EQUAL TAXATION. The Bedford Inquirer Comes Out Against

Little Limping Lying Lutz-y "Puts His Foot In It!"

Hearken, O ye Republicans!

Now, there's an admission for you "The Republican Congress has not made an equal tax law!" Write that down, reader! Make broad your phylacteries, ye who swear by the Bedford Inquirer, and write this sentence upon them in blazing characters. We want every "Republican" in Bedford county to understand that his organ admits that the "Republican Congress has not made an EQUAL tax law." If it is not equal, how can it be "just, fair, righteous and liberal?" Because incomes under a thousand dollars are not taxed? Is that the reason it is "just, fair, righteous and liberal?" That might do to talk about, if there were no other taxes than those on incomes. But, how about the taxes on manufactures, the licenses, the excises, the stamp duties and other federal taxes of a similar character? Are not these paid, in a great measure, by those whose incomes are under a thousand dollars ? Yet, because, small incomes are not taxed, the property of the bondholders, who suck the life-blood out of the business interests of the country, by absorbing the gold and silver and burying it in their safes, are also to be exempted from taxation! Hence, while censes, and stamp duties, the property

of the rich bondholders goes scot-free. Such is the system advocated by the Inquirer. Now, we are opposed to all this, opposed to it, unqualifiedly, emphatically an uncompromisingly. We are for Equal Taxation upon all species of property. Upon this ground we plant our standard, and we ask every fair-minded, just and honest man to speak out and say whether the ground is not entirely tenable.

"True it is that the Republican Congress has not made an equal tax law. -Bedford Inquirer, Aug. 8.

### GOLD \$1.50 !

Gold has risen to a premium of \$1,50 in greenbacks! making a greenback dollar worth but 66 cents in gold .-Who has depreciated the currency in this manner? Who has been in power during the last four years? Answer, the Radical party. When the war closed, a greenback dollar was worth 80 cents in gold; now after three years of peace, it is worth but 66 cents. The funding bill passed by Congress, the reckless extravagance of the Radicals in adding millions upon millions to the Federal debt, by keeping up the Freedmen's Bureau and a standing Army of 50,000 men, and their repudiation of greenbacks as money to be received in payment of the Federal debt, are at the bottom of this matter. The people can now see what our own currency will come to if Grant should be elected.

#### DEMOCRATIC NEGROES.

The Radicals are extremely solicitous about the sensibilities of the Democrats in regard to the fact that large numbers of negroes in the Southern States are beginning to vote the Democratic ticket. GREAT SPEECH OF GOV. SEYMOUR. We give on our outside, some extracts from the speech of Gov. Seymour, delivered in New York, on the 25th of June, which we commend to to the careful attention of the workingmen and tax-payers, as well as the moneyed men of the country. If anybody wants to know the position occupied by the Democratic candidate for President, on the great questions of the day, let them read this speech. With a statesman holding such views in the Presidential chair, there will be hope for the credit of the republic, hope for the laborer and the tax-payer, and hope for the liberties of the people. Now, let Grant, or his keeper, Washburne, show that they have as clear an understanding of the affairs of our government, before they ask the suffrages

of an intelligent people. "True it is that the Republican Congress has not made an equal tax law.' Bedford Inquirer, Aug. 8.

### A VILLANOUS COMPOUND OF MALIG-NITY AND LIES.

out of Hell, for lying forty times more villanously than the original Tom himself, if rolled into one, would not be equal to lying Lutz, of the Inquirer. For instance, the Inquirer declares, with the solemnity of a Pharisee praying in the market-place, that the Democratic party, by adopting the principle of Equal Taxation, proposes to tax the poor. Do the poor hold government bonds? Did the poor make millions of dollars out of the toil, the sweat and the blood of their fellow poor in the factory, in the workshop, by daily labor on the farm, or on the gory field of battle? Who is it that made money during the late war and whose wealth is untaxed? The bondholder! Aye, the bond-holder who pays no taxes upon his millions, whilst every poor man in the land does pay at least one-tenth of his daly income, in the increased prices of every thing he eats, drinks and wears, under the present Radical regime. By Equal Taxation, the Democrats mean that they will tax every citizen according to the value of his property, including the wealthy and aristocratic bond-holder. Every other interest is taxed now, and in order to make taxation equal, the bond-holder must pay his proportion of a just and equitable levy. Tax the thousands of millions of government bonds, and the taxes upon other interests will be lightened, and of course the poor will be compelled to pay less, when the rich who are now exempt, are made to pay their just share. Lutz can lie, but let him chop us some logic on this subject. The people are not the fools he takes them to be, and when he undertakes to make them believe that by taxing the bond-holder, the poor man's taxes will be increased, he only exposes his own contemptible mendacity. The L. L. of the Inquirer, has turned poor man's friend! What with the Democrats, we can't help it, a pity that he didn't think of assuming this philanthropic role a little soon-If they vote the Democratic ticket, it er. During the war he said, "poor is not the fault of the Democrats, but men ought to go and fight," but the L. of those who made them voters. If L. considered himself a rich man and of you, Messrs. Radicals, had not forced course, didn't "go and fight." And Thus reasons the Inquirer. Well, the ballot into their hands, they would then, when the veteran braves came back from the war, how snugly, like other. But you have put the club into an innocent little spider in its web, the hands of the Negro, and if he uses | waiting for the coming fly, he sat in his than his proportion of the taxes, on ac- it to break your own heads, you can cosy office, waiting for the bronzed and count of the bondholder, who owns blame nobody but yourselves. THE Somerset Herald, in an article complimenting the Harrisburg Patrio as "one of the handsomest papers with in its knowledge," talks about the "revolutionary sentiments of Frank Blair." &c. Our friend Scull possesse talents which we are sorry to see perverted in an abortive effort to bolster up the fortunes of a party whose record during the last three years, we do not and cannot believe his judgment sustained. But as party ties seem to be so strong that they bind men of even Mr. Scull's intelligence to the support of such monstrous outrages as the Impeachment Conspiracy and the forcing of Negro Suffrage upon an unwilling people, at the point of the bayonet, we are not surprised to find him denouncing as a revolutionist, one of the bravest and purest of the great soldiers of the Union army, one who fought to put down armed revolution and who seeks to check Radical revolution by restoring the governments which Congressional Reconstruction has overthrown. Did not Congress, by the sword, overthrow the governments formed by the white people of the South, under which they had come back into the Union? You connot deny this, friend Scull. Well, then, is it revolution to restore the the army be used to do it, as Gen. Blair suggested? Your party has revolutionized the Southern State governments; we seek to restore them as they stood when the people of those States had reorganized them after the close of the war. Your party strives, by force of arms, to give political power to the Negro, whilst it disfranchises the white man; we seek to give the people of each State the right to determine for themselves the question of suffrage. Now, who is the "revolutionist," Frank. Blair, the Democrat, or U. S.

TOM MARSHALL DRIVEN TO THE WALL!

He tries to Answer our Questions! Declares in favor of Negro Suffrage!

Proposes to take the Stump in this Dis

Last week the GAZETTE proposed a few questions for Tom Marshall to answer in the speech which he was to make at the Radical meeting on Saturday evening last. Our first question as to whether the Radical or "Republican" party is in favor of Negro Suffrage, he answered by saying that the Chicago platform fixed that, It declared that Negro Suffrage should be forced on the unwilling South, and that the people of the North might enfranchise the negro if they saw prop-

er. But he took issue with the platform on this question, and said that it was a shame that the "mudsills," the "doughfaces," the "poor white trash" of the North did not give the negro the ballot! He was in favor of it, whether the people of Bedford county liked it or not. He said he would come into this district and help to elect John Cessna to Congress on that issue.-All of which we hope he will do.

Some of the Radical blow-hards in this town, are engaged in circulating the story that Democrats in Bedford borough and elesewhere intend to vote for their fuss-and-feathers candidate, Grant. A party must be hard up for political capital, when it undertakes to twist a playful witticism into a serious assertion.
