THE FAMINE IN THE SOUTH.

To Ministers of the Gospel.

A circular issued from the Board of Trade Rooms, Philadelphia, calls upon the people of Bedford county to contribute their mite to the Fund for the relief of the Starving Poor of the South. The following have been appointed by the Ianagers of the Fund, a committee, to bring the subject before the people of Bedford county:

John Cessna, W. T. Daugherty, W. P. Schell, E. F. Kerr, J. T. Gephart, J. G. Hartley, B. F. Meyers, G. R. Bailey, J. P. Reed, Josiah Miller, Andrew Crisman, Joseph B. Noble, James Madara, A. H. Hull, F D. Beegle, H. P. Diehl, J. B. Williams, C. W. Ashcom, John Filler.

At a meeting of as many of the Committee as could be assembled, it was

Resolved, That the ministers of the several churches in the county, be respectfully requested to announce to their congregations that contributions in aid of the Southern Famine Relief Fund, will be solicited on next Sabbath, 19th inst., or as soon thereafter as they may deem best.

We hope that the gentlemen appointed the above committee will see that ministers in their neighborhood are requested to announce this collection to their congregations. There is pressing need for help. White and black alike are crying to us for bread. Shall we turn a deaf ear to the cries of starvation? God forbid.

Contributions can be sent to any of the committee residing in Bedford, who will at once forward them to the Treasurer at Philadelphia; or may be sent direct to J. M. Aertsen, Treasurer, S. E. Corner Walnut and Dock Streets, Philadelphia.

"SEEDS OF DISSOLUTION."

There can be no doubt as to the rapid decay of the Radical party. The very fact that its leaders rely wholly and solely upon the Negro vote to keep them in power, shows that they believe their hold upon the people to be loosening. Senator Wilson and Judge Kelley would not perambulate the South, appealing to the blacks for assistance, did they not see the hand writing on the wall. Wendell Phillips thus acknowledges his conviction that the party is doomed to disruption:

"The seeds of dissolution have been sown in the Republican party. Perhaps I should say that the party always contained the elements of its own destruction, and that it only required the provocation of circumstances to develop them. At any rate, the development is visible to the common eye, as it has long been seen by those whose habits of close observation have given to their mental vision a clear sight."

The New York *Spirit of the Times*, always intensely Radical, edited by George Wilkes, an acute and thoroughbred politician, adds its testimony on this subject:

"The Republican majority in Congress, heedless of the lessons of history, and heedless of the inexorable laws of revolution has taken its course and must abide the inevitable penalties of error. Those erratic philosophers within its ranks who are already sighing that its majority is too large, need sigh no more. The President will be speedily reinforced, not only by the reconstructed South, but by sufficient defections from the Republican party, to put an end to the two-thirds votes which have heretofore embarrassed him."

These out-givings of leading Radicals are as encouraging to Democrats as they are disheartening to the enemy. When a party feels itself defeated before it enters the contest, it will not make a very stubborn stand on the day of battle. Nevertheless, let us not be over-confident, but work just as hard for Democracy as if the enemy dared us to the conflict, with all his colors flying.

KENTUCKY!

The Democrats of old Kentucky have covered themselves with glory. Every Congressional district in the State elects the regular Democratic nominee, thus securing nine Democratic members, instead of five as at the last election. The Democratic majority on the popular vote in the State, is upwards of 35,000! So much for the military despotism to force Negro Suffrage upon the South, erected by the late Radical Congress. Connecticut, Delaware, Maryland and Kentucky have already repudiated it. Pennsylvania will do the same in October next.

THE END DRAWETH NIGH.

Six years of Disunion! It seems but yesterday that every State was represented in Congress and every star was in its place upon the flag. Yet six years have passed away since fifty seats were made vacant in the National House of Representatives, and ten stars were torn from our flag by the rude hand of war. Those seats remain vacant, those stars have not been restored to the constallation upon our banner. Beaten in war, their once fair country ruined and desolate, and now reduced to the extremity of want, the Southern people ernnestly desire to redeem the past by adhering in good faith to the Constitution and the Union. Two years ago they threw down their arms and abandoned their cause forever. Two years ago they sued for pardon and re-admittance to fellowship in the Republic. During these two years a great struggle has been in progress, not between the people of the South and the Federal Government, but between those who favor Restoration and those who oppose it, between the friends of the Union and those who strive to prolong Disunion. Thus far a small majority of the Northern people have succeeded in controlling Congress in the interests of prolonged Disunion. The Radical majority in that body have succeeded in *keeping vacant the fifty seats upon the floor which they occupy. They have kept the Union dissolved during the past two years*, and it is their purpose, of course, to prevent its restoration as long as possible. The rehabilitation of the Southern States in their rights under the Constitution, means death to the Radical organization, and well do those who control it, know it. Thaddeus Stevens says, in a recent public letter, that organization under the Military Reconstruction Act, will not entitle the Southern people to representation in Congress. He says confiscation must be added to the provisions of this bill. But the people are beginning to revolt at the inhumanity and treachery of the Radical leaders. Every election held since the passage of the Reconstruction Act, bears testimony to the truth of this statement. The masses want Restoration and will not brook continued Disunion. Verily, the end draweth nigh, when Radicalism, the fiend that soweth destruction throughout the land, shall be buried beyond the reach of resurrection. Let us work patiently, but earnestly, to bring about this result, and the God of Justice and of Peace will bless our efforts.

THE RADICAL AGITATION.

The agitators of the Radical faction belonging to Congress, are employing the greatest energy in preaching sedition and hate among the negroes of the South during the vacation. Day after day, the announcement is made that some member of the delirious faction has started South to spread the new evangelism of the party. Wilson, Kelly, Nye, and many more *are already there*, and before a week, *a seditious agitator will be distributed in every district where the military are employed to overawe the people*, or to organize meetings of negroes. These champions constitute a new order of knighthood, not like the paladins and chevaliers of old who plied up and down the world for gallant adventure, but one that seeks to minister to the base passions of the ignorant.

No danger besets these heroes such as those that were encountered by ancient knights errant; they march to the Southern fields after the war has ended; not a man of them was ever in the front; they smelt the battle afar off. They safely make their harangues now beneath the shadow of Federal bayonets. They are not even in danger of reproof or reply, for whoever should attempt one is denounced as an enemy to the Government, and an unappeasable rebel, or is marched off by a file of Federal *gens d' armes*. No matter how vaunting and arrogant the speech, how seditious the appeal, or how unmanly the insult to a fallen enemy, these itinerant demagogues are safe. Before starting on their gallant enterprise against society and order in the South, they took care to gag by military law every man who might presume to oppose them; so they can rant and bravado, babble to the negro in both ears, cut the capers of the knightly Falstaff—no danger of opposition threatens them, for they have made opposition dumb by gag law. All that one of these delirious ranters has to fear is that some other champion, following in his wake, may surpass him in braggadocio or rage, or may cast him in the shade by brighter promises to his negro auditors. This, then, is the great millenium of Radicalism—political demonstrations, and debates without opponents—preaching anarchy and sedition to the ignorant, surrounded by bayonets hired by the Republic to enslave the people.

—Lifelike.—It is said that Gov. Geary will have his five-hundred dollar portrait taken with his back toward the battle-field.

JEEFERSON DAVIS.

Underwood, the would-be Jeffreys of Virginia, has permitted a writ of habeas corpus to issue for the production of Jefferson Davis in his court at Richmond. Mr. Davis, it is said, will be released from military custody, and rearrested under civil process on an indictment for Treason. He was, at last accounts, lodged at the Spottswood Hotel. Horace Greely and Augustus Schell, of New York, and Gen. Jackman, of Philadelphia, are at Richmond, to offer themselves as bail for Davis, should Underwood be prevailed upon to release him. It is said that Underwood insists upon refusing bail, and that he has determined to confine the prisoner in Libby, as he thinks by so doing to raise a sensation, and at the same time pander to the resentment of the Northern people. There seems to be no present prospect of Mr. Davis' trial.

P.S. Since the above was put in type, we have learned that Mr. Davis has been released on bail, the amount being $100,000, Horace Greely, Augustus Schell, General Jackman and A. Welch becoming his securities. It is said that Underwood was finally induced to take bail by the importunings of Mr. Greely and Mr. Evarts, one of the council for the Government.

BLACK RIOTS.

Senator Wilson, Judge Kelly and other Radical spouters, are traveling in the South, making inflammatory speeches to the lazy and thriftless negroes congregated in the large cities. The first fruits of their labors are already visible in the lawless demonstrations of their black disciples. Several negro riots have recently occurred in Richmond and Charleston, and others were prevented only by the timely interference of the authorities. One of the Radical stump-orators (Hayward, of Boston,) was arrested in Richmond, the other day, for using language calculated to stir up Negro mobs. Such is the work of Radicalism.

THE "HUNNICUTTS."

A gentleman who has recently traveled in Virginia, (pardon us, reader, we should say, "District No. 1") tells us that the colored people on the plantations in that State, whenever they want to say something very severe of a darkey, ejaculate, "Oh, you's nothin' but a Hunnicutt nigger!" By this is meant that the colored brother is a follower of Hunnicutt, the Virginia Abolitionist, and to be such is considered by the *elite* of the Virginia negroes, as disreputable in the highest degree. What must those darkeys think of the thousands of *white* men who take their cue from such fellows as Hunnicutt?

DEMOREST'S MONTHLY.—This beautiful and favorite periodical comes to us with all the freshness and fragrance of the June roses. It improves with every issue, and we are not surprised that ladies find it the indispensable companion of their working as well as their leisure hours. Its varied contents embrace almost every topic of interest in the parlor, kitchen and nursery, while its sensible tone and the amount of valuable information furnished, not to speak of the money value of its excellent patterns, render it a capital investment of $3, without the premium which is sent for every yearly subscription. NEGRO RIOTS.

Disturbances in Richmond, Va.—The Negroes Attack the Police—The Military Capture of 18 Rioters—Arrest of a Massachusetts Agitator for Attempting to Create a Riot.

RICHMOND, May 11.—In view of the recent riot, the Eleventh United States infantry is about to encamp permanently at the City Springs Park, within the city.

Some citizens have laid before General Schofield a complaint about the language at the colored meeting on Friday night, as likely to produce further disturbances, and the matter is being investigated.

RICHMOND, May 12.—Another negro riot occurred in the lower part of the city last night. The negroes attempted to rescue a drunken negro from the police. Bricks, clubs and pistols were used, and four policemen badly beaten. One of them is severely injured. A company of soldiers guarding the Libby Prison were called on, and captured eighteen of the rioters.

While this was going on, another negro difficulty occurred on First Street. This last mob dispersed upon the persuasion of a colored juryman. To-day mounted soldiers patrolled the streets to keep order, and squads of police were placed at all the churches, in view of threats of the negroes to force their way in amongst the white poeple. A large procession of negro societies attended a funeral to-day, accompanied by an unarmed company of colored militia, the officers of which carried swords. There was no disturbance.

Last night Jedekiah K. Hayward, of Massachuetts, was arrested for using language at the meeting on Friday night calculated to create a riot. His language was as follows:

"After Judge Underwood leaves, you can hold high carnival, or what you please. I need not advise you what to do, for great bodies do as they have a mind to."

He was arrested on a warrant from the Mayor, and was baiied in $3,000 to appear to-morrow.

If a white man unaccompanied by a lady, (no matter how much of a gentlemen he may be,) attempts to enter a railroad car devoted to ladies and their escorts, he is stopped by the conductor or brakesman and sent into a car devoted exclusively to men. Remonstrance is useless, and there is no rule or law by which he can compel a conductor to allow him to choose a car and a seat for himself. On the other hand, if a negro, unaccompanied by a negress, (no matter how dirty, hideous, or ill-behaved he may be,) offers to get into the ladies' car, the conductor and brakesmen are bound by the law passed by the Radicals of the Cameron Legislature to allow him to do so. If they do not, both they and the officers of the railroad company by whom they are employed will be liable to prosecution, fine and imprisonment. Is this negro equality? No; it is more; for, under that law the white man has not the same privileges as a buck negro. Any he-darkey can enter the ladies' car and force himself into the same seat with a white lady, and no one, at the risk of fine and imprisonment, can prevent him; but no white man can so much as enter the car. For all these "blessings," good ladies and gentlemen of Pennsylvania, you are indebted to the Radicals of the Legislature, who passed the bill, and to John W Geary, who signed it. Don't you feel thankful to them?—*Bloomsburg Star.*

WILSON'S TOUR.—Senator Wilson's Southern tour seems to be a case of great cry and little wool. The flock surrounds him but there is little shearing done, and he is likely to come back empty-handed. The blacks listen to him, but wonder what all the bother is about.—The whites let him alone, and have not paid him the compliment of getting angry at anything he has said. He has rated them to his heart's content, and they hear him with civility, if not with respect, and then Mr. Wilson packs up his stock of platitudes and diatribes and takes himself off unnoticed to the next town. It seems rather dull sort of work. It is not, we may be sure, exactly what the Senator bargained for. If there had been a disturbance anywhere what a theme it would have supplied him with—what a martyr he would have returned! As it is, he comes back in the position of one who thought to move the universe, and finds that he has not made so much stir as a gad fly in summer. The Southern people soon found out that it was not an earthquake or a whirlwind which had come among them, but only a reed shaken by the wind. And we say that this is very discouraging for poor Mr. Wilson, and we hope he will bear up bravely under his adversities.—*N. Y. Times.*

AN "Alabamian," in a Mobile paper, who has been in Boston, thus hits on their prohibitory law: Boston seems to be growing worse every day in intolerance. They won't allow a circus to have a 'bar,' or a band of 'tumblers.' 'Trance mediums' are forbidden to practice, because they call in the aid of spirits. Opticians are watched, because it is said people get their glases there. The London *Punch* and *Wilkes' Spirit* are forbidden to be sold by the periodical dealers. Apothecaries are forbidden to sell liquorice! People are liable to be arrested for being in high spirits! Children who complain of the stomachache, are locked up for fear it might be sham pain. Men are arrested on suspicion of being distillers, who are caught 'rectifying' mistakes! Hotels have had to take 'rum omelets' and 'wine sauce' off their bills of fare. All bookstores selling histories containing an account of the "Battle of Brandywine' are closed at once. Dead people cannot be buried on a bier! Vessels are not allowed to come into the harbor, because they have to pass a bar in doing so; and sea captains are not allowed to take 'any Port in a storm;' if they do they must tell where they got it! Enterprising men dare not show any public spirit, and even the poor washerwomen are liable to arrest who have 'three sheets in the wind!"

STRUCK BY LIGHTNING.—We learn that the blacksmith shop of Jacob Lear, at Shady Grove, was struck by lightning during the storm on last Monday afternoon. No serious damage was done, as the electric fluid did not communicate fire to the building. Several persons in the vicinity were shocked so severely as to cause them to fall down, while the horses in a barn belonging to Melchi Snively, Esq., a distance of one hundred yards, fell simultaneously.—*Greencastle Pilot.*

—Alexander Cummings, of Philadelphia, has resigned his place as Governor of Colorado, and entered his securities as Internal Revenue Collector of the Fourth District of Pennsylvania.

—Jacob Riley was tried recently in the Alleghany County Court, of Maryland, for killing his father, and sentenced to sixteen years' imprisonment. The case was an aggravated one.

GOLD IN MIFFLIN COUNTY.—It appears that some iron ore taken from the mines of J. W. Boody, about four miles from Mount Union, along the Juniata river, contained a considerable amount of gold and also some silver. The ore was assayed, and it is said contained twelve dollars and eighty cents of gold and eighty cents of silver to the ton. The ore, it is asserted, can be counted by millions of tons.

DR. SCHENCK'S PULMONIC SYRUP. This great medicine cured Dr. J. H. Schenck, the proprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians prononnced his case incurable, when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quickly disappeared, and his present weight is more than two hundred pounds.

Since his recovery, he has devoted his attention exclusively to the cure of Consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr. Schenck's PULMONIC SYRUP, SEAWEED TONIC, and MANDRAKE PILLS, are generally all required in curing Consumption. Full directions accompany each, so that any one can take them without seeing Dr. Schenck, but when it is convenient it is best to see him. He gives advice free, but for a thorough examination with his Respirometer his fee is three dollars.

Please observe, when purchasing, that the two likenesses of the Doctor, one when in the last stage of consumption, and the other as he now is, in perfect health, are on the Government stamp.

Sold by all druggists and dealers; price $1 50 per bottle, or $7 50 the half dozen. All letters for advice should be addressed to Dr. Schenck's principal Office, No. 15 North Sixth street, Philadelphia, Pa.

SHATTERED CONSTITUTIONS RESTORED by Helmbold's Extract Buchu.

KNOW THY DESTINY.—MADAME E. F. THORNTON, the great English Astrologist, Clairvoyant and Psychometrician, who has astonished the scientific classes of the Old World, has now located herself at Hudson, N. Y. Madame Thornton possesses such wonderful powers of second sight, as to enable her to impart knowledge of the greatest importance to the single or married of either sex. While in a state of trance, she delineates the very features of the person you are to marry, and by the aid of an instrument of intense power, known as the Psychomotrope, guarantees to produce a lifelike picture of the future husband or wife of the applicant, together with the date of marriage, position in life, leading traits of character, &c. This is no humbug, as thousands of testimonials can assert. She will send when desired a certified certificate, or written guarantee, that the picture is what it purports to be. By enclosing a small lock of hair, and stating place of birth, age, disposition and complexion and enclosing fifty cents and stamped envelope addressed to yourself, you will receive the picture and desired information by return mail. All communication, sacredly confidential. Address in confidence, MADAME E. F. THORNTON, P. O. Box 223, Hudson, N. Y. marl,'67y1

It has been used and approved of for 19 years by the first horsemen in the country Given to an over-driven horse, it acts like magic. The celebrated Hiram Woodruff, of trotting fame, has used it for years, and says it is far superior to any other he has tried. He kindly permits me to refer to him.
