THE BEDFORD COUNTY POOR HOUSE.—THE GRAND JURY DECLARE IT A NUISANCE .-- At the late term of Court, the Grand Jury made their customary visit to the Poor House, and after examining that institution, they in custody till paid. reported it to the Court as a public nuisance. That is, they declared the building in which the paupers are lodged, to be unfit for the purpose for which it is used. Of course, the Grand Jury intended no reflection upon the management of the Poor House, for it is admitted by all parties that no complaint can be justly made in reference to that. But the building itself is properly characterized as a "nuisance." Years ago we urged the propriety of selling the present Poor House property and purchasing a farm of moderate size, whereupon a new and commodious building might be erected. We still think that such a course would be wise. It is true that the construction of a new Poor House would entail considerable expense upon the county; but we can better afford to pay a little additional tax, than to bear the shame of failing to make proper provision for the shelter and maintenance of our unfortunate poor. We estimate that the cost of a

This law is as follows:
