ASTEY'S COTTAGE ORGANS are still ahead of all competitors and stand unrivalled in POWER, PURITY OF TONE and BRILLIANCY, and all other points which go to make a first-class instrument.

The "VOX HUMANA TREMOLO" is the greatest of all modern improvements on reed instru-ments. It CHARMS and SURPRISES all who hear it, by its wonderful resemblance to the HU-MAN VOICE. Do not confound this with the common tremolo in use. It is entirely different, and far superior to any other.

For sale wholesale and retail by E. M. BRUCE, 18 N. Seventh Street, Philadelphia.

Send for descriptive circular and price list The effect of your "Tremolo" is entirely new to me, and is certainly the best I ever heard.—Geo. W. Morgan. |The first Organist of America. No Tremolo has yet been invented that will in any degree compare with this for beauty of effect. In fact, it seems to me to be absolutely perfect.— Wm. A. Johnson Pipe Organ Builder.

Estey's Cottage Organs are without a superior for exceedingly quick articulation and round tone— the essential fea-ures in instruments of this class— GEO. JARDINE, Pipe Organ Builder. The Cotttge Organ is the best of its class I ever saw, and the best adapted for church music of any in use.—C. Heintz, Organist, Findlay, O. I am much pleased with the Cottage Organ which I purchased from you; it combines sweetness and power in an unusual degree, and is quite a tavorite in our family circle.—BISHOP SIMPSON.

We know no organs of the class which possess so many valuable qualities.—INDEPENDENT. For the parlor, its sweetness is remarkable; for the church it has a power more organ-like than anything we have seen.—Метнорізт. -"THE WORLD."-1867. The attention of the public is invited to the laims of "The World" as one of the leading pube journals of the country. It is the chief organ the Democratic Party of the United States, and the foremost advecate of the immediate restoration the Union. Its highest merits consists in its naracter as an enterprising and trustworthy newsper.

The next year bids fair to be a more critical one the next year bids lair to be a more critical one in the history of our free institutions than even ny eventful ones that have preceded it. The first equsite for an intelligent judgment of public afairs is a full and authentic account of facts as they ranspire. These THE WORLD always aims to give transpire. These The World always aims to give with consciencious accuracy, and with equal fullness and fidelity, whether they make for or against its own views of public policy. Prompt activity in spreading before its readers every kind of news in which any part of the public takes an interst, is the first duty of a newspaper, and the facilities of The World for discharging this obligation are unsurpassed by those of any iournal in the United unsurpassed by those of any journal in the United States. Whatever else it may fail in, it certainly will not fail to furnish the news, nor to supply it with such promptitude, spirit, freshness, abundance, variety, accuracy and cander, that no class of readers can miss anything of interest which of readers can miss anything of interest which they wish to find. THE WORLD will publish doc they wish to find. The World will publish documents and arguments prepared by political foes just as freely as those prepared by political friends; making its own comments on them, of course, but never suppressing or garbling them because they are calculated to damage its own party. Adverse arguments, which it cannot refute, it is content to leave to make their full impression. The World acopts this rule because it believes no other is honest; because it conceives that its first duty to its readers is to keep them thoroughly informed on every passing subject of importance. In polities, The World will continue to be the bold advocate of a Liberal, Progressive Democracy. The unflinching champion of Freedom, Justice, Order and Constitutional Rights. The inspiration of its polities is Freedom restrained by Justice; or, to speak more strictly, Freedom pure and simple, in the largest collective measure; the office of justice being merely to protect freedom from encroachments; Freedom of the individual citizen in his rights of thought, speech, religion and locomotion; in his Right to choose his own food and drink, in spite of meddlesome temperance laws; in his Right to make any money barrains he thunks proper. SUBSCRIPTION ONE DOLLAR. spite of meddlesome temperance laws; in his Righ spite of meddlesome temperance laws; in his Right to make any money bargains he thinks proper, it spite of foolish usury laws; in his Right to buy and sell in all markets, domestic and toreign, it spite of unjust protective tariffs; in his Right to representation in the legislative bodies which tax him in spite of unconstitutional exclusions; Freedom of collective citizens to assemble for discussion collective citizens grievances; Freedom of all local communities grievances; Freedom of all local communities to manage their local affairs without central interterence; Freedom in every section of the country from the arrogant and unconstitutional domination of other sections; this large and comprehensive idea of Freedom sums up the politics of The WORLD, which will never be found wanting to this capital interest of the country and of the human race.

In its accurate Commercial Intelligence ar careful, reliable market reports, The World will continue to maintain its present high reputation. A paper published in the commercial metropolis is naturally looked to for authentic information relating to trade, compared and format and this heart. lating to trade, commerce and finance; and this being a teature in which the The World prides itself, it boldly challenges comparison with every journal in the metrovolis journal in the metro EDITIONS.
