MISHLER'S BITTERS

CURE ALL DISEASES OF THE SKIN! Diseases of the skin are numerous and, with but one or two exceptions, may all be traced to impurity of the blood. In many persons this impurity is born in the system; while others acquire it through improper treatment of scores of diseases. Under this head may be classed-

Under this head may be classed—

Ist, Scrofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that they fail to discharge or cust out the impurities that are continually generating in the system. A person physically pure acquires gonorhea, or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and scrofula, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with scrofula. They are suffering for the sins of their fathers and laboring under the curse inscribed in scribed in the Book of Books. "I will visit the iniquities of the fathers upon their children."

To cure this dreadful complaint it is necessary that the blood should be thoroughly purified, all the organs of the body broughtint a healthy state faction and strength. that the blood should be thoroughly purified, all the organs of the body broughtinto a healthy state of action, and the system braced up and strengthened by invigorating tonics. Look at the articles used in compounding Mishler's Bitters; see the array of purifying and invigorating medicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without fear of contradiction, that

Mishler's Bitters will Cure all kinds of Scrofulous Diseases.

It purifies the blood, it strengthens the internal organs and aids them to perform their natural functions, it is a stimulant and a tonic and it will cure Scrofula.

2d, Running Sores and Ulcers.—Running sores

3d, Salt Rheum.—Salt Rheum is a vague, indefinite, though, popular term given to almost all
the non-febrile eruptions of the skin which afflict
adults. It is generally an eruption of vesicles in
small, distinct uleers, accompanied with a smarting, tingling sensation, with a tendency to creeper spread over the adjoining surface. Mishler's
bitters are a sure cure for this disease.

4th. Pimples and Blotches.—Pimples and Blotches on the skin are always a sure sign of impure
blood. Although never dangerous, except in cases of carbuncles, they are very disagreeable.—
Often we will see the most handsome features rendered hideous by great blotches and pimples, and 3d. Salt Rheum .- Salt Rheum is a vague

Often we will see the most nanasome readures rendered hideous by great blotches and pimples, and instead of the pleasing look which should irradiate the human face we see nothing but disgusting corruption; for pimples and blotches are nothing but the corrupt accumulations of the system expelled through the medium of the skin. The use of Mishler's Bitters will force these corruptions to be discharged through the natural channels, and thus cures all kinds of pimples and blotches. Ladies who desire a fair complection, free from pimples should bear this fact in mind.

THE OLD GUARD, A MONTHLY MAGAZINE. DEVOTED TO

Literature, Science and Art, and the Political Principles of 1776 and 1787. C. CHAUNCEY BURR, EDITOR.

It purifies the blood, it strengthens the internal organs and aids them to perform their natural functions, it is a stimulant and a tonic and it will cure Scrofula.

2d, Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons affilicted with running sores and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, "but making bad worse," for the impurities that were discharged from the system through the medium of the sore now act internally and cause in numerable diseases and often death. The only true and sure cure for all running sores and ulcers is Mishler's Bitters, a continued and persevering use of which will most certainly effect a permanent cure.

The success of THE OLD GUARD has been as remarkable as it ought to be gratifying to the friends of a true American literature. It has steadily doubled its circulation each year of its publication, and its publishers have found it necessary to annually enlarge it, to meet the full expectations of its patrons, as well as to realize their own ideal of a first-class Family and Literary Magazine, combined with sound political principles.—

To still farther carry out this design, The Old enlarged sixteen additional pages, making in all nearly One Thousand Pages of reading matter yearly for the low price of three dollars! A JOURNAL OF CHOICE READING, SELECTED FROM FOREIGN CURRENT LITERATURE Much of the best literature of the day is found in the English and Continental magazines and periodicals; and it is the design of the Publishers of this new journal to reproduce the choicest selections from these for American readers, in a form at once attractive and inexpensive. The publishers believe that such a journal, conducted upon the plan which they propose, will be not only entertaining and instructive in itself, but interesting and valuable as a reflex of foreign periodical literature of the better class.

EVERY SATURDAY is intended for town and country, for the fireside, the seaside, the railway and the steamboat. Its plan embraces Incidents of Travel and Adventure, Essays Critical and Descriptive, Serial Tales, Snort Stories, Poems, Biographies, Literary Intelligence, etc., in connection with judicious selections from the admirable popular papers on science which are constantly appearing in foreign periodicals. The value of these papers arises from the fact that scientific subjects, however harsh and dry in themselves, are nere treated in so graphic and picturesque a style as to charm the reader while instructing him.

It will be, in short, the aim of its publishers that EVERY SATURDAY shall commend itself by its freshness and variety to all classes of intelligent and cultivated readers.

REASONS WHY AMERICAN WATCH, MADE AT WALTHAM, MASS. IS THE BEST.

It is made on the best principle. It is composed of SOLID PLATES. No jar can interfere with the harmony of its working, and no sudden shock can damage its machinery. Every piece is made and finished by machinery, (itself famous for its novelty, as well as for its effectiveness,) and is therefore as well as for its effectiveness, and is incretore properly made. The watch is what all mechanism should be—ACCURATE, SIMPLE, STRONG AND ECONOMICAL. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted together, and require constant repairs to keep them in any kind of order. All persons who have car-ried "ancres," "lepines," and "English Patent Levers," are perfectly well aware of the truth of

How well we have accomplished this may b understood from the fact that after so many years of public trial we now make MORE THAN HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES, and that no others have ever given such universa satisfaction. While this department of our business is continued with increased facilities for per ness is continued with increased facilities for perfect work, we are at present engaged in the manufacture of watches of the very highest grade known to chronometry, unequaled by anything hitherto made by ourselves, and unsurpassed by anything made in the world. For this purpose we have the amplest facilities. We have erected an addition to our main building expressly for, this branch of our business, and have filled it with the best workmen in our service. New machines and appliances have been constructed, which perform their work with consummate delicacy and exactness. The choicest and most approved ma exactness. We do not pretend to sell our watches for LESS MONEY than foreign watches but we do assert, without fear of contradiction, that for the SAME MONEY our product is incomp ior. All our watches, of whatever grade are fully warranted, and this warrantee is good at all times against us or our agents in all parts of the world.

The laxative ejects crudities from the stomach and intestines, the tonic gives strength to the system of the Horse, and the purifying medicines contained in them cleanse the blood, and lay the foundation for a vigorous and healthy circulation. The use of them improves the wind, strengthens the appetite and gives the horse a fine, smooth and glossy skin—thus improving the appearance, vigor and spirit of this noble animal.
