

BEDFORD COUNTY ERECT!

Thad. Stevens Repudiated!

A DEMOCRATIC GAIN OF 108 SINCE LAST YEAR!

THE WHOLE DEMOCRATIC COUNTY TICKET ELECTED!

CLYMER'S MAJORITY, 244!

A Reserve Corps of 250 Votes!

John Cessna quits bragging and the Bedford Inquirer makes another calculation!

That "Same Old 'Coon" Hunts a Hole!

The Orators at the Negro Pic Nic Go up Shaver's Run, where they hope to find gentler company among the "United Brethren!"

Murrah for our Daily Democracy!

The election in this county passed off very quietly, but an unusually heavy vote was polled. The Democrats increased their vote from 2567, last year, to 2855, being a gain of 288. The opposition increased their vote from 2433 last year, to 2591, showing, on the whole, a Democratic gain of 108. Considering the tremendous effort made by the enemy to carry the county, this result is most gratifying to the Democracy. It was the boast of the Radical leaders in this borough that they would carry the county, and they even published a table furnished by their shrewdest calculators which gave them 148 majority. Of course, much of this was brag, for the purpose of keeping up the spirits of their friends in the county, whom they have so often deceived with false predictions about carrying the county, that an extraordinary effort was necessary, this time, to make them swallow the same old dose over again. It is well known, too, that John Cessna exerted himself to his utmost to defeat O. E. Shannon, Esq., the Democratic candidate for Prothonotary, and to this end money was made to flow like water. At least \$2,000 were spent to accomplish this object, but the brave and incorruptible Democracy could be neither frightened nor bought into a desertion of their candidate. Again, in every district in which the Radicals had control of the election-boards, Democrats were disfranchised on the ground that they were "deserters." In this way at least 125 Democratic votes were lost. Yet, despite all these untoward circumstances, we have increased our majority 108 votes over that of last year, elected every man on our county ticket, and gave the district ticket a handsome gain over the majority for Mr. Clymer. This result has knocked the bottom out of the hopes of the Radicals of this county. They acknowledge that Bedford county is permanently and reliably Democratic. They know that we have a reserve vote of 290, that can be polled in future, for the "Deserter" law will not operate hereafter and the money of the Union League is pretty nearly spent. In short, there never was a brighter prospect ahead for the Democracy of Bedford county. With proper work, our majority can be increased to 600, next year, and when that point is reached we shall soon be able to overcome the Radical majority in Somerset. Let us, therefore, take fresh courage, and labor with renewed zeal for the success of that cause which must triumph in the end, come what may.

THE STATE OF SOUTHAMPTON.

"What do you think of Southampton?" "Did you hear from Southampton?" Such were the questions asked on all sides on the night of the election. Yes, we heard from Southampton and we think well of Southampton. Last year it gave us 138 majority, this year 181, a gain of 43! Well done, Southampton, glorious Southampton! The fact is that Southampton is a State, a little State, all by itself, and it can just give as much Democratic majority as it pleases. Whenever the enemy threaten to carry the county, Southampton comes to the rescue and routs them "horse, foot and dragons." But like a prudent general, Southampton always keeps a reserve in reserve. There are 270 Democratic votes in Southampton, and whenever they are needed they will be polled. This year there were but 230 polled. Had every vote been out, we would have had 212 majority. But Southampton is the banner township, this year, and we say all honor to the State of Southampton.

THE RESULT IN THE STATE!

Geary Elected Governor!

A Democratic Gain of 9,000!!

The President Entombed!

The election in this State has resulted in the choice of John W. Geary for Governor, by a majority of 13,500—showing a Democratic gain since last year of 9,000 votes. This is a cheering sign, and will inspire the Democracy with renewed hope and energy in their struggle for the redemption of the country from the misrule of Radicalism. Another such charge upon the enemy's works, as that we have just made, and our flag will float in triumph from their very citadel. Our noble standard-bearer, Hiestor Clymer, made a gallant fight, and if the blow he gave the Radical Disunionists be vigorously followed up, by next year the Keystone State will be restored. So, up and at them again!

"We'll pitch our tent on this campground, and give the devil another round!"

The returns are as follows: those for Bradford, Lawrence, Huntington, Indiana, Tioga and Washington being reported, the rest official, and no returns from Butler, Cameron, Forest, Elk and Sullivan, which give Clymer about 550 majority.

GAINS AND LOSSES.

The following is a comparative statement of the Democratic gains and losses, in the several districts of this county, as compared with last year:

Table showing gains and losses for various districts like Bedford Bor., Bedford tp., Bloody Run, etc.

Net gain, 108.

Junata did very well, the small reduction of her majority having been caused by removals from the township. Harrison also did nobly, a number of her voters having been disfranchised by the Radical board. Colerain did excellently, having lost many of her Democrats by death and removal, yet gaining 9 on her majority of last year. Old St. Clair, also, pulled up strong, polling more than her quota of the 3,000 Democrats in the county. Union and the two Woodberries contended against great odds, but came out with handsome gains, whilst Broad Top and Hopewell also did their whole duty, the former gaining large y over last year. Bloody Run did very well, and West Providence held the enemy gallantly at bay. Little Londonderry came out with colors flying, and ranks next to Southampton in her gains. The "headless horseman" played the devil in East Providence, but Cumberland Valley fired up and pretty nearly wiped out the Radical gain of her old rival. Liberty and Schellsburg lost a few by removals, and Bedford tp. failed to come up to the scratch. Monroe held her own, and on the whole the Radicals have been terribly routed.

SENATORIAL DISTRICT.

The vote for Senator in this district is as follows:

Table showing votes for Senators Meyers, D., Stutzman, R., Bedford, Fulton, Somerset.

Stutzman's maj.

—We have no comment to make upon our friends, Democrats and Republicans, who favored us with their support. As Geary's majority in the district is 779, and considering that we didn't deliver a eulogy on Booth, we feel rather proud of our "rup." We feel especially grateful to the people of Bedford county, and particularly to our own immediate neighbors for the endorsement they have given us. For instance, Bedford borough, Clymer 10 majority, Meyers 49; Bedford tp., Clymer 88, Meyers 101; Bedford county, Clymer 214, Meyers 311. Who would not feel proud of such friends? Fulton county, too, did her duty. In fact she is the banner county in the Senatorial and Congressional districts. All honor to her noble Democracy! As for Somerset—well, we can't do justice to the subject.

COL. JOHN H. FILLER.

The majority for Col. Filler in this county is 286 over Richards, and 274 over Weller, leading Clymer 42 on Richards, and 39 on Weller. This is a splendid endorsement of the course pursued by Col. Filler. It is the verdict of the people, "Well done, we stand by you in your manly and magnanimous position." Who would not to-day rather range himself by the side of this gallant soldier, who fought and suffered for the Union, and sustain him as he lifts his voice for re-union and peace, than to be found alongside of the howling derisives and canting demagogues who, for the sake of place and power, appeal to the meanest prejudices and foulest passions of the human heart? The right-thinking, true-hearted men of the "Republican" party will soon stand where Col. Filler has taken position, and then Bedford county will repudiate, with an overwhelming vote, the diabolism of the leaders of the Radical party.

HON. J. M. SHARPE.

Our excellent candidate for Congress, Mr. Sharpe, though defeated, made a gallant fight. He leads his ticket in Adams, Bedford, Franklin and Fulton. Under ordinary circumstances, he would have been elected by at least 500 majority. But money and misrepresentation carried the day, and no man could have resisted, with success, these potent influences. Our opponents sometimes make flings at the supposed ignorance of foreign-born citizens; but what is to be said of the gross mental blindness of a class of men in their own ranks who never vote except when they are frightened to the election by such silly stories as that the Democrats intend to repudiate the Federal debt and assume the debt of the late Southern Congress? At least 1,000 of these beautiful specimens of "Radical" intelligence, who haven't voted for ten years, were brought out to vote against Mr. Sharpe, by this "cock and ball story" invented for the occasion. When they find out how they have been fooled they will feel a good deal worse than the men they helped to defeat. We hope they can sleep without dreaming about losing their U. S. Bonds.

O. E. SHANNON, ESQ.

The most violent and desperate efforts were made by the Radicals of this county to defeat Mr. Shannon, the Democratic candidate for Prothonotary. His political record was misrepresented, his conduct as an officer assailed, nay, his very acts of charity perverted, in order to consummate his defeat. Money, too, was lavishly expended in the interest of his opponent, whilst all the trickery and jugglery of the electioneering art were resorted to for the purpose of running him behind his ticket. But, notwithstanding all this, Mr. Shannon has been elected by an overwhelming vote, by a majority that teaches all who would strike down a regularly nominated Democratic candidate in this county, that they might as well spare themselves the pains of trying. We do not charge Esq. Ling-enfelder with what we have said above, as to the manner in which Mr. Shannon's enemies sought to defeat him; those to whom we refer will understand well enough whom we mean. In conclusion, we congratulate Mr. Shannon upon his success, for few men could have made such a run with so great odds against him. As for poor Cessna, we pity him, but he ought to know by this time that it is "hard to kick against the pricks!"

REPRESENTATIVE DISTRICT.

Table showing the vote for Members of the Legislature in various districts, listing candidates like Findley, D., Filler, J. R., Bedford, Fulton, Somerset.

We have not received the official returns of this Congressional District, but Mr. Sharpe is beaten about 600. Adams, Bedford and Fulton give a net 825 maj. for Sharpe, and Somerset and Franklin give upwards of 1400 for Koontz.

PROCLAMATION BY THE PRESIDENT.

Day of Thanksgiving Appointed.

Washington, Oct. 8.—The following proclamation has just been issued by the President of the United States: Almighty God, our Heavenly Father, has been pleased to vouchsafe to us a people, another year of that national life, which is an indispensable condition of peace, security and progress. That year has moreover been crowned with many peculiar blessings. The civil war that so recently closed among us has not been anywhere reopened. Foreign intervention has ceased to excite alarm or apprehension. Intrinsic pestilence has been favorably mitigated. Domestic tranquility has improved. Sentiments of reconciliation have largely prevailed, and the affections of loyalty and patriotism have been widely revived. Our fields have yielded quite abundantly. Our mining industry has been richly rewarded, and we have been allowed to extend our railroad system far into the interior recesses of the country; while our commerce has resumed its customary activity in foreign seas. These great national blessings demand a national acknowledgment. Now, therefore, I, Andrew Johnson, President of the United States, do hereby recommend that Thursday, the 29th day of November next, be set apart and observed everywhere in the several States and Territories of the United States, by the people thereof, as a day of thanksgiving and praise to Almighty God, with due remembrance that "in His temple doth every man speak of His honor."

HOW THE RADICALS ELECTED THEIR CONGRESSMEN.

Many of our readers who are not in the habit of paying particular attention to the figures to be found in an election return will marvel at the apparent endorsement by the people of such Congressmen as O'Neill, Kelly and Myers; but a little examination affords a perfect explanation of the affair. We stated for several days previous to the election that the Radicals had carried the vote extensively into the doubtful districts, and here is the proof of the fact. In 1865 the vote cast in the First Congressional District was 23,594; on Tuesday last it was 19,581, showing a decrease of 3,923 votes. No candid man will allege that there is any falling off of population in that district, and all agree that the decrease is due to the fact that Mr. O'Neill's party had a majority of over 4,000. On Tuesday last there were 21,184 votes given, and in this large poll the same gentleman's majority was but 3,321. Two facts are shown in both these cases: first that Randall, with a smaller vote cast, was more largely endorsed than ever before, and that O'Neill, with a poll over 1,200 greater, was endorsed by a majority of 1,500 less than in 1865. The Radical Congress, therefore, is not endorsed in this case.

25,000 VOTERS DISFRANCHISED!

Geary is indebted for his election to the infamous "deserter" law, under the operation of which from 25,000 to 30,000 names were disfranchised. 69,000 names appeared upon the Lists of Deserters printed by the Adjutant General. One half of these are "Republicans" and were permitted to vote by Democratic as well as "Republican" boards. But not one Democrat whose name was found upon those lists was permitted to vote by "Republican" boards. Our own county can furnish sufficient evidence on this subject. Of course this business will be tested in the courts.

SOLDIERS' FRIENDS.

The soldiers of the county can now see who are their real friends. The programme laid down by President Johnson's administration, in the matter of appointments to office, is as follows: 1. A Republican Soldier, favorable to President Johnson's policy; 2. A Johnson Republican; 3. A Democratic Soldier; 4. A Democrat. Thus it will be seen that the soldiers of both parties are preferred in appointments to office. Was it so under Radical rule?

There is a Federal Assessor in East Providence township, who imagines his "head off," and who presumed it the duty of his official ghost, in advance of his decapitation, to ride from house to house and frighten the people of that township out of their homes on election day. The "headless horseman" must be a terrible spectre to the yeomanry of E. Providence, that he can scare them so completely out of their property. Bah! For shame! To let a man without a head frighten and rule you!

COL. JOHN H. FILLER addressed a very large meeting of the people, in front of the Court House, on Monday evening, Oct. 8. He made a very sound conservative speech, giving the Radicals some forty-pounders right through their stomachs.

BRUTAL.—Thad. Stevens in a speech the other day referred in the following brutal language to Mr. Seward: "The chief clown, owing to the wear and tear of age and suffering—you know he had his arm broken, and his jaw broken, and his neck broken almost—inducing a necessity for certain operations, which had very much worn down his vigor."

This mode of dealing with political opponents no doubt is deemed exceedingly effectively a certain class. But surely no one who aims to think independently and to act honestly can help deploring, deeply and justly, that party advocates should, and audaciously, either of small, either ignorant or intelligent, that could tolerate such a style of warfare. It is grossly insulting to the whole community.

Horrible Indian Survivors Discovered.

Ransom of the Surviving Victims.

St. Louis, Oct. 11.—Capt. Barlow, of Gen. Sherman's staff, arrived here yesterday from Fort Dodge, where he saw two white girls, named Doye, one seventeen and the other thirteen years old, who had been ransomed from the Kiowa Indians. The girls state that all the white captives of the Kiowas attacked their home in Northwestern Texas, killed, scalped and burned their father; themselves and mother, and sister, eight years old, were carried into captivity and treated in the cruelest and most revolting manner. On arriving at the Indian camp, the captives were knocked about with clubs, and brutally abused. On hearing their condition, the commanding officer at Ft. Dodge, not having sufficient force to rescue them, effected their ransom, and will send them to their friends in Texas, as soon as they recover from their terrible sufferings. While in the Indian camp, the officer sent to arrange their ransom saw the captives knocked down three times and violated.

—Forney, in one of his Pennsylvania speeches, says that the President was complimentary when he classed him among the species of defect ornithology. He may, says the Boston Post, have complimented Forney, but we are inclined to the opinion that he was unnecessarily severe on the ducks.

A HUMBUG.—How often we hear this expression from persons reading advertisements of patent medicines, and in consequence of some they may be right. It is over 10 years since I introduced my medicine, the VANDER SCHAFF, to the public. I had no money to advertise it, so I left it for sale with a few druggists and storekeepers through a small section of the country, many taking it with great reluctance, but I told them to let me know how it did, and if it did not do it I would pay for it. In some stores two or three bottles were taken on trial by persons present. I was, by many, thought crazy, and that would be the last they would see of me. But I knew my medicine was no humbug. A few weeks ago I began to receive orders for more. I had some calling it my valuable Liniment, who had refused to sign a receipt when I left it at their store. Now my sales are millions of bottles yearly, and all for cash. I warrant it superior to any other medicine for the cure of Croup, Diphtheria, Dysentery, Colic, Vomiting, Spasms, and Sea-sickness, as an internal remedy. It is perfectly innocent to take internally (each accompanying case bottle) and externally for Chronic Rheumatism, Headache, Mumps, Frosted Feet, Bruises, Sprains, Old Sores, Swellings, Sore Throats, &c. Sold by all the druggists. Depot, 36 Cortlandt street, New York. oct19w7

SCHENCK'S SEAWED TONIC.—This medicine, invented by Dr. J. H. Schenck, of Philadelphia, is intended to dissolve the food and make it into chyle, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before it will be easily digested.

Consumption cannot be cured by Schenck's Pulmonic Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWED TONIC, and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia.

Dr. Schenck makes professional visits in New York, Boston, and at his principal office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption, for his days of visitation.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all druggists and dealers, price \$1.50 per bottle, or \$7.50 the half dozen. All letters for advice should be addressed to Dr. Schenck's principal office, No. 15 North Sixth street, Philadelphia, Pa.
