MISHLER'S BITTERS CURE ALL DISEASES OF THE SKIN! Diseases of the skin are numerous and, with but one or two exceptions, may all be traced to impurity of the blood. In many persons this impurity is born in the system; while others acquire it through improper treatment of scores of diseases

Under this head may be classed—

Ist, Scrofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that they fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires genorhea, or some other secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, its channel is only diverted. Instead of making its appearance outwardly, it acts on the internal organs, and scrofula, which is bequeathed from father to son, us the result. Many persons who are perfectly free from all immorality and vice are afflicted with scrofula. They are suffering for the sins of their fathers and laboring under the curse inscribed in scribed in the Book of Books. "I will visit the iniquities of the fathers upon their children."

To cure this dreadful complaint it is necessary that the blood should be thoroughly purified, all the organs of the body brought into a healthy state factor and the asystem braced up and strength. Under this head may be classedthat the blood should be thoroughly purined, and the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics. Look at the articles used in compounding Mishler's Bitters, see the array of purifying and invigorating medicaments, and say whether there is an article in the whole list of medicines that equals it. We here emphatically assert, without fear of contradiction, that

Mishler's Bitters will Cure all kinds of Scrofulous Diseases

Scrofulous Diseases.

It purifies the blood, it strengthens the internal organs and aids them to perform their natural functions, it is a stimulant and a tonic and it will cure Scrofula.

2d, Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons afflicted with running sores and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, "but making bad worse." for the impurities that were discharged from the system through the medium of the sore now act internally and cause innumerable diseases and often death. The only true and sure cure for all running sores and ulcers is Mishler's Bitters, a continued and persevering use of which will most certainly effect a permanent cure.

3d, Salt Rheum.—Salt Rheum is a vague, in definite, though, popular term given to almost all the non-febrile eruptions of the skin which afflict adults. It is generally an eruption of vesicles in small, distinct ulcers, accompanied with a smart-

small, distinct ulcers, accompanied with a smarting, tingling sensation, with a tendency to creep
er spread over the adjoining surface. Mishler's
bitters are a sure cure for this disease.
4th. Pimples and Blotches.—Pimples and Blotches on the skin are always a sure sign of impure
blood. Although never dangerous, except in cases of carbuncles, they are very disagreeable.—
Often we will see the most handsome features rendered hideous by great blotches and nimples, and often we will see the most namesome reactives feardered hideous by great blotches and pimples, and
instead of the pleasing look which should irradiate the human face we see nothing but disgusting
corruption; for pimples and blotches are nothing
but the corrupt accumulations of the system expelled through the medium of the skin. The use
of Mishler's Bitters will force these corruptions to
be discharged through the natural channels, and be discharged through the natural channels, and thus cures all kinds of pimples and blotches. La-dies who desire a fair complection, free from pim-ples should bear this fact in mind. For sale by J. L. LEWIS, Druggist, Bedford, Pa.

A lady having enjoyed the pleasure, comfort, and great convenience of wearing the Duplex Elliptic Steel Spring Skirt for a single day, will never afterwards willingly dispense with their use. For Children, Misses and Young Ladies they are superior to ell others.

Children, Misses and Young Ladies they are superior to all others.

They will not bend or break like the single spring, but will preserve their perfect and graceful shape when three or four ordinary Skirts will have been thrown aside as useless. The Hoops are covered with double and twisted thread, and the bottom rods are not only double springs, but twice (or double) covered preventing them from wearing out when dragging down stoops, stairs, &c.

The Duplex Elliptic is a great favorite with all ladies and is universally recommended by the Fashion Magazines as the STANDARD SKIRT of the Fushionable World!

ON SATURDAY, JANUARY 6, 1866, Messrs. TICKNOR & FIELDS began the pub-lication of a weekly journal entitled EVERY SATURDAY: A JOURNAL OF CHOICE READING, SELECTED FROM FOREIGN CURRENT LITERATURE

Much of the best literature of the day is found in the English and Continental magazines and periodicals; and it is the design of the Publishers of this new journal to reproduce the choicest selections from these for American readers, in a form at once attractive and inexpensive. The publishers believe that such a journal, conducted upon the plan which they propose, will be not only entertaining and instructive in itself, but interesting and valuable as a reflex of foreign periodical literature of the better class.

a reflex of foreign periodical literature of the better class.

EVERY SATURDAY is intended for town and country, for the fireside, the seaside, the railway and the steamboat. Its plan embraces Incidents of Travel and Adventure, Essays Critical and Descriptive, Serial Tales, Short Stories, Poems, Biographies, Literary Intelligence, etc., in connection with judicious selections from the admirable popular papers on science which are constantly appearing in foreign periodicals. The value of these papers arises from the fact that scientific subjects, however harsh and dry in themseives, are here treated in so graphic and picturesque a style as to charm the reader while instructing him.

It will be, in short, the aim of its publishers that EVERY SATURDAY shall commend itself by its freshness and variety to all classes of intelligent and cultivated readers.

EVERY SATURDAY will contain each week thirtytwo large octavo pages, handsomely printed in double columns, with an engraved title.

C. CHAUNCEY BURR, EDITOR.

The success of THE OLD GUARD has been as remarkable as it ought to be gratifying to the friends of a true American literature. It has steadily doubled its circulation each year of its publication, and its publishers have found it necessary to annually enlarge it, to meet the full expectations of its pations, as well as to realize their own ideal of a first-class Family and Literary Magazine, combined with sound political principles.—To still farther carry out this design, The Old Guard for 1887 will be printed on new type, and enlarged sixteen additional pages, making in all nearly One Thousand Pages of reading matter yearly for the low price of three dollars! Arrangements have also been made to secure the very best literary talent of the country. We will commence in the January number a thrilling Romance, written expressly for The Old Guard, entitled,

For restoring hair apon baid neads; from whatever cause it may have fallen out) and foreing a growth of hair upon the face, it has no equal. It will force the beard to grow upon the smoothest face in from five to eight weeks, or hair upon bald heads in from two to three months. A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of l.ving witnesses (from their own experience) can bear witness. But many will say how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, provided entire satisfaction is not given.
