rity of the blood. In many persons this impurity is born in the system; while others acquire it brough improper treatment of scores of diseases. Under this head may be classed-

Inder this head may be classed—

1st. Serofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Ac ing as a latent poison, it reduces the vitality of the blood, and weakens the deparating organs, so that they fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires gonorhoea, or some o her secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cared, is channel is only diverted. Instead of making is appearance outwardly, it acts on the internal organs, and scrofula, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with serofula. They are suffering for the sins of their fathers and laboring under the curse inscribed in serofula. They are suffering for the sins of their fathers and laboring under the curse inscribed inscribed in the Book of Books. "I will wist the iniquities of the fathers upon their children."

To cure this dreadful complain it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics. Look at the articles used in compounding Misiler's Bitters; see the array of purifying and invigorating medicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without tear of contradiction, that Mishler's Bitters will Cure all kinds of Serofulars Discusses. 1st. Serofula,-This disease is hereditary and 1s

Mishler's Bitters will Care all kinds of Scrofulous Diseases.

It purifies the blood, it strengthens the internal organs and aids them to perform their natural functions, it is a stimulant and a tonic and it will tenerions. I is a simulant and a tone and it will cure Scrofula.

21, Running Sores and Uleers,—Running sores and uleers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons afflieted with running sores and uleers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, "but making bad worse," for the impurities that were discharged from the system through the medium of the sore now act internating and cause innumerable diseases and often death. The only true and sure cure for all running sores and uleers is Mishler's Bitters, a continued and persevering use of which will most certainly effect a permanent cure.

use of which will most certainly effect a permanent curve.

3d. Salt Rheum.—Salt Rheum is a vague, indefinite, though, popular term given to almost all the non-febrile eruptions of the skin which afflict adults. It is generally an eruption of vesicles in small, distinct ulcers, accompanied with a smarting, tinging sensation, with a tendency to creeper spread over the adjoining surface. Mishler's bitters are a sure cure for this disease.

New York Daily News, to Mail Subscribers \$10.00 for six months.

ON SATURDAY, JANUARY 6, 1866, Messrs. TICKNOR & FIELDS began the publication of a weekly journal entitled EVERY SATURDAY:
A JOURNAL OF CHOICE READING,

ELECTED FROM FOREIGN CURRENT LITERATURE.

Much of the best literature of the day is found in the English and Continental magazines and periodicals; and it is the design of the Publishers of this new journal to reproduce the choicest selections from these for American readers, in a form at once attractive and inexpensive. The publishers believe that such a journal, conducted upon the plan which they propose, will be not only entertaining and instructive in itself, but interesting and valuable as a refex of foreign periodical literature of the better class.

EVERY SATURDAY is intended for town and country, for the fireside, the senside, the railway and the steamboat. Its plan cubraces Incidents of Travel and Adventure, Essays Critical and Descriptive, Serial Tâles, Short Stories, Poems, Biographies, Laterary Intelligence, etc., in connection with judicious selections from the admirable popular papers on science which are constantly appearing in foreign periodicals. The value of these papers arises from the fact that scientific subjects, however harsh and dry in themselves, are here treated in so graphic and picturesque a style as to charm the reader while instructing him.

It will be, inshert, the aim of its publishers that EVERY SATURDAY shall commend itself by its freshness and variety to all classes of intelligent and cultivated readers. ness and variety to all classes of intelligent and cultivated readers.

EVERY SATURDAY will contain each week thirty-two large octavo pages, handsomely printed in dou ble columns, with an engraved title.

FCELEBRATED HORSE AND CATTLE

HORSE AND CATTLE
POWDERS.
THESE Powders have proved after a trial of
several years, to be superior to any preparation of
the kind in use. The chief superiority of these
powders arises from the fact that they are composed of medicines that have Laxative, Tonic and
Purifying properties. The laxative ejects crudities from the stomach and interines, the tonic
gives strength to the system of the Herse, and the
purifying medicines contained in them cleans
the blood, and lay the foundation for a vigorour
and healthy circulation. The use of them improves
the wind, strengthens the appetite and gives the
horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble

These powders are not intended, as most powders are, to bloat the animal, so as to give him the appearance of being fat when not really so—but, to remove the disease and promote his general health.

to remove the disease and promote his general health.

These powders will strengthen the stomach and intestines, cleanse them from offensive matter, and bring them to a hearthy state. They are a sure preventive of Lung Fever, and a certain remery for all diseases incident to the Horse, as Gla-ders, Yellow Water, Distempers, Founder, Hawes, Slaveirng, Coughs, Fevers, Loss of Appetite, and Vital Energy, &c.—These Powders, if used two or three times a week, through the winter and spring, your horse will never get the Lung Fever, Colie or Botts. A few doses of these powders will remove the worst cough, on any horse. Were owners of horses to feed a few of these powders every year, they might save the lives of many valuable horses.

The properties this powder possesses in increasing the quantity of milk in cows, gives it an importance and value which should place it in the hands of every person keeping a cow. In fatten ing cattic, it gives them an appetite, lossens their hide, and makes them thrive much faster, HOGS.
