EVERY SATURDAY:
A JOURNAL OF CHOICE READING,
SELECTED FROM FOREIGN CURRENT LITERATURE.

Much of the best literature of the day is found in the English and Continental magazines and periodicals; and it is the design of the Publishers of this new journal to reproduce the choicest selections from these for American readers, in a form at once attractive and inexpensive. The publishers believe that such a journal, conducted upon the plan which they propose, will be not only entertaining and instructive in itself, but interesting and valuable as a reflex of foreign periodical literature of the better class.

a reflex of foreign periodical literature of the better class.

EVERY SATURDAY is intended for town and country, for the fireside, the seaside, the railway and the steamboat. Its plan embraces Incidents of Travel and Adventure, Essays Critical and Descriptive, Serial Tales, Snort Stories, Poems, Biographies, Literary Intelligence, etc., in connection with judicious selections from the admirable popular papers on science which are constantly appearing in foreign periodicals. The value of these papers arises from the fact that scientific subjects, however harsh and dry in themselves, are here treated in so graphic and picturesque a style as to charm the reader while instructing him.

It will be, in short, the aim of its publishers that EVERY SATURDAY Shall commend itself by its freshness and variety to all classes of intelligent and
