FOR THE GAZETTE. UNITED. Suggested by Jean Ingelow's poem, "Divided."

In the bosom of the mountains Rose two sparkling life fountains, Where the breeze with wild fire wanes...

Over the one, there hung a daisy, From a crag whose height was crazy, In the wind half bright and lery...

But the fountain bubbling under, Tore his mossy ties asunder, Sent him down the brook to wander...

And he passed the dangerous rapid, In the ravine dark and rapid, Where the waves with white o'erlapped...

But they've left the brooks forever— An' 'tis thus all life we sever, As we reach the mighty river...

And meanwhile, the tender daisy, Having passed his danger o'er, Now is lying still and languid...

Flow, flow on, O glorious river! Let thy waters flow forever, And thy many voices utter...

Bring thy sadness back to me— Let thy waves, in graceful motion, Flowing on to the ocean, Bear with them each sad emotion...

HOW THE SOLDIERS ARE GOING. We have never believed that the soldiers could be induced to support Geary.

Knowing these things, no right thinking man among the returned soldiers will vote for Geary. All over the State they are arraying themselves with the Democratic party in support of President Johnson's policy.

Wherever the attempt has been made to get up clubs among the soldiers pledged to the support of Hiestor Clymer and President Johnson's policy, the returned veterans have responded most heartily and enthusiastically.

In York several hundred rallied at once to a call of that kind. In Millin county a Clymer Club has been organized among the soldiers, which already numbers a large proportion of that class among its members.

The Perry county Democratic Convention, signed by some hundreds of bona fide veterans. On the other hand the soldiers fail to respond to calls from the supporters of Geary.

We had an instance of their aversion to him and his party in the recent convention held in this county. The meeting was ridiculously small.

In Millin county a similar meeting was an absolute failure, so much so that they had to choose a civilian to preside. In Perry county less than a dozen responded to the loudest kind of a call from the leaders of the Radical Disunion party.

So it will be throughout the entire State of Pennsylvania. The soldiers do not believe that they fought through the war in vain. They did battle for the sacred cause of the Union, and justly regard it as an insult to be asked to support a political party which boldly avows its intention of preventing a restoration of the Union until the negroes are allowed to vote and made in all respects the equal of the white race.

WHEN is a man thinner than a lath? WHEN he's a chavin'.

THE COLORADO BILL.

THE PRESIDENT'S VETO. To the Senate of the United States: I return to the Senate, in which it originated, the bill which has passed both Houses of Congress, entitled "An act for the admission of the State of Colorado into the Union."

First. From the best information which I have been able to obtain, I do not consider the establishment of a State government at present necessary for the welfare of the people of Colorado.

Under the existing Territorial government all the rights, privileges, and interests of the citizens are protected and secured. The qualified voters choose their own legislators and their own local officers, and are represented in Congress by a delegate of their own selection.

Second. It is not satisfactorily established that a majority of the citizens of Colorado desire or are prepared for an exchange of a Territorial for a State government.

In September, 1864, under the authority of Congress, an election was lawfully appointed and held for the purpose of ascertaining the views of the people upon that particular question.

Six thousand one hundred and ninety-two votes were cast, and of this number a majority of three thousand one hundred and fifty-two was given against the proposed change.

Third. The admission of Colorado, at this time, as a State into the Federal Union, appears to me to be incompatible with the public interests of the country.

While it is desired that the Territories sufficiently matured should be organized as States, yet the spirit of the Constitution seems to require that there should be an approximation towards equality among the several States comprising the Union.

Fourth. The admission of Colorado, at this time, as a State into the Federal Union, appears to me to be incompatible with the public interests of the country.

While it is desired that the Territories sufficiently matured should be organized as States, yet the spirit of the Constitution seems to require that there should be an approximation towards equality among the several States comprising the Union.

Fifth. The admission of Colorado, at this time, as a State into the Federal Union, appears to me to be incompatible with the public interests of the country.

While it is desired that the Territories sufficiently matured should be organized as States, yet the spirit of the Constitution seems to require that there should be an approximation towards equality among the several States comprising the Union.

Sixth. The admission of Colorado, at this time, as a State into the Federal Union, appears to me to be incompatible with the public interests of the country.

While it is desired that the Territories sufficiently matured should be organized as States, yet the spirit of the Constitution seems to require that there should be an approximation towards equality among the several States comprising the Union.

Seventh. The admission of Colorado, at this time, as a State into the Federal Union, appears to me to be incompatible with the public interests of the country.

While it is desired that the Territories sufficiently matured should be organized as States, yet the spirit of the Constitution seems to require that there should be an approximation towards equality among the several States comprising the Union.

Eighth. The admission of Colorado, at this time, as a State into the Federal Union, appears to me to be incompatible with the public interests of the country.

JOHN W. GEARY AND THE SOLDIERS OF THE MEXICAN WAR. Read! Read! Read!!!

John W. Geary, the candidate of the Radical Abolitionists for Governor of Pennsylvania, was elected Lieutenant Col. of the 2d Pa. Regiment of volunteers in the war with Mexico, upon the organization of that Regiment in the City of Pittsburg.

After his death, Geary was promoted to the Colonelcy. The Fayette Volunteers were attached to this Regiment, and known as Co. H. They distinguished themselves for gallant conduct and intrepid bravery in all the important engagements from Vera Cruz to the city of Mexico, including the bloody assaults upon the gates of that city.

They continued in service until the end of the war, and were honorably discharged. The survivors, upon their return home, were received with well earned and highly distinguished honors by their fellow citizens.

Here at the County Seat, they were honored by a splendid reception, participated in by the citizens of the county generally, as well as by the ladies, who greeted their return with all that delicate attention and refined taste peculiar to their sex.

At Connelville, also, they were the recipients of a handsome ovation, the heartfelt tribute of the citizens and ladies of that place and vicinity.

The reception at Connelville took place on Saturday, July 15th, 1848. The reception speech was made by Dr. James C. Cummings, and the response by Sergeant Peter A. Johns. After the delivery of the speeches, and partaking an elegant dinner prepared for the occasion, the returned soldiers met together and unanimously adopted a preamble and series of resolutions, which show up the character of John W. Geary in such a light as would render his election as Governor an ever-lasting disgrace to the State of Pennsylvania.

These resolutions, it will be seen, were unanimously adopted by true and tried soldiers, by men who knew Geary well, and by men who did not hesitate to proclaim their estimate of his character, and that too not in tender, dainty sentences, but in well expressed and forcible language.

The condition of the Union at the present moment is calculated to inspire caution in regard to the admission of new States. Eleven of the old States have been for some time, and still remain, unrepresented in Congress. It is a common interest of all the States, as well those represented as those unrepresented, that the integrity and harmony of the Union should be restored as completely as possible, so that all those who are expected to bear the burdens of the Federal Government shall be consulted concerning the admission of new States, and that in the meantime no new State shall be prematurely and unnecessarily admitted to a participation in the political power which the Federal Government wield—not for the benefit of any individual State or section, but for the common safety, welfare and happiness of the whole country.

SOME of the New York papers have a dispatch from Washington stating that the government will lose heavily by the operations of speculators in cotton at Memphis, Tennessee. Last summer \$400,000 in government funds were placed in the hands of a certain party, which were used up in the purchases of cotton. The cotton was sent forth for sale, and before the government realized anything at all from the transaction, the consignees failed and the government lost the whole amount—principal as well as prospective profits.

WHILE the war was going on and the Disunion Abolitionists were gathering fortunes to themselves out of the necessities of the Government, their cry to the Southern people was—"You shall come into the Union!" Now since the cessation of the war has stopped the plunder supplies, their cry has changed to—"You shall not come into the Union!"

DEA VETO.—One of our gettman fellow citizens, says the Elmira Gazette, got agitated on the President's veto message, the other day, and thus relieved himself: "I think der President is right. Des eight years and better, haf I got house, and noer haf a pircun in mine blue yet, and I got along shuss as good as if I had one. Now dey wants all de colored peoples to haf a pircun and daxed poor white peoples to pay for him. I stands by der President."

It is reported upon good authority, says the Washington correspondent of the New York Times, that the judiciary committee have come to the conclusion that the evidence produced before them does not warrant the charge that Jefferson Davis is guilty of complicity in the assassination of Mr. Lincoln.

AN editor declaims against the immodesty of tilting hoops, inasmuch as they expose too much of the extremities of the ladies who wear them, and then exclaims:—"We grieve for the good old days of Adam and Eve." We don't think that the wardrobe which Adam and Eve started life with would be much of an improvement on tilting hoops.

THE President has issued an order directing the arrest of all officers of the Freedmen's Bureau interested, directly or indirectly, in the cultivation of farms in the Southern States.

AN orchardist of New York was so coarse as to mulch for fruit trees and has plums every year.

W. Geary—after he, the said Geary, had surreptitiously expressed the order of the Adjutant Gen. of this State, (issued by direction of Governor Shunk,) directing him to fill all vacancies in the 2nd Regiment of Pa. Volunteers by election—taking advantage of his stolen authority to cover up his worse than base motives, and to injure the hard earned fame of a brave and gallant officer.

On motion of Peter A. Johns, it was Resolved, That all the harm we wish Col. Geary, is that his disgrace may follow him through all the lanes and avenues of life, and that he may never die or get old.
