A Campaign Paper.

The undersigned propose to publish a campaign paper to be entitled "The Climber," the first number of which will be issued on the 4th of July next, election in October.

This publication will be devoted to the support of President Johnson's Restoration Policy and the election of such candidates as are openly in favor of sustaining that policy. It will contain sixteen columns of matter and will be filled with racy editorials and the spiciest articles of the campaign. No conservative politician should be without it.

ocrat there is published a call for a county convention of delegates to represent the voters of Somerset county who are condemn the course of our representatives in the late State Legislature in regard to the extension of time to the Connellsville and Southern Pennsylvania Railroad Company, and who support President Johnson's administration. This call is signed by about four hundred voters, among whom we recognize quitea number of influential members of the "Republican" party of Somerset county. The convention thus called will meet in the borough of Somerset, on the 21st inst., and will nominate candidates for county offices and for Representatives and Senators. This is a novel feature in the polities of the "Frosty Sons of Thunder" and ought certainly to prove a successful venture, as both political parties in Somerset profess to favor a free railroad law and also to support President Johnson.

CIRCULATE the truth! The "Campaign Climber" will be an indispensable document during the approaching campaign. Our friends throughout the county are respectfully requested to get up clubs for it.

"PO-TO-MAC!"

There seems to be some dispute about ence to this question in a sermon entitled "The Curtained Throne," preached by the Rev. R. F. Sample, of this place, "on the death of our lamented late President, Abraham Lincoln," on the 23d of April, 1865:

"Here I am reminded of an incident ally supposed to be, the river of swans Count Zinzendorf, who was familiar with the language of the Aborigines, says this is an error.
