EDITORIAL CORRESPONDENCE.

WASHINGTON, D.C., Feb. 28.

DEAR GAZETTE:—A sojourn of four days in the Capital of "the nation" (I say "nation," for as to the Republic—Hium full!) has convinced me that political quiet prevails here to a much greater extent than even in any part of sedate old Pennsylvania.

The hotels are swarming with politicians of every hue, whose business here is to reconstruct the vacant revenue offices in their respective districts. Things are at sixes and sevens in this regard and there is no prophesying what will be the upshot of the struggle between the Secretary of the Treasury and the Senate.

SPRING ELECTIONS.

It will be remembered by our Democratic friends that the Spring Elections are held on Friday, the 15th inst. Our friends should be vigilant and active.

The mode of voting was changed by the law passed last winter. Hereafter candidates could be voted for on a separate slip of paper.

Gov. SWANN, last Friday, sent a message to the Maryland Legislature, stating that he should not accept the United States Senatorship, but would remain the Governor of Maryland.

tally unfit for the position which he occupied. Senators Hendricks, Sherman, Buckalew and Fessenden defended the Secretary against the onslaught of Sumner and Chandler, and the latter came out of the "scrimmage" considerably the worse for the wear.

The veto of the Military Reconstruction Bill has not yet been sent into Congress, but is hourly expected. It is just now rumored that the President has signed it, which I doubt. It is a measure which would create revolution in any country but this, and I fear will finally result in war even among the phlegmatic people of the United States.

The tariff bill is at present under consideration in the House. There is great fear that it will fail for want of time. The diversity of interests which ask to be "protected," causes considerable clashing among those who want a tariff, and the iron men and wool men and flax men are all at loggerheads.

It will be remembered by our Democratic friends that the Spring Elections are held on Friday, the 15th inst. Our friends should be vigilant and active. Let them turn out to a man, and elect a full conservative ticket in every township, wherever we have the vote to do it.

The mode of voting was changed by the law passed last winter. Hereafter candidates could be voted for on a separate slip of paper. Now all township officers are required to be on one slip, with the word "Township" at the head, the slip or ticket folded so that the word township is on the outside.

Gov. SWANN, last Friday, sent a message to the Maryland Legislature, stating that he should not accept the United States Senatorship, but would remain the Governor of Maryland. He did this at the solicitation of prominent citizens.

RADICALISM.

Radicalism and corruption go hand in hand in this country. Indeed we are of the opinion that this is natural and that it has always been so. Just as insanity and drunkenness are sometimes hereditary and constitutional, so the peculiar temperament that makes a man Radical, goes far to make him corrupt and dangerous whenever temptation offers, or when interest, ambition or resentment prompt him to other than honorable actions.

The military rule which it establishes, is plainly to be used, not for any purpose of order, but solely as a means of coercing the people into the adoption of principles and measures to which it is known they are opposed, and upon which they have an undeniable right to exercise their own good judgment.

In morals and religion the same men are equally intolerant and dangerous. Here, too, old land-marks are swept away and their boasted "Human Reason" and "Higher Law" reigns supreme. Whenever a part of the Bible conflicts with their fanatical notions, they ruthlessly tear out the leaf and declare that it is no part of Revelation.

The grave facts with the important question before us, should induce us to pause in a course of legislation which, looking solely to the attainment of political ends, fails to consider the rights it transgresses, the laws which it violates, or the institutions which it impairs.

WASHINGTON, March 2.—The President has approved the Consular and Diplomatic bill, and the Military Academy bill. Also the bill to refund to each person drafted under the calls of February and March, 1864, who paid commutation to enter the service or furnish a substitute, the sum of \$300, that being the amount of money so paid by him; it being the meaning of the amendatory act to exempt persons thus paying commutation from further draft until that quota should be filled, and not exceeding one year.

It provides that the Secretary of War shall refund the three hundred dollars paid as commutation by the men drafted under the amendatory act, on the call of February 24, 1864, provided that the amount of commutation should exempt "until that quota should be filled and not exceeding one year."

It is not, therefore, strange that the advent of the Radical party to power in this country, began an era of legislative corruption and infamy that has perhaps never had a parallel in the history of the world. That whole Legislature should be bribed, that individual members should be bought like beef in the market, and that scoundrels of all grades should swarm like maggots in a putrid carcass, wherever Radicals are in power, is precisely what should have been expected.

THE END OF THE CONTEST BETWEEN MILITARY DESPOTISM AS REPRESENTED BY THE RADICALS, AND CIVIL LIBERTY AS CHAMPIONED BY THE DEMOCRATIC PARTY, IS NOT YET.

The latter organization will use all constitutional and lawful means to protect the people from the effect of Radical legislation, and fight inch by inch every illegal and unconstitutional enactment attempted to be enforced.

FROM WASHINGTON.

WASHINGTON, March 2.—2.10 P. M.—The President has just sent to the House his veto of the military bill, for the more efficient government of the rebel States.

WASHINGTON, March 2.—The following is a synopsis of the President's Veto Message on the Military Reconstruction Bill: He submits whether this measure is not in its whole character, scope and object without precedent, and without authority, and in palpable conflict with the plainest provisions of the Constitution and utterly destructive to those great principles of liberty and humanity, for which our ancestors on both sides of the Atlantic have shed so much blood and expended so much treasure.

At present, ten States are denied representation, and when the 40th Congress assembles on the 4th day of the present month, sixteen States will be without a vote in the House of Representatives.

NEWS ITEMS.

The Buffalo Commercial Advertiser publishes a complete list of the disasters on the lakes and tributary rivers in 1866. It fills six columns, with an aggregate of seven hundred and thirty-four disasters, involving the loss of one hundred and eleven lives and \$1,647,428 in property. The greatest number of disasters happened in June and October. The loss by sailing vessels was more than double that by steam vessels; but, though the lake business of last year was considerably in excess of that of 1865, the losses were not so great by forty-one lives and a quarter of a million of dollars, showing a more favorable season for navigation in 1866 than in 1865.

A gang of Georgetown negroes, the night after the election which made a darkey equal to "any other man," made a raid upon the store of Patrick Donaghue, and, after nearly killing the proprietor, carried off a large amount of bacon, brooms, and other property. Four of the "citizens" are under arrest, but as ebony now rules in that city, of course they will escape. What use is freedom to a nigger unless he is allowed to steal?

The registered voters of Georgetown, D. C., were—whites 1,350; blacks 971—total 2,321. The poll was for Welsh, the negro candidate, 1,019; Addison, White Man's candidate, 923—total 1,942—showing a poll of 379 less than the registry lists. From these figures it would appear that 48 white men (!) voted with the niggers and 379 white men did not vote. It is stated that Welsh is preparing a "grand entertainment" for the nigs of both colors.

The New York Herald recommends "government" to go to work coining ten cent pieces made of copper and nickel. Very proper, for copper and nickel are just about as much like silver, as the government is like that formed by Washington and Jefferson.—Gold and silver are the remembrances of the government as it was, but copper and nickel are the signs of the thing as it is.—Exchange.

The Williamsport (Pa.) Bulletin says one of the curiosities of the season is that of numerous grasshoppers appearing on the grass where the snow has melted off. Whether this phenomenon is general, or only confined to particular localities, we are not able to state. Mr. H. S. Morse, who resides on Center street, caged several and brought them to our office. They are as lively as midsummer. Who has seen winter grasshoppers elsewhere?

On the day when the niggers voted in Georgetown, the Rads of the Rump House squashed a bill for granting suffrage to the white, intelligent foreigners of the District of Columbia. According to the Radical view, therefore, foreigners haven't manhood enough to enjoy the privilege of voting. The "rights of man," they say, mean only the rights of negroes.

The people of Schuylkill county are in the midst of a black band of iron ore excitement. Veins have been discovered within two or three miles of Pottsville. That kind of ore is valuable because it possesses within itself all the necessary ingredients for smelting. It is black, heavy and streaked with slate or coal.

From Vera Cruz it is reported that the Liberals in the interior of Mexico have intercepted all communication with the coast. Everything is said to be in the greatest confusion. The French transports have reached Vera Cruz. Foreigners are leaving the country as fast as possible, and the belief is expressed that Maximilian will also take his departure soon—perhaps within ten days.

A committee at Guelph, C. W., awarded a prize for a crop of 64,000 pounds of turnips from an acre of land. The second prize was given for a crop of 60,300 pounds. The lightest of five other crops was 52,320 pounds. The committee recommended planting turnips in drills 28 inches apart, and 9 to 12 inches apart in the rows.

The Cincinnati Price Current of the 13th, states the number of hogs packed to date this season from points heard from to be 1,976,973; estimate for the season 2,225,203; total packed last year, 1,454,988; estimated increase so far 770,265. —The Senate, in pursuance of the new law, elected John D. DeFrees, Esq., Superintendent of Public Printing, in place of Cornelius Wendell, Esq., who was appointed by the President under the old law last summer, which was changed a few days ago for the purpose of reinstating Mr. DeFrees. —Greenwood Cemetery has been opened to the public as a place of burial for the dead less than twenty-seven years, and the interments had reached, last Saturday night, the immense number of one hundred and twenty-four thousand one hundred and twenty-eight. —A movement is said to be on foot to lay pipes from Titusville, Pa., to New York, for the purpose of transporting oil, in competition with the railroads. The estimated capital is \$5,000,000. —The Indians of New Mexico are on the war path. Gov. Army reports a number of murders committed by them, and large quantities of stock driven off. All the settlers and miners on Mesas River have gone into Mesilla for protection. —The Legislature of Virginia, whose session expires Monday next, is to be called together again in extra session for the purpose of taking into consideration the Congressional plan of reconstruction. —Frederick Douglass was on Friday last admitted within the bar of the House of the Michigan legislature, introduced by the Speaker, and received with applause.

The Legislature of Tennessee has adopted resolutions calling on the Federal Government for additional military on the alleged plea that it is necessary for the purpose of maintaining peace and order in several of the counties of the State. —A family in Hartford, Connecticut, consisting of a gentleman, his wife and several children, were all poisoned a day or two since by taking what was supposed to be dandelion bitters, which contained belladonna. The mistake occurred through the carelessness of the druggist's clerk. None of the cases proved fatal. —The Rads of the Wisconsin Legislature and those of the bogus Tennessee Legislature have passed a bill to pay themselves in gold. Those "loyal" fellows don't seem to fancy greenbacks on a par basis. —Five dead bodies, shipped to Ann Arbor, Mich., were discovered in flour barrels at Buffalo, yesterday. Four of the bodies were adult and the fifth an infant. They were probably designed for dissection. —In Chicago, in order to economize in the cost of transporting lumber to purchasers in other places, they are now building and selling ready built houses, cottages, villages, stores, churches etc. —Three hundred and fifty millions of Hindoo worship cows. Half of Wall street worship bulls. —A great conflagration at Yeddo, in Japan, has destroyed four miles of houses, in the commercial quarter. —The Indians in Arizona and New Mexico are very hostile, and commit numerous outrages on the white settlers. —A young lady in Norfolk walked into a store and cowed a clerk who had been saying naughty things about her. —The failure of the Equitable Life and Marine Insurance Company, of Boston, is announced. —A German woman in Cincinnati who died last week and left behind her \$7,500 in gold, had been a subject of charity. —A Westerly (R. I.) gift enterprise firm has disappeared, with about \$100,000 forwarded by deluded people who hoped to get suddenly rich. —The annual budget of expenditures of New York city shows this year a total of \$19,333,941.

A YOUNG LADY returning to her country home, after a sojourn of a few months in the city, was hardly recognized by her friends. In place of a coarse, rustic, flushed face, she had a soft rosy complexion of almost marble smoothness, and instead of twenty three she really appeared but eighteen. Upon inquiry as to the cause of so great a change, she shyly told them that she used the CIRCASSIAN BALM, and considered it an invaluable acquisition to any lady's toilet. By its use any Lady or Gentleman can improve their personal appearance an hundred fold. It is simple in its combination, as Nature herself is simple, yet unsurpassed in its efficacy in drawing impurities from, also healing, cleansing and beautifying the skin and complexion. By its direct action on the cuticle it draws from it all its impurities, kindly healing that it should be, clear, soft, smooth and beautiful. SCHENCK'S SEAWEED TONIC.—This medicine, invented by Dr. J. H. Schenck, of Philadelphia, is intended to dislodge the food and make it into chyle, the first process of digestion. By cleansing the stomach with Schenck's Mandrake Pills, the Tonic soon restores the appetite, and food that could not be eaten before using it will be easily digested. Consumption cannot be cured by Schenck's Pulmonary Syrup unless the stomach and liver is made healthy and the appetite restored, hence the Tonic and Pills are required in nearly every case of consumption. A half dozen bottles of the SEAWEED TONIC, and three or four boxes of the MANDRAKE PILLS will cure any ordinary case of dyspepsia. Dr. Schenck makes professional visits in New York, Boston, and at his principal office in Philadelphia every week. See daily papers of each place, or his pamphlet on consumption, for his days of visitation. Please observe, when purchasing, that the two likenesses of the Doctor, one who has the last stage of consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all druggists and dealers; price \$1.50 per bottle, or \$7.50 the half dozen. All letters for advice should be addressed to Dr. Schenck's principal office, No. 15 North Sixth street, Philadelphia, Pa. General Wholesale Agents—Domas Barnes & Co. New York; S. S. T. ALCOCK & Co.—Gentlemen: I lately suffered severely from a weakness in my back. Having heard your plasters much recommended for cases of this kind, I procured one, and the result was all I could desire. A single plaster cured me in a week. Yours truly, J. G. BRIGGS, Proprietor of the Bradford House, CURVE OF CRICK IN THE BACK, AND LUMBAGO. Lyons, N. Y., July 4, 1862. Messrs. Alcock & Co.—Please send me a dollar's worth of your plasters. They have cured me of a crick in my back, which has troubled me for some time, and now my father is going to try them for difficulty about his back. L. H. SHERWOOD, Dr. Green, No. 583 Broadway, New York, informs us he sold, on Monday, June 23, 1862, two plasters to a young woman suffering very severely from lumbago. On Thursday she called to get two more for a friend, and then stated how the two she had purchased on Monday had relieved her immediately after putting them on, and cured her in two days of a most distressing pain in her back and loins. CHILDREN'S LIVES SAVED FOR 50 CENTS.—THOUSANDS OF CHILDREN DIE ANNUALLY OF SCURF.—Now, mothers, if you would spend 50 cents, and always have a bottle of Dr. Tobias' Liniment in the house, you never need fear losing your little ones. It is a sure and certain remedy. It is now 19 years since I have put up my Liniment, and never heard of a child dying of scurvy when my liniment was used; but hundreds of cases of cures have been reported to me, and many state if it was \$10 per bottle they would not be without it. Besides which, it is a certain cure for cuts, burns, headache, toothache, sore throats, swellings, mumps, colic, diarrhoea, dysentery, spasms, old sores, and pains in the back and chest. No one can try it who is not cured of it. It is warranted perfectly safe to take internally. Full directions with every bottle. Sold by all druggists. Depot, 56 Cortlandt street, New York. feb15ml
