"THE BLUE-COATS,

Men of science Full of lies. People know that liniments composed of Cay-ene pepper, turpentine, hartshorn, ether, &c., will produce inflammation and pain. To purchase such trash to stop Pain and Lifhammation is ridicu-lous. Fire will not stop heat; a dumb brate shuns the heat, and knows enough to wade in a pond of water, when wounded, to reduce, cool, and cure Inflammation and Fever. Timps and gamblers try to look honest, but folks can read the face too plainly. Some try to persuade the ignorant that pills, physic, &c., cleanse the blood, purge the system, and do a hundred other things equally absurd. Every-body knows that it is false, and that no medicine can purify or increase a drop of blood. Food makes blood, bone, and muscle, and is the Staff of Life. Every dose of medicine swallowed is reject-ed, and hurried out of the system as quick as pos-sible. It is an enemy ; yea, a deadly foe. Con-stipation, ill health, and weakness, are the result of dosing, dosing the stomach. The living system has enough to do without working herself to death in expelling and kicking out the perni-cious nostrums poured down the throat. Food she welcomes when she needs it; yea, asks for it. Let pill makers and physic venders stop eating food, and see how long they can subjest on their blood-purifying, invigorating, health-giving med-ices and cordials. What humbug is more trans-parent ? A dog would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would red bis unsulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel so insulted if offered a dose, he would feel And how they Lived, Fought and Died for the U-nion, with Scenes and Incidents in the Great Re-bellion." I have employed over twenty physicians at vast expense during this period. But all attempts at cure proved utterly abortive until I tried Dr. Wolcott's Pain Paint, which the doctors told me was a humbug. But humbug or not, it has done the work completely in less than one month, removing the pain at the first applica-tion. I kept her leg wet with Pain Paint con-stantly until healed.
