THE SOLDIERS' MONUMENT ASSOCI-ATION .- There are a great many flatu- tion, as follows : lent people in all communities, who are always doing the "wind-work" of some project, or other, but who expect othproject, or other, but who expect others to be the hewers of wood and drawers of water when the real work comes to be done. It is an easy matter to hold a public meeting, appoint officers and committees, and then rest upon the laurels gained in making a speech or offering a resolution. This is generally the Alpha and the Omega of our to receive it, as it is evident, from the "railroad meetings," and it is about the whole history of the effort to erect a monument to the Soldier Dead of Bedford county. Mark you, we do not say that the officers and committees appointed by the public meeting which started this project, did not do all that could be reasonably expected from them. The Chairman and Treasurer, and the committee for this borough, we know, did what they could to obtain contributions. But nine of every ten who were loud in their praises of the "noble object," &c., when it was first spoken of, and who were instrumental in calling public attention to it, forgot the next day after the public meeting, that it was a part of their business to push the matter. They had helped to do the "wind-work," and they concluded that that was their share. It is a shame that the praiseworthy purpose of the Soldiers' Monusupplied." ment Association, has not been accomplished, but its want of success is owing neither to the inactivity of the officers, nor the parsimony of the people. The secret of its failure lies in the fact that there are too many "wind-bags' and too few workers. We call attention to the communication of Dr. C. N. Hickok, of this place, Chairman of the Association, which will be found in another column, from which it appears that the sum of \$54.40 was paid into the Treasury, and that, too, by the "disloyal" districts of St. Clair and Saxton.

MESSRS EDITORS :- The above correspondence will explain itself, and I respectfully request that you will publish it, not only as due to the community at large, but, also, that wrongful impressions, the result of misstatements, may thus be corrected. My attention was called to an editor-White, ial article, that appeared in the "Bed- Rye, ford County Press," of week before Corn, for yel., last (the third one, I understand, from Oats, Bloody Run, on the same subject, although I did not see the others,) con-
