Batter, Franklin county, Pa., April 22, 1791, and died at Wheatland, near Lancaster city, on Monday morning, June 1, 1868. He graduated at Dickinson College, in 1809, being then just eighteen years of age. In 1812 he was admitted to the practice of the law, at the Lancaster Bar, and one year afterward was elected to the lower house of the State Legislature, to which body he was subsequently re-elected. During the war of 1812-15, he was a volunteer soldier and served in the campaign against the British at Baltimore. In 1820 he was elected to Congress, to represent the Lancaster district, which had previously been carried against his party by heavy majorities. In 1831, having served ten years in Congress, he declined a re-election, but was appointed, by President Jackson, Minister to Rrussia. During his Congressional service, he became distinguished as the opponent of the Bankrupt Law, the advocate of a tariff for revenue and the supporter of the famous "Monroe Doctrine." In 1828 he succeeded Daniel Webster as Chairman of the Judiciary Committee of the National House of Representatives, a distinction which singled him out as the first lawyer in that body. As minister to Russia, he completed the first commercial treaty between the United States and that country. In 1833 Mr. Buchanan was elected to the U. S. Senate, in which body he ranked with Clay, Webster and Calhoun, whom he often met in the onset of debate, in the discussion of the great questions "Republican" remark, (after reading fact that his wife accompanied him public. As no portion of the respectable people of the country seemed disposed to manifest any cordial approval of the platform or nominees of the Chicago Military Despotism-Negro Supremacy Convention, or of Grant's Napoleonic letter of acceptance, it became necessary for Forney to appeal to the negroes to declare their adherence to Massa Grant.

Below we have the results: "Forney made an incendiary address to the negroes from a window of the Chronicle office, inciting them to vengeance on the whites, which had the effect to render them perfectly uncontrollable. The police were perfectly powerless; and the negroes along the streets with such fearful compelled to confine themselves to their houses. Bowen, the negro candidate for Mayor, also made an address complimenting the negroes on their capacity for self-government. death. "The next case to chronicle is the murderous assault of a crowd of negroes upon a boy named George T. Handley, aged 19 years. This outra-geous affair occurred at 10 o'clock at night, on Eighth street, near Seventh, while the crowd were around Bowen's house on H street. Handley was knocked down, and then cut with dirks or razors on both sides, on his hips and legs. His coat was literally cut to pieces with some kind of sharp instrument. He received several flesh wounds on the shoulders and arms, and a pistol shot wound on the right shoulder. The rascals left him on the pavement supposing they had killed him as one of them was heard to remak. 'we settled his hash.

"The neighborhood of Bowen's house seemed to be the favorite spot for murderous assault on the boy Handley, and he was removed away from their wrath, these brave rowdies marched back to the front of Bowen's house. Shortly after, another crowd of negroes came up Seventh street hooting, hurrahing, and evidently bent on mischief. As they turned into H steet from Tenth, some one cried out, 'Hurrah for John T.
