8 4 HENRY W. WILLIAMS.

The Radical candidate for Supreme Judge, stands upon a platform, in which occurs the following language

"Resolved, That warned by past misfortunes. we ask that the Supreme Court of the State be placed in harmony with the political opinions of a majority of the people.

Thus, the Supreme Court, which is the final arbiter between the weak and the strong, between minorities and majorities, is to be swaved by political bias against the rights of that portion of the people who may happen to be in the minority. Have minorities no rights which majorities are bound to respect? Nay, are not the fewest number of people lawyers, or jurists, and is not often the smallest minority right, on questions of law, rather than the mass who have had no legal or judicial education? Who, therefore, could trust a man as Supreme Judge, who will agree to substitute for his own deliberate judgment, the crude opinions of the mob? Again,

HENRY W. WILLIAMS is the candidate of a party which holds that a man and silver, by paying the same in paper money, thus actually making Government bonds worth no more than ordinary paper money. This is re pudiation. Who, therefore, will vote for H. W.

Williams, and become a repudiationist?

WHO IS SHERIDAN? A soldier who commanded with dash and bravery during the late war. That is the whole answer to the above question. Is he the only soldier who merits this commendation? No, not by any means. Hancock, Meade, to be mentioned with equal complihim from the command of one Army Department to that of another? This saint-making business would be simmorbid passions and bitter personal animosities as its constant trick whereby to mislead and humbug the public. Hence, the reasons for which Sheridan has been transferred from the command of the Fifth Military Reconstruction District, to that of the Department of the Missouri, are studioushe was so transferred, because the Presreason that he was meanly and shamestance, he removed Gov. Wells (a Radical) of Louisiana, and Gov. Throckmorton, (a Union man throughout the Inquirer? Let's hear from you on this war) without even giving them a trial point. by court-martial. Hundreds of other civil officers were removed by him upon the most frivolous charges preferred against them by ignorant negroes, without notice to those officers and without any hearing at which they could defend themselves. Besides, he was guilty of the most flagrant insubordination to his Commander-in-Chief. For these reasons, this last saint in the Radical calendar, this wonderful Phil. Sheridan, was transferred from New Orleans to the Department of the Missouri. If there is any stuff in those facts that ought to make the Gesler of the Fifth Military District, a martyr, the Radical humbuggers are welcome to

REFORM IN THE LEGISLATURE.

The Democrats of this Representative District, have put their best foot foremost in making nominations of candidates for the Legislature. Hon. W. P. Schell, of this county, and Hon. Hiram Fiudlay, of Somerset, are gentlemen whose election will secure able and active advocates of the much needed reform in the Legislature. We do not urge their claims merely upon partizan they can do.

SURRENDER OF GEN, GRANT!

The drowning men of the Radical press, clutched with great eagerness at the straw which floated by them in the shape of Gen. Grant's letter to the President in the Sheridan matter. But they avoid the shark which opens its ugly jaws right in their faces, in the shape of Grant's withdrawal of his protest against the transfer of Sheridan and Sickles. It seems that at an interview between the President and Grant, the former convinced the latter that he (Grant) was mistaken in his views on the transfer question, and that Grant not only wrote the President a private letter withdrawing his protest but, at once issued the orders displacing the Satraps of Louisiana and South Carolina. Grant took sides with the Radicals one day and surrendered to the President the next. It didn't take all summer for Andy to whip Ulysses in on "that line."

HOW MUCH SHALL IT BE? The only question to be determined by the Democrats of Bedford county at the coming election, is how much shall our majority be? Last year Clymer had 244 over Geary. We can increase this to 500 for Sharswood, if there is a full turn-out of the Democratic voters. The attendance, at the polls, of every Democrat, therefore, should be made the first and last care of the friends of the Right. The leading men in the several election districts should at once meet together and take counsel as to the best means of securing a full turnout. Don't depend on public meetings and speeches. You can do the work just as well without them. Let every district, therefore, be organized, at once, and let there be a generous rivalmay repudiate his contract to pay a debt in gold ry among them as to which will do best for the Democratic ticket.

> Of these we know, personally, and four were not deserters. We further know that one, at least, laid down his life in the service of his country, yet the Gazette has the effrontery to insult the gallant soldier's friends and relatives by holding him up as a deserter.

That fellow "never opens his mouth but he puts his foot in it!" We did not say, and do not say, now, that the persons named in the article to which the Inquirer refers, are deserters. On the Thomas, Ord, and fifty others deserve other hand, we claimed and claim now for those men, as well as for all others ment. Why, then, the canonization of disfranchised under the infamous Radithis man Sheridan as a martyr, simply cal proscription, that they are not deserbecause the President has transferred ters. What we did say we repeat, viz: that those men's names are given in the Adjutant General's list, made out by diply ridiculous were it not that the ob- by the Radical legislature, as those of deject of it is to make capital for a politi- serters; and that, under that law, they the Constitution, and cal party which dares not trust to prin- are disfranchised, for the Adjutant ciple, but resorts to the excitement of General's list is made prima facie evi- surped powers not inherent in the Govdesertion. That list is on file in the Prothonotary's office and can be seen by those persons any time they can satisfy themselves, by inspecting it, as to the truth of our statement. It is, then, not the GAZETTE that "insults the gallant soldier's friends and relatives by ly kept in the back-ground, whilst it holding him up as a deserter." On is falsely and ridiculously alleged, that the other hand, the GAZETTE defends him against the foul aspersion of the ident desired to rebuke and humiliate Radical politicians. It is the Adjutant him. Now, Sheridan was displaced at General's list, prepared by direction of call the attention of the people to the New Orleans, for the very excellent the Radical Legislature, that brands the great central FACT in the Radical Rename of the living, and the memory of fully tyrannical in the administration | the dead soldier, with the infamy of of affairs in his department. For in- DESERTION. How will you wipe out that stain, imprinted by the coward tricks of your own partizans, Mr.

> No very pleasant position is occupied by General Grant in the Cabinet. s there by an order of the President,

Wrong-shipped again! The President cannot and did not order Gen. Grant, or any body else, to take a position in his Cabinet. He (Grant) was appointed by the President to kick out Stanton, and he accepted the appointment. Stanton said in his note to Grant, that since | tives. he (Gen. Grant) had "accepted the appointment," he (Stanton) had no alternative but to submit. If Grant occupies "an unpleasant position in the Cabinet" it is his own fault. Even General Grant cannot balance two buckets, brim full of water, one on each shoulder, without finding his position slightly unpleasant.

AFRAID TO ANSWER.

The Bedford Inquirer is a coward. It The Bedford Inquirer is a coward. Resolved. That the Reconstruction of the great body of the white people of those States and making voters, officers and jurors of the negroes, is not only unconstitutional and oppressive, but must inevitably bring disaster and ruin to the social and material interests of those States and of the country

Resolved, That the effect of the "Congressional plan" is to throw the govrnment of the exclud d States into the hands of the late Negro slaves, as is shown by a majority of the blacks over the whites in the registration of each and every one of those States, and we construction policy, that TEN NEGRO STATES are about to be erected by that policy as integral parts of this Republic

Resolved, That the so-called "Republican" party has abandoned the principles it professed to hold before and during the late war, and is now keeping without the Union the States and people which it declared to be its purpose to bring back into the Union, by force of arms, and that it has even abandoned its platform of last year, the Constitu-tional Amendment, which, according to the doctrine of its own leading politicians, it had the power to engraft up-

on the Constitution. A MILITARY satrap, named "Pope," who was disgracefully whipped in almost every engagement which he led fended because a band played "Dixie" on a public occasion in a town of Georgia. The new York Times disposes of "Pope's" indignation in this wise:

General Pope might remember that "Dixie" to the patriotic service of the Union, when on a public occasion in Washington, as the rebellion was going down, he called for a band to play it in his presence, remarking that we could not afford to give such a good tune over and that henceforth to a bad cause, and that henceforth "Dixie" should be a national American melody.

He cannot contribute in aid of such an election as has but re cently occurred in Tennessee. The "rich speculator who stayed at home and stole from his country" can. DROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH

WALTHAM, MASS The American Watch Company, of Waltham Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market. They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches, which are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts. How they run under the hardest trial

watches can have, is shown by the following let PENN. RAILROAD COMPANY, OFFICE OF THE GENERAL SUPERINTENDENT, A ALTOONA. Pa., 15 Dec., 1866.

Gentlemen: The watches manufactured by you have been in use on this railroad for several years by our enginemen, to whom we furnish watches as part of our equipment. There are now some three nundred of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give us less trouble, and have worn and do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged g.od repu-tation; but as a class they never keep time ascor-rectly, nor have they done as good service as
