There are a few Radical Postmasters in this county who will most probably be prosecuted for robbing the mails.-Several hundred National Union Documents that were carefully directed to parties who knew they were coming, could not be had at the proper office, when enquired for. The time is not far off when a few of these double-dyed scoundrels who can violate their oath of office and rob the mails of campaign documents to gratify their partizan malignity, will be called to account for their crimes and be punished as they

A DESPERATE GAME !

Trading of Tickets!!

The Radicals have settled down on one or two of their candidates, for whom they will make an effort to trade off the balance. Democrats, of course, will be on their guard. Make no trades. When a Radical approaches you with a proposition that he will vote for one of our men if you vote for one of theirs, tell him you "can't see it!" for, the Democracy of Bedford county have the power, and intend to elect their whole ticket by an overwhelming majority.

AFTER all the Radical blowing about Vermont, the Democrats have really gained 50 per cent on their vote last year, and the same is true of Maine. Why don't the Rads, tell their people Kentucky and Washington? Eh?

The Boys in Black! Another Grand Radical Mass Meeting:

A White Man Brutally Beaten! On Thursday last the eyes of the

good people of Bedford were opened to the fact which we have often announobject of which is to obtain equal political and social rights with the white man. On that day the negroes of this neighborhood belonging to the league, held a meeting in the woods above town, whither they marched in procession, wearing paper badges bearing the inscription, "Equal Rights League, No. 38." Their meeting was addressed by J. T. Keagy, J. B. Cessna and others of the Radical spouters in this neighborhood. Toward evening the colored gentlemen became quite demonstrative, Captain Whisky having as sumed command of their forces, and as our old friend, Nehemian Fleegle, a respectable white man, was driving up the turn-pike, they came out, attacked and beat him terribly. Such is the tendency of Radicalism. Such are the fruits of Thad. Stevens' speech in Bedford. Keagy, Cessna and company haranguing negroes! Their hearers attacking and brutally beating a white man, who, by the way, is a "good Republican!" What do you think of it, people of Bedford county?
