SEND FOR A CIRCULAR. The ingredients used in compounding Mishler's Herb Bitters are not kept secret by the Proprietor. Send for a circular and you will learn the medical properties of all the articles used in its preparation; also in the manner in which they operate on the system, and much other valuable information. If you are afflicted with disease send for one of Mishler's Herb Bitters Circulars; readit carefully, profit by the hints it contains, and you will be placed on the sure road of recovery. may11.-1y.

MISHLER'S BITTERS CURE ALL DISEASES OF THE SKIN! Diseases of the skin are numerous and, with but one or two exceptions, may all be traced to impurity of the blood. In many persons this impurity is born in the system; while others acquire it through improper treatment of scores of diseases.

through improper treatment of scores of diseases. Under this head may be classed—

1st, Scrofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that they fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires gonorhea, or some other secret disease; he undergoes a course of mercury, the disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and scrofula, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with scrofula. They are suffering for the sins of their fathers and laboring under the curse inscribed inscribed in the Book of Books. "I will visit the iniquities of the fathers upon their children."

To cure this dreadful complain: it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics. Look at the articles used in compounding Mishler's Bitters; see the array of purifying and invigorating medicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically the organs of the board of the complaint of the whole list of medicines that equals it. 2d, Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons afflicted with running sores and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, "but making bad worse," for the impurities that were discharged from the system through the medium of the sore now act internally and cause innumerable diseases and often death. The only true and sure cure for all running sores and ulcers is Mishler's Bitters, a continued and persevering use of which will most certainly effect a permanent cure.

Literature, Science and Art, and the Political Principles of 1776 and 1787.

C. CHAUNCEY BURR, EDITOR.

The success of THE OLD GUARD has been as remarkable as it ought to be gratifying to the friends of a true American literature. It has steadily doubled its circulation each year of its publication, and its publishers have found it necessary to annually enlarge it, to meet the full expectato annually enlarge it, to meet the full expectations of its patrons, as well as to realize their own ideal of a first-class Family and Literary Magazine, combined with sound political principles.—
To still farther carry out this design, The Old Guard for 1867 will be printed on new type, and enlarged sixteen additional pages, making in all nearly One Thousand Pages of reading matter yearly for the low price of three dollars! Arrangements have also been made to secure the very best literary talent of the country. We will commence in the January number a thrilling Romance, written expressly for The Old Guard, entitled,

3d, Salt Rheum.—Salt Rheum is a vague, indefinite, though, popular term given to almost all the non-febrile eruptions of the skin which afflict adults. It is generally an eruption of vesicles in small, distinct ulcers, accompanied with a smarting, tingling sensation, with a tendency to creeper spread over the adjoining surface. Mishler's bitters are a sure cure for this disease.

4th. Pimples and Blotches.—Pimples and Blotches on the skin are always a sure sign of impure blood. Although never dangerous, except in cases of carbuncles, they are very disagreeable.—Often we will see the most handsome features rendered hideous by great blotches and pimples, and instead of the pleasing look which should irradiate the human face we see nothing but disgusting corruption; for pimples and blotches are nothing but the corrupt accumulations of the system expelled through the medium of the skin. The use of Mishler's bitters will force these corruptions to be discharged through the natural channels, and JOSCELYN: A Tale of the Revolution:

R EASONS WHY AMERICAN WATCH, MADE AT WALTHAM, MASS.

IS THE BEST. It is made on the best principle. It is composed of SOLID PLATES. No jar can interfere with the harmony of its working, and no sudden shock can damage its machinery. Every piece is made and finished by machinery, (itself famous for its novelty, as well as for its effectiveness,) and is therefore properly made. The watch is what all mechanism should be—Accurate, SIMPLE, STRONG AND ECONOMY. Except some high grades too costly for should be—ACCERATE, SIMPLE, STRONG AND ECO-NOMICAL. Except some high grades, too costly for general use, foreign watches are chiefly made by women and boys. Such watches are composed of several hundred pieces, screwed and riveted to-gether, and require constant revairs to keep them in any kind of order. How well we have accomplished this may be understood from the fact that after so many years of public trial we now make More THAN HALF OF ALL THE WATCHES SOLD IN THE UNITED STATES and that no others have ever given such universal satisfaction.
