It is now upwards of three years since

During all this time the Radical party have had complete control of the govopposed their revolutionary and unconstitutional measures, but they deprithem, and his vetoes were overridden, in every instance, by a two thirds Radical of the same in greenbacks. vote in both houses of Congress. But where are Texas and Mississippi, and where is old Virginia, the "mother of states and Statesmen?" The long ago as 1866, held conventions, recepted the abolition of slavery, elected members of Congress and U. S. Senaces in the Union. But the Radical Congress stepped in with the army and navy, between them and the Union, recould force Negro Equality upon them at the point of the bayonet. Misissippi, by the votes of her own Negroes, rejected this outrageous scheme. As for Virginia and Texas, they have never yet been given an opportunity to are the Radical ultimata. Aye, where are Mississippi, Virginia and Texas? Out of the Union to-day, kept out by the force of arms, at an expense of millions upon millions to the taxpayers of the North. And to this infamous procedure, Gen. Grant, by accepting the nomination of the Radicals, has made himself a party. Can any true Union man vote for him, and thus endorse the Disunion of the Radical

IT is all right with the Radicals when the brute Joe Brown, who as Governor of Georgia, founded and kept up the Andersonville prison pen, goes to their Chicago Convention and helps them nominate Grant, but when a brave man like Wade Hampton, who met our soldiers in the field, but didn't starve them to death in prison, attends a Democratic Convention, these saintly hypocrites hold up their hands and roll up their eyes in holy horror, at the bare thought of such a thing. Any scalawag rebel is clasped to their bosoms, if he will vote for Grant or sleep that there was a Negro delegate in the ficing more men than Lee had in his are nearly twenty-two millhs more with a "nigger," but the purest and Democratic National Convention at whole army. WHAT ARE YOUR PRINCIPLES?

Are you in favor of Negro Suffrage? If so, vote for U.S. Grant. He stands upon a platform which pledges the continuance of Negro Suffrage in eleven States of this Union, by the interference of the Federal Government.

Are you in favor of the impeachment and removal of the President for political reasons? If so, vote for U. S. Grant. The Chicago platform endorses the impeachment conspiracy.

Are you in favor of Negro legislatures, Negro governors, and a Negro balance of power? If so, vote for U. S. Grant. The platform which he has accepted sustains the Reconstruction acts by which these things have been forced upon an unwilling people.

Are you in favor of a large standing army and navy, maintained at an expense of one hundred and fifty millions per annum? If so, vote for U.S. Grant. He stands upon a platform which proposes to govern the Southern people by the military despotism of the Reconstruction acts.

Are you in favor of the continuance of the Freedmen's Bureau? If so, vote for U.S. Grant. He is the candidate of the party which established and which continues in existence that expensive institution.

Are you in favor of exempting the wealthy bondholders from taxation? If so, vote for U.S. Grant. He is the candidate of the Money-King, A. T. Stewart, and stands upon a platform which is silent upon this subject.

Are you in favor of a double-faced financial policy? If so, vote for U. S. ernment. The President, it is true, Grant. LETTER OF GEN. HANCOCK. He Comes Out Strong for Seymour and

We ask the attention of our readers, and especially of every citizen who served in the Union army during the late war, to the letter of Gen. W. S. Hancock, which will be found on the first page of this issue. It will be seen that the gallant General most cordially and emphatically endorses the nomination of Seymour and Blair, and expresses, in the most unequivocal manner, his desire for the triumph of Democratic principles. Letevery soldiercitizen write down the following from this noble letter and bear it about him against the insidious tricks of the Radical Disunionists and as a political

guide during the present campaign: "Believing, as I really do, that the reservation of constitutional government depends on the success of the Democrate party, in the coming election, were I to hesitate in its candid support, I feel I should not only falsify my own record, but commit a crime against my country.'

When the brave, the noble Hancock, the hero of Gettysburg and the Wilderness, the central figure of a hundred battles for the Union, the pride and glory of the Pennsylvania soldiery, declares that he would "commit a crime ainst his country," if he did not support the Democratic nominees, in the present crisis, who can hesitate to enlist under our banner? Where is the man who is not willing to follow where the patriot Hancock leads?

#### A FEW QUESTIONS.

Will Mr. Thomas Marshall answer these questions in the speech which we understand he is to make here next
