1st. Scrofula,—This disease is hereditary and is transmitted from generation to generation. It is caused by a transgression of the laws of nature, both moral and physical; in other words, it is caused by vice. Acting as a latent poison, it reduces the vitality of the blood, and weakens the depurating organs, so that they fail to discharge or cast out the impurities that are continually generating in the system. A person physically pure acquires gonorhea, or some o her secret disease; he undergoes a course of mercury, the disease is dried up, and the patient pronounced well. Vain delusion. The complaint is not cured, i.s channel is only diverted. Instead of making is appearance outwardly, it acts on the internal organs, and scrofula, which is bequeathed from father to son, is the result. Many persons who are perfectly free from all immorality and vice are afflicted with scrofula. They are suffering for the sins of their fathers and laboring under the curse inscribed in scribed in the Book of Books. "I will visit the iniquities of the fathers upon their children."

To cure this dreadful complain it is necessary that the blood should be thoroughly purified, all The slight advance in Club rates over last year is more than doubly repaid in the additional pa ges and increased literary attractions,

that the blood should be thoroughly purified, all the organs of the body brought into a healthy state of action, and the system braced up and strengthened by invigorating tonics. 21. Running Sores and Ulcers.—Running sores and ulcers invariably indicate a scrofulous taint. They are caused by the efforts of nature to discharge the impurities of the blood. Many persons afflicted with running o-res and ulcers succeeded in drying them up and think they are cured when the skin grows over the sore. They are, however, but making bad worse," for the impurities that were discharged from the system through the medium of the sore now act internally and cause innumerable diseases and often death. The only true and sure cure for all running sores and ulcers is Mishler's Bitters, a continued and persevering use of which will most certainly effect a permanent cure.

3d. Salt Rheum.—Salt Rheum is a vague, indefinite, though, popular term given to almost all the non-febrile eruptions of the skin which afflict adults. It is generally an eruption of vesicles in small, distinct ulcers, accompanied with a smarting, tingling sensation, with a tendency to creeper spread over the adjoining surface. Mishler's bitters are a sure cure for this disease.

4th. Pimples and Blotches.—Pimples and Blotches on the skin are always a sure sign of impure blood. Although never dangerous, except in cases of carbuncles, they are very disagreeable.—Often we will see the most handsome features rendered hideous by great blotches and pimples, and instead of the pleasing look which should irradiate the human face we see nothing but the corrupt accumulations of the system expelled the pleasing look which should irradiate the human face we see nothing but they corrupt accumulations of the system expelled the pleasing look which should irradiate the human face we see nothing but they corrupt accumulations of the system expelled the pleasing look which should irradiate the human face we see nothing but they corrupt accumulations of the system expelled the pleasing look which should irradiate the human face we see nothing but they corrupt accumulations of the system expelled they are the definite, the Family Circle and the General Reader, having, in fact, every characteristic of a live news, having, in fact, every characteristic of and the General Reader, having, in fact, every characteristic of and the General Reader, having, in fact, every characteristic of and the General Reader, having, in fact, every characteristic of and the General Reader, having, in fact, every characteristic of and the General Reader, having, in fact, every characteristic of and the General Reader, having, in fact, every characteristic of and the General Reader, having, in fact, every characteristic of and the General Reader, having, in fact, every cry every care and the General Reader, having, in fact, every cry every care,

A few ignorant practitioners have asserted that there is nothing that will force or hasten the growth of the hair or beard. Their assertions are false, as thousands of 1 ving witnesses (from their own experience) can bear witness. But many will say how are we to distinguish the genuine from the spurious? It certainly is difficult, as nine-tenths of the different preparations advertised for the hair and beard are entirely worthless, and you may have already thrown away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost away large amounts in their purchase. To such we would say, try the Reparator Capilli; it will cost you nothing unless it fully comes up to our representations. If your druggist does not keep it, send us one dollar and we will forward it, postpaid, together with a receipt for the money, which will be returned you on application, provided entire satisfaction is not given.
