect shape possible, and are unquestionably the lightest most desirable, comfortable and economical skirt ever made.

OUTZ, CELEBRATED

HORSE AND CATTLE POWDER THESE Powders have proved after a tri several years, to be superior to any prepara the kind in use The chief superiority of owders arises from the fact that they are osed of medicines that have Laxative, Tonic Purifying properties. The laxative ties from the stomach and intestine gives from the stomach and intestines, the ton gives strength to the system of the Horse, and it purifying medicines contained in them clean the blood, and lay the foundation for a vigoro and healthy circulation. The use of them impro-the wind, strengthens the appetite and gives thorse a fine, smooth and glossy skin—thus impri-ing the appearance, vigor and spirit of this not animal.

These powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—but to remove the disease and promote his generated.

health.

These powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a healthy state. They are a sure preventive of Lung Fever, and a certain remedy for all diseases incident to the Horse, as Glander, Yellow Water, Distempers. Founder, Heaves, Slaveirrg, Coughs, Fevers, Loss of Appetite, and Vital Energy, &c.—These Powders, if used two of three times a week, through the winter and spring, your horse will never get the Lung Fever, Colie or Botts. A few doses of these powders will remove the worst cough, on any horse. Were owners of horses to feed a few of these powders every year, they might save the lives of many valuable horses.

MILCH COWS.

MILCH COWS.

The properties this powder possesses in increasing the quantity of milk in cows, gives it an importance and value which should place it in the hands of every person keeping a cow. In fattening cattle, it gives them an appetite, loosens their hide, and makes them thrive much faster.

HOGS.

In all diseases of swipe, as coughs, ulcers in the

In all diseases of swine, as coughs, ulcers in the langs and liver, &c., by putting from half a paper to a paper of these powders in a barrel of swill, the above diseases can be cured or entirely prevented. By using these powders the hog cholers Prepared by ean be prevented.
