PITTSBURG AND CONNELLSVILLE RAILROAD.

On the third of April, 1837, a charter was granted by the Legislature of Pennsylvania to a corporation styled the "Pittsburg and Connellsville Railroad Company," which corporation also obtained a charter from the State of Maryland. The object of this company was understood to be the the construction of a railroad from Pittsburg, Pa., to Cumberland, Md. Some twenty years elapsed after the date of its incorporation, before the company began to show any signs of life; but at last it built a part of the projected road, that now in operation between Pittsburg and Connellsville. It failed, however, during twenty seven years of its existence, to complete the road to Cumberland. In 1864, the people of Somerset and Bedfo d counties despairing of the ability of the Pittsburg and Connellsville Railroad Company, to complete their road, and having received the most positive assurances from New York and other eastern capitalists, that if the charter of this company would be repealed and a new company, which they were about to organize, chartered, a road, having an eastern and western connection, and passing through the coal field of Somerset and the center of pedford, would be made in a very short time, petitioned the legislature for the revocation of the Pittsburg and Connellsville charter and the incorporation o: the proposed new company. Accordingly, the Legislature revoked the P. & C. charter and incorporated the "Connellsville and Southern Pennsylvania Railroad Company." The repeal of the P. & C. charter was made upon the ground that the act of 1837. which granted said charter, provided that "if the said company shall at any time misuse or abuse any of the privileges herein granted, the Legislature may resume all and singular the rights and privileges hereby granted to the said corporation," and upon the allegation that as the said company had been in existence twenty seven years and had failed to fulfill the purpose of its creation, it had misused and abused its corporate privileges. Since the repeal of the P. & C. charter and the incorporation of the new company, the whole subject has been in litigation in the State and U. S. courts. The old company, notwithstanding the fact that it had been legislated out of existence, proceeded to tunnel the Alleghenies, and the Commonwealth proceeded against the company by quo wirranto. This case was argued in the Supreme Court of this State, a few days ago, and resulted in judgment for the defendants. Judge Sharswood delivered the opinion of the court, which concludes as follows:

By the 20th section of the original act of incorporation of April 3, 1837, it is provided that "if the said company shall at any time misuse or abuse any of the privileges herein granted, the Legislature may resume all and singular the rights and privileges hereby granted to the said corporation." The questions which naturally arise upon the construction of this provision are two-1. Is the Legislature constituted the sole and exclusive judge of the fact of misuse or abuse upon which their power to revoke is conditioned? And If not, what effect ought to be given to their act? As to the 1st question upon the ordinary rules applied to the interpretation of language, no difficul-

ty could arise. If this were a contract between man and man it could not be pretended that when one party reserves the power to rescind in a certain event, he thereby constituted the judge wheth- nellsville Railroad company, was passer the event has occurred. It is a condition precedent to the exercise of the power, and the party exercising it must prove affirmatively the execution the Supreme Court had niground of the fact. The power of the Legislature in grants and contracts is not like power of the English Parliament. It is limited and restrained by the provisions of the Federal and State Constitutions, so that it cannot impair contracts either made by itself or others. It corresponds more properly to the nglish crown-as to which it is certainly the established law of that country that the King cannot derogate run his own grant, and when an express power is reserved in a certain event or upon certain conditions, it must be proved affirmatively that the event has occurred, or the condition

been fulfilled. What effect, then, are we to give to the act of Aug. 19, 1864? The pleadings leave but one question open for consideration, namely, whether upon the true construction of the act of April 11, 1856, called in the argument the condoning act, all misuse or abuse of its corporate privileges by the company before that date was pardoned and released. We have no difficulty in saying that upon these pleadings it is admitted that no misuse or abuse had taken place, which would give any constitutional right to the Ligislature under the twentieth section of the original act of incorporation, to resome the rights and privileges granted to the defendants and that the right of eminent domain in this instance has no, been constitutionally exercised. We have given to all the points presented by the Commonwealth the most careful consideration, and on the whole are of opinion that they have not been sustained. Judgment for the defen-

ed to restore to the Pittsburg and Con- ganization.

dants."

nellsville Co. the charter which was revoked in 1864. This, however, leaves the Connellsville and Southern Pennsylvania Company intact, and it remains now to be seen which company will keep faith with the people. We understand that Mr. Hughert, the President of the Pittsburg and Connellsville company, who is said to be a very reliable man, has promised that "the cars shall run from Connellsville to Cumberland within one year from the date of the restoration of the charter." We hope most earnestly that this promise will be fulfilled. If it be, Mr. Hughert will deserve to be ranked among the first railroad men of the country. Meanwhile, we shall look, with renewed confidence, to the capitalists who promise to build the "Connellsville and Southern Pennsylvania." It is certainly their interest now to go ahead with the construction of the road. Philadelphia, especially, should perceive the necessity for a railroad which will divert to its own market, the trade which may, in a few years, be carried to Baltimore. But we shall see what we shall see.

#### Y-E-S!

The Bedford Inquirer, of last week has an article appealing to the Radicals of this county to organize for the Spring election. Yes! to organize for the election of men who will support Congressional Negroizing of ten States of this Union; for the election of men who assist in strengthening Congress in its efforts to make the Blacks the political equals of the Whites throughout the whole Union; for the election of men who form the pillars of that faction which has kept the conquered people of the South out of the Union for nearly three years; for the election of men who keep the country in perpetual turmoil by supporting a policy which keeps the Negro question in constant agitation; for the election of men who cling to that party which keeps up a standing army of 50,000 men, at a cost of millions and millions per annum; for the election of men who vote the ticket of that party which has robbed the President of his Constitutional powers and which threatens to throttle the Supreme Judiciary; for the election of men who are the local supports of that Radicalism, which, according to its founder, Thad. Stevens, "acts outside of the Constitution;" for the election of men who favor the continuance of the Grand Negro Poor House, the Freedmen's Bureau, at a cost of millions of dollars per annum; for the election of men who belong to a party that compels the Government to pay gold to the bond-holding nabob and to stint the crippled soldier, and the dead soldier's widow and orphan with a miserable stipend in paper; for the election of men who are tied, fettered, riveted, to a party that has invented the present system of federal taxation, whereby the poor and middle classes are forced to bear the burden of the Government, whilst the rich bondholders are permitted to go scot-free; aye, for the election of men who are responsible for the distress, misery and ruin which now curse this once happy land. By all means, let the Radica's organize! If they want to elect anybody holding their doctrines, they had better send to Massachuseetts for re-

## HARRISBURG.

Our correspondent, "LEX," not coming to time, this week, we shall make a brief reference to the more important transactions of the Legislature since our last issue. The bill to restore the charter of the Pittsburg and Coned without opposition in both houses the Supreme Court had virtually restored the charter, and it only remained for the Legislature to register the decision of that tribunal. There is not the slightest doubt, that if the decision of the Court had been otherwise, the Legislature would not have restored this charter. Hence, no thanks to the Legislature from the Pittsburg and Connellsville people. The bill introduced by the Democrats to repeal the law passed at the last session compelling railroad companies to permit negroes to choose seats in any of their cars, was reported from the Judiciary Committee in the House, but was referred back to the Committee by a vote of 42 yeas to 39 nays, the Rads. voting yea, and the Democrats nay. Scarcely had this vote been taken, when Mr. Deise (Dem.) from the same Committee, reported a similar bill which was also referred back to the Committee, by the close vote of 43 to 41. Thus, it will be seen that the Radicals are determined to cling to their black laws. and that they defy the will of the peo ple. No other legislation of general importance, has come to our notice since our last. The Democrats in the This decision knocked the breath out L gislature deserve great credit for

#### THAD. TO THE RESCUE! Shout, Ye Rads! SCREAM, YE DARKIES!

The cloven foot is visible at last! Nobody can fail to see the split in the hoof of Radicalism now! ead, ye duped and misled Republicans! Thaddeus Stevens, your party leader, has just introduced in Congress the following

"Be it enacted, &c., That on all juestions affecting the whole of the United States, whose influence may reach to all national questions, such as male citizen of the United States above the age of twenty-one years who shall have resided ten days within the disnational questions. This act shall not affect any municipal elections or those of chartered companies, but it such elections shall be by ballot.

any more that you are opposed to Negro Suffrage, or that you are in favor of the people of each State settling the Suffrage question for themselves. Swallow it, if you will, but come out like honest men and stand by what you are doing, and don't tell us that you are against the very thing for which you vote. On the other hand, if you are really and heartily opposed to making this a mixed nation, like the Mexicans and South Americans, show that aims at such a consummation. "Be a man, a mouse, or a long-tailed rat!"

#### SHARSWOOD AND SOMERSET.

During the campaign of last fall, the politicians of Somerset county manufactured a story to the effect that if Judge Sharswood would be elected Supreme Judge, he would decide against the Pittsburg and Connellsville Railroad Company in the litigation before the Supreme Court in which that company was concerned. Now, see extract from which we publish elsesewhere, has given the lie to this Radical electioneering scheme. But that falsehood was a "good enough Morgan" to bring out the Somerset Radicals to the election. We refer to this matter only to show how easily some people are gulled. With such, truly,

"The pleasure is as great Of being cheated as to cheat."

#### BONES AND BANJO RECONSTRUC-

Scarcely a single day goes by without being signalized by some fiendish atrocity by the negro pets of the Radical Congress. The newspapers are filled with accounts of the barbarities practiced by the demoralized "freedmen." The following is the latest:

# Posse of Constables Waylaid by a Gang of Negro Marauders---Two Waites Kili-ed and Six Sevezely Wounded.

JACKSON, Jan. 27,1868. The Clarion has particulars of an outrage committed in Jasper county, on the 25th and 26th inst. squad of freedmen, who had been stealposse of whom were searching for them with a warrant for their arrest. white men were killed, one mortally wounded and five severely. But one negro was wounded and arrested. Several parties are in search of the perpetrators.

Of such is the kingdom of Reconstruction. And yet intelligent and patriotic people are asked to continue in power a party whose policy produces such

## COOL.

In its issue of the 24th of January, the Inquirer said:

"With Edwin M. Stanton once more in the office of Secretary of War, the friends of equal and exact justice to black and white, will receive fresh carage and bush on the car of progress until, in the United States of America, there will not remain a single individua who can point to a statute upon our books that discriminates against him on account of race and color."

And now in its issue of the 31st of January, it calls upon its party to organize for the election of men who will thus push on "the car of progress." Will not those Republicans who refuse to ride in this Negro Suffrage car, consider this recommendation of the Inquirer "to organize," a little cool?

## EYES RIGHT!

We say to our Democratic friends throughout the country, and to all others who hope to save our country from revolution, impending despotism and Negro anarchy, go to work, now, and win the fight at the township elections! Elect good men as election officers, so that you and your friends will not be disfranchised in October and November. Talk to your neighboas, enlist them in the good work, show them the necessity of acting promptly and with determination. Let your watchword be, Action, Action, Action!
