Circulate your County Paper. The following named gentlemen have been appointed our Agents to obtain subscriptions to the GAZETTE.

MARYLAND. The cloud of war in Maryland grows darker and more threatening. The evidence against the Police Commissioners fixes upon them a most damning record and will startle the whole country by the villainies it brings to light.

With the police of the city and the election boards thus organized the Radicals had plain sailing. The police arrested and filled the lock-ups with conservative voters and the Commissioners issued an order that they should not be released until after the polls closed.

Governor Swan after full investigation and proof of the facts has removed the old Commissioners and appointed others in their place. The old Commissioners at last accounts, refused to yield up their authority or surrender the police property.

WAR. We want no more of the scourge of war. Quite enough of blood has been spilled and treasure wasted. The country needs peace, that the people, by settling down to their old callings and pursuits, may restore material prosperity and happiness.

THE ELECTIONS ON TUESDAY. We are informed by telegraph, this (Wednesday) morning, that Democratic victories have been achieved in Maryland and Delaware, and that all the other States which voted yesterday, including New York, Illinois and Missouri, have gone Radical, New Jersey, probably also, by a small majority.

THE Somerset Herald & Whig is very facetious on the subject of bribing voters. Its editor thinks Democrats must be a very corrupt sort of people, if, as we alleged, Gen. Geary's election was secured by money.

THE New York Tribune has already abandoned the proposed Constitutional Amendment and now declares that the Southern States must be reconstructed upon the basis of "Universal Suffrage and Universal Amnesty."

THE BALTIMORE POLICE EMBROIDERY. We give below the official returns to the Secretary of State's office at Harrisburg, which gives Geary 17,178 majority, and the total vote of the State 597,370.

Gov. SWANN, of Maryland, on the first inst., removed the Police Commissioners of Baltimore, who had appointed (as was proved in the investigation before the Governor) thieves, bawdy-house keepers, and murderers as Judges of Election.

There are 1,256 children in Killingly, Connecticut, but less than one-half of them go to school—the majority being absorbed by the factories.—Ed.

Talk about the "ignorance of slavery," after that, oh! ye middle-class hypocrites of New England. Go back to your kennels, dogs, and cease your howling. White Slavery in New England cries out against your boasted Liberalism.

The Baltimore Police Embroidery

There has been a day of intense excitement in Baltimore, exceeding that of the 19th of April. The new police officers were currently reported that the Sheriff was gathering a posse to aid the new Commissioners in obtaining possession of the Station Houses, where a large number of the old police force were stationed.

Messrs. Valiant and Young the newly appointed Police Commissioners, went, at ten o'clock this morning, to the office of the old Board to demand the books, papers, and possession of the office, but were refused admittance at the door.

There are reports that they intend to appeal to General Canby to be released from custody. The new police officers have disappeared from the streets. Some of them have been arrested.

RUFFALO, Nov. 5.—Considerable excitement prevailed at Fort Erie last night in expectation of a Fenian raid. The cause of the panic seems to have been the arrival of the United States steamer Michigan, which has come to restore the Fenian arms captured last June, and a Fenian demonstration on Sunday afternoon on the iron works portion of the city, where Senator Morris and other prominent Fenians made speeches.

On Saturday, two brothers, residing in New York, named respectively Charles and Daniel Baker, were out shooting in Colchester. Daniel had been reclining on the ground, but sprang up just as his younger brother had taken aim at a bird, and getting in front of him received the whole charge of the gun, which was loaded with slugs, which pierced his breast, causing almost instant death.
