

Friday Morning, May 10, 1887. AGENTS TO OBTAIN SUBSCRIPTIONS TO THE GAZETTE.

Circulate your County Paper. The following named gentlemen have been appointed our Agents to obtain subscriptions to the Gazette.

THE Greensburg Argus has been enlarged and otherwise improved. Our friend LAIRD publishes one of the best Democratic papers in the State.

KENTUCKY. An election for Members of Congress was held in Kentucky on Saturday last. The State is claimed for the Democrats by 40,000 majority! Comfortable.

THE Inquirer is "great" on "refraining from mentioning" names. It has "carefully refrained from mentioning" a number of names that might be mentioned in connection with the Poor House subject.

THE question, as to whether these things result from dishonesty, or incompetency we leave to the people.—Inquirer.

Yes, "the people" will decide that question as to your most excellent Poor Directors, the two G. D.'s (Messrs. Shuck and Trout) who formed the majority in the board when a great portion of the blunders occurred which have been brought to light by the Democrats.

BALTIMORE has just held an election for Judge and Clerk of the City Court. The Democratic candidates were elected by a majority of upwards of 6,000 over the Radical candidates.

But why not state the whole truth and say that the reason why Mr. Blymyer's indebtedness is not \$10,000, is, that he has paid \$3,335.47.—Inquirer.

Ye gods! what logic! If Mr. Blymyer had never paid anything, his indebtedness might be \$10,000 instead of \$7,000; but, as he has paid all but \$7,000, his indebtedness cannot be more than \$7,000. The Inquirer may, but figures will not, lie. The settlement with Mr. Blymyer is on file at the Poor House.

MORE ABOUT THE LATE LEGISLATURE. The Radical journals are still complaining of the venality and want of honesty in the late Legislature.

The Radical journals are still complaining of the venality and want of honesty in the late Legislature. How long they will be able to tell the truth about their own partisans, we do not know, and for fear that they will soon begin to praise them and call upon the people to give them another lease of power, we have to give their present sayings as wide circulation as possible.

"The Republican press of the State, with few exceptions, is outspoken in its condemnation of the course of the Legislature which has just adjourned. There seems to be no ground for doubt that unblushing corruption—the buying and selling of votes—characterized much of the important legislation of the session.

CONOVER. Sanford Conover, upon whose testimony in the Assassination cases, a Military Commission sent a number of persons to the gallows, has been convicted of perjury and sentenced to seven years' imprisonment.

We had carefully refrained from mentioning Mr. Blymyer's name in connection with this subject, but since the Gazette has seen proper to lug it in, with a covert insinuation that the fault lies in great part with him, we have only to say that in our former strictures upon the management of this institution, we expressed our faith in the integrity of Mr. Blymyer and we do not now believe that he would willingly take one cent more than is justly due him.

Yes, you had "carefully refrained from mentioning Mr. Blymyer's name in connection with this subject," because you knew that your talk about "deficits" in the Poor House Treasury, was the easiest and safest way to stab him. By such talk the public would at once inquire who was the Treasurer, and having found Mr. Blymyer to be the man, would, of course, put the blame for the alleged "deficits," upon him.

THE FAILURE OF THE POOR HOUSE BILL. The Inquirer, in reply to our question as to the reason for the defeat of the bill before the late Legislature, to enable the Poor Directors to build a new Poor House, says:

"We neither know how nor why the bill was defeated. We are in favor of building a new Poor House just as soon as it can be done. But as the bill has not passed, we will be obliged to wait another year. In the meantime we would say that we are opposed to any bill authorizing the Poor Directors to build."

GRAND DEMOCRATIC VICTORY IN LANCASTER!

Mayor Sanderson Re-elected by 511 Majority—A Gain of 331 Since Last Year.

The home of Thaddeus Stevens has just administered a most signal rebuke to that old arch-persecutor of the people of the South. The Legislature last winter, in order to enable the Radicals to carry the city of Lancaster, cut it up into nine wards, but the people of that noble old city have responded to this legislative knavery, by increasing the Democratic majority of 180 last year, to 511! Seven of the nine members of Select Council and 19 of the 27 members of the Common Council, are Democrats! There is great rejoicing among the unfrightened over this signal victory. It is a harbinger of what is to come next fall. Let the Radicals "stand from under!"

PROGRESS. We see it stated that Gov. Geary has prohibited the use of wine at his table, that the Legislature has appropriated five hundred dollars for the painting of the Governor's portrait, and twenty thousand dollars to extend and improve the Executive Mansion.

To! To! let us rejoice! We have a Governor "as is" a Governor. We have a Governor who doesn't permit wine upon his table (he keeps it all in his private chamber), a Governor who patronizes the Fine Arts and who has an eye for the beauties of Architecture. How poor Curtin pales into insignificance before the moral grandeur of the character of his illustrious successor! No wonder the Ex-Governor has incontinently left the Continent.

A NEW METER.—Distillers should read the following circular, just issued from the office of the Internal Revenue: Notice is hereby given that the Secretary of the Treasury has adopted and prescribed for use in distilleries, a meter invented by Mr. Isaac P. Tice, of New York, and that regulations of the introduction of such meter will be issued in a few days.

THE SUPPLEMENT TO THE COMMON SCHOOL LAW. We are glad to see that the legislature passed a supplement to the Common School law, which makes certain important changes in the manner of organizing, supervising and conducting the common schools of the State.

THE youngest son of Fred Douglass has been appointed to a first-class clerkship in the Negro Bureau.
