MISHLER'S BITTERS CURE ALL DISEASES OF THE SKIN!

Diseases of the skin are numerous and, with but one or two exceptions, may all be traced to impurity of the blood. In many persons this impurity is born in the system; while others acquire it hrough improper treatment of scores of diseases. Under this head may be classed-

Under this head may be classed—

1st. Scrofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that they fail to discharge or east out the impurities that are continually generating in the system. A person physically pure acquires genorhea, or some o her secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain discharged in the system. The complaint is not cared, is channel is only diverted. Instead of making is appearance outwardly, it acts on the internal organs, and serofula, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with scrofula. They are suffering for the sins of their fathers and laboring under the curse inscribed in stribed in the Book of Books. "I will visit the iniquities of the fathers upon their children."

To cure this dreadful complain it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, another system braced up and strengthened by invigorating tonies. Look at the articles used in compounding Mishler's Bitters, see the array of purifying and invigorating medicaments, and say, whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without lear of contradiction, that Mishler's Bitters will Care all kinds of

2d, Running Sores and Ulcers.—Running sores and ulcers invariably indicate, a serofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many personal sufficient with running sores and ulcers succeeded in drying them up and think they are cared when the skin grows over the sore. They are, however, "but making bad worse," for the impurities that were discharged from the system through the medium of the sore now not internally and cause innumerable diseases and often death. The use of Mishler's Bitters will force these corruptions to be discharged through the natural channels, and has cures all kinds of pimples and bloches. ON SATURDAY, JANUARY 6, 1866, Messrs. TICKNOR & FIELDS began the publication of a weekly journal entitled EVERY SATURDAY: A JOURNAL OF CHOICE READING, SELECTED FROM FOREIGN CURRENT LITERATURE

Much of the best literature of the day is found in the English and Continental imagazines and periodicals; and it is the design of the Publishers of this new journal to reproduce the choicest selections from these for American readers, in a form at once attractive and inexpensive. The publishers believe that such a journal, conducted upon the plan which they propose, will be not only entertaining and instructive in itself, but interesting and valuable as reflex of foreign periodical literature of the best.

a refex of foreign periodical interature of the better class.

EVERY SATERDAY is intended for town and country, for the fireside, the seaside, the railway and the seamboat. Its plan embraces Incidents of Travel and Adventure, Essays Critical and Descriptive, Serial Tales, Short Stories, Poems, Biographies, Laterary Intelligence, etc., in connection with judicious selections from the admirable popular papers on science which are constantly appearing in foreign periodicals. The value of these papers arises from the fact that scientific subjects, however harsh and dry in themselves, are here treated in so graphic and picturesque a style as to charm the reader while instructing him.

It will be, inshort, the aim of its publishers that Everty Saterday shall commend itself by its freshness and variety to all classes of intelligent and cultivated readers.

EVERY SATERDAY shall contain each week thirty-two large octayo pages, handsomely printed in dou ble columns, with an engraved title.
