LIBERTY, LAW AND RIGHT!

No Monarchy, No Centralized Despotism, No Negro States!

GRAND DEMOCRATIC MASS MEETING!

The Democrats of Bedford county, and all others not too unreasonable to join hands with them in the great effort about to be made by the calm and thinking men of the country, to restore the Union, to bring the government back within the safe limits of the Constitution, to put an end to the political confusion which now exists, to prevent anarchy and renewed civil strife, to re-instate Republican governments in the territory now ruled by the Five Military Monarchs, to avert the calamity of Negro rule in the excluded States, and to make some certain and reasonable provision for the ultimate extinguishment of the Public Debt, are hereby invited to assemble at the Court House, on MONDAY EVENING, SEPT. 2. Addresses will be delivered by distinguished speakers. Let there be a grand rally of the true friends of the Republic. Come, Democrats; Come, Conservatives; Come, reasonable "Republicans;" Come, one and all, and let us reason together.

GEO. MARDORFF, Ch'n Dem. Co. Com. W. C. SCHAEFFER, Sec'y.

STANTON.

We have heard of mean people, of low, contemptible, despicable, crawling dirt-eating wretches, of people who would suffer themselves to be spat upon, pulled by the nose, kicked as to the seat of their pantaloons and cuffed as to their aricular appendages; we have heard of dogs licking the hand that struck them, of swine feeding on slops dispensed to them by the man who had just driven them with the goad, nay, we have even read of one Uriah Heep, who was so "umble" in his rascality that he would roll in any sort of dirt to accomplish his purposes; and it remained for Edwin M. Stanton to achieve that sublimated refinement of the infamy of meanness, which consists in forcing himself, as a Cabinet adviser, upon the society of the President. The long and short of what we refer to, is this: President Johnson, the other day, requested Stanton to resign the place he holds in the Cabinet as Secretary of War. A gentleman would have delivered the port folio of office to the President, instantly. Stanton didn't. If there is anything meaner under the sun, than this unmanly and ungentlemanly course of the Secretary of War, we should like to be informed what it is.

P. S. Bully for Andy Johnson! That "foot" has come down at last! Mr. E. M. Stanton has just been suspended from office, and Gen. Grant appointed Secretary of War in his stead. Stanton died hard, but he had "to surrender," as he said in his reply to the President, to "superior force." What is particularly gratifying, is the fact that Grant had no hesitation in accepting the "surrender."

THE SURRETT CASE.

The trial of John H. Surratt, charged with complicity in the murder of Abraham Lincoln, has been concluded. The jury were out seventy-three hours, and at the end of that time, reported that they could not agree upon a verdict. The Court then discharged them. They stood eight for acquittal, and four for conviction. Surratt was remanded to prison, probably to be tried on some other charge. Mr. Bradley, one of the counsel for Surratt, was dismissed from the bar by Judge Fisher (the principal counsel for the prosecution) on the ground that Bradley had insulted him outside of the Court. Bradley afterwards challenged Fisher. There is great excitement in Washington, over the action of Judge Fisher. The members of the bar appear, almost unanimously, to sympathize with Bradley.

ASTOR'S DING REVELATION!

Conspiracy to Injure President Johnson in the Lincoln Assassination! Confession of One of the Conspirators!

J. M. Ashley and B. F. Butler the Ring-leaders in the Plot!

The Attorney General of the United States has recently come into possession of documents which show, beyond dispute, that J. M. Ashley, member of Congress from Ohio, and B. F. Butler, member of Congress from Massachusetts, the leaders of the impeachment party in Congress, had entered into a conspiracy, with one Charles A. Dunham, alias Sanford Conover, to procure suborned witnesses to prove that President Johnson was implicated in the assassination of ex-President Lincoln. This man Dunham, or Conover, is the same who was recently convicted of perjury, and who is now incarcerated in the Albany penitentiary. From the documents in possession of the Attorney General, it appears that Ashley was quietly at work to secure the pardon of Dunham, with a view, doubtless, of qualifying him as a witness against the very man who was asked to pardon him. To this end, at the suggestion of Ashley, a letter to the President recommending such pardon, was drawn up and signed by Hon. A. G. Riddle, of Ohio, and endorsed by Joseph Holt, Judge Advocate General. A petition for the same purpose, signed by Dunham himself, was also presented to the President. The recommendation signed by Riddle, is dated July 23, 1867, and its endorsement by Holt, the day following. Dunham's petition is dated July 26, 1867. Three days afterward, when Dunham discovered that he would not be pardoned and that the order for his transfer to the penitentiary had been given, he wrote out and forwarded to the President, a statement revealing the diabolical attempt of Ashley, Butler and others, to procure persons who would swear falsely to the connection of President Johnson with the plot to assassinate Lincoln. With this statement, Dunham also sent certain memoranda of what the suborned witnesses were to swear to, and a number of letters written to him by Ashley. Dunham's statement, sets forth among other things, that at the instance of Ashley and Butler, he had persons brought to the prison in which he was confined, who were willing to be suborned; that Butler and Ashley met them there; that Ashley instructed them in what they should testify; in short that Ashley and Butler, in connection with a Rev. Mr. Matchett, conspired with him, Dunham, in his prison, to procure perjured witnesses to testify against President Johnson before the Judiciary Committee. Among the things which were to be proved by this subornation, were, that J. W. Booth visited Mr. Johnson when Vice President, at the Kirkwood House; that Booth and Mr. Johnson corresponded by letter; that Booth, just after the 4th of March, stated to intimate friends in New York, that in his design to assassinate Lincoln he had the knowledge of Vice President Johnson. These things were actually put in the mouths of the persons whom Dunham had brought to the jail, at the instance of Ashley and Butler. Such is the account given of a most atrocious attempt to form a most infamous conspiracy against the Chief Executive of this Government. As to the truth of the statement, time will tell. Dunham, who makes the confession, was a tool in the hands of Holt, Ashley, Butler and the leading Radicals in Congress. Holt and Riddle recommended his pardon on the ground that he rendered great service, "without solicitation, in the interests of truth and justice," in the Surratt case, and Holt says, "a principle of public policy leads governments to encourage, by all honorable means, those charged with crime, to make disclosures which may and often do result in unmasking even greater offenders than those who make them." Whether Charles A. Dunham, alias Sanford Conover, has, in his disclosures just made, unmasked "even greater offenders than himself," let the people judge.

YANKEE VS. DUTCH.

We object to no man, as a candidate, for office, on account of his place of birth. So far as that is concerned, we only ask, is he now a citizen, and does he bear true allegiance to our Federal and State Governments? Hence, we do not oppose Henry W. Williams, the Radical candidate for Supreme Judge, because he was born in Connecticut; we go beyond that fact and inquire whether he is a citizen of Pennsylvania, and whether, as such, he believes in Pennsylvania laws and institutions. Our inquiry in this regard results in this: We find Mr. Williams to be a Yankee in political opinions and opposed to the theory of our State Constitution. He believes in that vague and uncertain doctrine, "the higher law," and, therefore, is unfit to sit as an arbiter of questions arising under the fundamental law of the State. His notions of "higher law" might at any time lead him to substitute his own opinions in the stead of the State Constitution. A person holding such views is a Pennsylvanian only in name; he is a New England political transcendentalist; a restless, malignant reformer, who is unwilling to hold fast that which is good, but advocates "progress," though he stupidly progresses backward, like a miserable crab, and succeeds only in disturbing and destroying civil society. In order to show that Mr. Williams is really this sort of man, we give the following, which comes to us as having been first published by the Salem (Mass.) Journal: "The nomination of Judge Williams for the Supreme Court, in Pennsylvania, by the Radical Republicans, is another acknowledgment on the part of the stolid Dutch elements of the superiority of New England men. Judge Williams is a native of Connecticut, and received his early training in the higher law doctrines of our section. We have been reliably informed that he has in no wise apostatized from his fathers or the true principles governing the rights of man, but that he steadfastly retains his affection for New England institutions. These are the sort of men whom we love to see elevated to power in the Dutch Middle States and over the half civilized people of the West. They constitute the ark of safety for the material interests of our section, and in no instance, where money can effect anything, should the people of New England, in the spring of their minds, in seeking the nomination and election of such men as Judge Williams. "Pennsylvania—poor, ignorant, stupid, old Dutch state—regardless of the hissing of copperheads, is now pretty thoroughly 'Yankeeized.' Thaddeus Stevens, a native of Vermont, and a man true to his faith, holds the political elements of the State in the hollow of his hand, and, on a fair ballot of the rank and file of the party, would have been made United States Senator. The Superintendent of Common Schools is by birth and education a New Englander, and it is fair to presume that the next crop of Dutch voters will be as completely 'Yankeeized' as it is possible to effect out of such unpromising material. We understand, also, that each annual legislature is composed of New England men, and that more than one-half the present delegation in Congress are natives of our section, but of this we are not quite positive. Taking matters on the whole, the outlook in Pennsylvania is as favorable for New England ideas and supremacy as could be wished."

dependent of interest on the debt, both during periods of peace. Pennsylvania's share of the public debt is two hundred and seventy-five millions, her own debt thirty-five and a half millions, and her city and county indebtedness will swell the total to four hundred millions. Twenty-five millions annually come from your earnings to pay the interest thereon. In 1860, your State government cost you four hundred and two thousand dollars; whilst in 1866, it cost you six hundred and sixty-nine thousand dollars; The pressure of these exhausting burthens and the suicidal policy of Congress, have caused uncertainty and depression to pervade all branches of trade and manufactures. Our commerce is suffering, the enterprise of our people is repressed and business interests languish; The revenues of the government are less than its interest and expenses, and the financial officer foreshadows an increase of the public debt; They plot the destruction of our form of government, by destroying the independence of the Executive, attempting to subordinate the judiciary and by concentrating all power in the legislative branch; Robbing the people of sovereign power, they have united it with the government in Congress, and dealt a fatal blow at our liberties, for tyranny may be as absolute in a number of persons as in an individual. Unblushing corruption stalks thro' every department of the government under their control. For these and kindred wrongs we arraign them, and as the representative of antagonism to each of them, we present to you our candidate for the Supreme Bench: GEORGE SHARSWOOD—a Pennsylvanian, a man of pure morals, a profound thinker, a sound lawyer and a jurist of national reputation. It has been the rule of his official conduct to yield obedience to written law, and neither party necessity nor corrupting influence can sway him from his duty to fearlessly proclaim it. His opponent, HENRY W. WILLIAMS, is a native of New England, and is comparatively unknown to our people. Prior to his nomination he was said to be a worthy gentleman and an able lawyer. He has accepted a nomination upon a platform by which he is pledged "TO PLACE THE SUPREME COURT IN HARMONY WITH THE POLITICAL OPINIONS OF THE MAJORITY OF THE PEOPLE." This destroys his independence and "holds the Judge accountable to a political party for his construction of the law, and inevitably tempts him to sacrifice his integrity; to become the meaneast of all creatures—a sworn minister of justice obedient to the dictates of politicians."

The independent and fearless judge protects your life, your liberty and your property. With which of these men will you trust them? DEMOCRATS OF PENNSYLVANIA: We call upon you to organize in every section of the State. Act for yourselves, promptly and vigorously. Wait for no man. The government you love is in danger, its great cardinal doctrines are daily attacked, and "treason in peace may prove more deadly than treason in war." Individual exertion is the duty of every man. Canvass your school districts. Form clubs.—Circulate your local papers. Teach the people. Counsel with the aged. Encourage the timid. Arouse the sluggish. Stop talking and go to work. The enemy are vulnerable at every point; attack them for their misdeeds. YOUR PRINCIPLES ARE ETERNAL AND MUST PREVAIL. By order of the Democratic State Committee. WILLIAM A. WALLACE, Chairman.

The Philadelphia Press is decidedly astute. It says that the Democrats regard the Dred Scott decision as "the perfection of human reason," but think it a "terrible crime for judges to be in accord with the political sentiment of the age." The Press and other Abolition journals have always told us that the Dred Scott decision was contrary to "the political sentiment of the age." If they told the truth in this regard, how can there be any parallel between the attitude of the Democratic party toward that decision, and the position in which the Abolition party are placed in respect to the Judiciary, by the Williamsport Convention? Surely the Democratic party never, in any platform, demanded that any court should decide any question of law in accordance with the opinions held by that party. Democrats acquiesced in the Dred Scott decision, because the highest Judicial authority of the country pronounced it to be the law. But they never asked that such a decision should be made because it would be "in accord with the political sentiment of the age." This is the God's truth and we defy the Press to controvert it.

DEATH OF EX-GOV. PORTER.

Ex-Governor David R. Porter died, at his residence in Harrisburg, on the fifth inst. Gov. Porter was a native of Huntingdon county, which he represented in the Legislature several years. He was the first Governor under the amended Constitution, and held the office six years. The name of David R. Porter needs no eulogy. Pennsylvania has lost a noble son, but our loss is, doubtless, his gain.

The State election in Louisville and throughout Kentucky, as far as heard from, passed quietly. The result has been a Rebel triumph, by a majority variously estimated at 30,000 to 60,000.—Inquirer.

We ask the attention of the Democrats of Bedford county, to the peculiarity of the language employed by the Bedford Inquirer, in announcing a Democratic victory. According to that sheet Democrats are rebels. Stick a pin there, boys! When sly Mr. J. R. Jordan and other candidates on the Radical ticket, come sneaking around to beg your votes, you'll remember that they are entirely too "loyal" to thank rebels for their support.

A CHANCE TO MAKE MONEY.—FIVE HUNDRED AGENTS WANTED TO SELL THE "YOUTH'S OR PEOPLE'S HISTORY OF THE WAR."—This is the only history from a Democratic standpoint, and can be relied on as truthful in every respect. No family should be without it. Also, 500 agents are wanted to sell a work entitled "Yonjoque," written by Hinton Rowan Helper, author of the "Impending Crisis." This work, although written by a Republican, and one of Mr. Lincoln's own pets, is worthy the careful perusal of every Democrat and honest "Republican." It stigmatizes the ruling majority in Congress as the "Execrable two thirds majority of the Black Congress" that ought to be despised and spurned by every genuine lover of the pure Caucasian race. The Negro equality and Negro Suffrage question is handled in an able manner by the author. Let every man in this county who is opposed to Despotism, and also the social and political equality of the white and black races, secure a copy of each of these works, at the first opportunity. With these works you will be prepared to combat successfully every argument of the White and Black Negro Party in favor of the despotic measures passed by the Black Congress, and of its negro equality doctrine.—Those desiring agencies for either of the above named works will please call on Mr. E. W. MILLER, who can be found at the Mengel House, in this place, from this time until the 25th of this month. Both works are meeting with very rapid sales, and no young man out of employment can do better than to secure an agency at once.

PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH MADE AT WALTHAM, MASS. The American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 parts, while in an old English watch there are more than 700 parts. How they run under the hardest trial watches can here, is shown by the following letter: PENN. RAILROAD COMPANY, OFFICE OF THE GENERAL SUPERINTENDENT, Altoona, Pa., 15 Dec. 1866. Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some three hundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have formerly trusted, and those watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted, and those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly nor have they done as good service as yours. In these statements I am sustained by my predecessor, Mr. Lewis, whose experience extended over a series of years. Respectfully, EDWARD H. WILLIAMS, General Superintendent, American Watch Co., Waltham.

WE MAKE NOW FIVE DIFFERENT GRADES OF WATCHES, named respectively as follows: APPLETON, TRACY & Co., Waltham, Mass. WALTHAM WATCH COMPANY, Waltham, Mass. P. S. BARTLEY, Waltham, Mass. HON. ELLERY, Boston, Mass. HOWE, WATSON & COMPANY, Boston, Mass. All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these watches is provided with the Company's printed card of guarantee, which should accompany each Watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our Watches throughout the country, and we would caution purchasers to be on their guard against imposition. Any grades of Waltham Watches may be purchased of Watch Dealers throughout the country. ROBBINS & APPLETON, 182 Broadway, New York. aug 16 67
