issued on the 7th of July inst. which will be continued until the Gub-

ernatorial election in October.

This publication is devoted to the support of President Johnson's Restoration Policy and the election of such candidates as are openly in favor of sustaining that policy. It contains six-teen columns of matter and is filled with racy editorials and the spiciest articles of the campaign. No conser-vative politician should be without it. It will be embellished with POR-TRAITS OF PRESIDENT JOHN.

NEW VOLUME.

We hope that there will be no necessidelinquents.

THE Rump Congress adjourned on Saturday. Honest men, everywhere, will draw a long breath of relief. The country will thank God for a deliverance greater than that of the Jews from bondage, or Egypt from vermin. The policy of the ruling faction has been fanatical, tyrannical and revolutionary. Their legislation has been the mos reckless, extravagant and dangerou ever known in the history of the country. Millions were spent as flippantly as though money had no value. The appropriations reached more than six hundred millions, nearly as much as any year during the war. Scarcely a bill was passed without the negro in it and the sums spent to support the vas national scheme of negro pauperism were almost fabulous. They passed the bill to pay liberal bounties to negro volunteers by the usual party majoriity; but when the bill for the equalization of bounties of white soldiers came up, the increased pay at first proposed (\$81 per month) was reduced nearly on half, and even then it only passed by a vote of 51 to 50, every Democrat, except two, voting in its favor. As a fit finale of their prolifigate career, they increased their own pay from \$3,000 to \$5,000 per session, making the snug little sum of \$10,000 to every member of each Congress besides mileage. Every citizen should read their proceed ings carefully. No other proof is needed that they will establish a central despotism and bankrupt the country if they are continued in power.

CONGRESSMEN have evidently made up their minds that they will not be re-elected and are stealing all the monby they can.

FEDERAL JUSTICE.—The Age has culled the following from the voluminous testimony taken before the miscalled Reconstruction Committee of Congress. It is part of the testimony of Judge Underwood, before whom Jefferson Davis will be tried next fall. The reader would not fall to see, if he should ever read any considerable amount of the "testimony" taken by this committee, that it has about as much to do with the price of corn as it has with the subject of reconstruction:
