SUNDAY SCHOOL PIC-NIC.—Pursuant to previous arrangements, the managers and pupils of the "Point Sabbath School," in Napier township, assembled at the school-house at an early hour, on Saturday, 3d inst., and marched to Peter Winegardner's saw-mill where preparations had been made for the occcasion, in the grove adjacent; Rye, but in consequence of the inclemency of the weather, they had fitted up a table in Mr. Winegardner's barn, whither they marched, preceded by music by Mr. Joseph Moore & Sons. The pic-nic was gotten up without the least Prime Lard, "

SEEDS.—We quote excitement in the neighborhood, and from the appearance of the weather in the morning, many thought it would Flaxseed, be a failure, but upon counting heads in the barn, there were about one hundred and thirty persons present. The school was then addressed by Rev's Decker and Edwards, of Schellsburg in a very appropriate manner. At the close of the addresses, the pupils were invited to partake of a very sumptuous dinner provided by the citizens, and then the officers and teachers and spectators also partook of the same bountiful repast, there having been ample provisions made for all. Much praise is due to the liberality of the citizens, and particularly to the ladies for the splendid cakes, pies, custards, chickens and indeed every delicacy that could be desired on the occasion, and also to the children for their good deportment and to that staunch old Democrat, Mr. Winegardner, who is ever ready and willing tolenda helping hand in any emergency, and particularly on such occasions, devoting not only his time, but his means, to add to the comfort of all his neighbors. I must not pass over the drink with the eatables; the company were treated to good coffee and lemonade in abundance. After having partaken of the bountiful supply, the whole assembly passed the hours pleasantly until four o'clock when they separated for their respective homes, all well pleased with the hilarities of the day. May we all live to enjoy another pic-nic next year. SPECTATOR.

THE October number of "Young America" which closes the volume for the second year of this popufar little periodical, comes to us as bright and gay as ever, flourishing a grand top residence called a "villa," rich in stories, poetry, pictures, and puzzles, closing the interesting juvenile adaptation of the famous story of Robison Crusoe, and promising a brilliant attraction in the shape of a new story of out door life, for boys, by Geo. J. Varney, whom not a few persons think superior as a writer for boys to Oliver Optic. Hurry up with your pennies, children. You will all want Young America this year-for, with and, according to the publishers, "etherwise improved." Address W. Jennings Demorest, 473 Broadway, N. Y. of publishers \$1.50 per year, with a premium.

DEMOREST'S MONTHLY .- Every lady wishes for at least one magazine, and husbands and fathers can find no other in the whole range of periodical literature that will prove so useful, so we!come, or so good an investment as Demorest's. It is fashionable without being frivolous, full of good, sensible suggestions, and of really valuable information in regard to dress, the household, and whatever pertains to woman's work. Send for it-the price is merely nominal, \$3, with an honest premium. Published at 473 Broadway,

Mass Meeting.-The mass meeting in Woodburry was a magnificent affair. We have received a glowing description of it from a correspondent, which, for want of room, we are unable to publish. It was the largest meeting ever held in Woodbury. Hon. J. B. Noble was chosen President. Col. J. H. Filler made one of the happiest speeches of his life. O. E. Shannon, 1868. Esq., followed with one of hls masterly speeches on the financial question.

St Clairsville.—The Democrats of St Clair and Union turned out in large numbers to the mass meeting in St Clairsville on Saturday last. The dem- | Have just received a large and Attractive Stock onstration which they made was very fine. On one wagon a hickory pole, Sixty feet long, was carried by stalwart voters. B. R. Henderson, Esq., was Vote of the president, with a long the vote Presidents and Secretaries, whose names were not given us. The meetnames were not given

Gapville.—A meeting of the Democracy of E. Providence, was held on Monday night last, at Gapville. The attendance was good. A lot of Radical scallawags were on hand to imitate their brethren at Camilla, but failed in their efforts to get up a row. The meeting was addressed by J. W. Dickerson and J. G. Fisher.

MEETING AT RIDDLESBURG.-On last Friday evening a large Democratic meeting was held at Riddlesburg. M. A. Hunter was elected President, Jacob M. Barret and William Mobus, Vice President and George C. Buckle, Jr. and Thomas Keating, Secretaries. Speeches were made by William Hartley and J. W. Dickerson, Esqs.

DESCRIPTIVE.—The Grecian bend is and movement that can be named. It includes the stagger of a tipsy dunce, the wabble of a graceless cook, the awkwardness of a lubberly lout, and the mincing, wriggling gait and inclination of the classic miss just opening into womanhood.

T. LOUIS and IRON MOUNTAIN

RAILROAD COMPANY'S Seven per cent. first Mortgage Bonds. February and August Coupons. The earnings of the completed road to Pilot Knob are now more than the interest on the entire mortgage. The proceeds of these bonds are adding to the security every day. Over \$8,000,000 have been spent on the property, and not over \$2,000,000 of bonds issued thus far. The constantly increasing traffic of earrying ore, with the prospect of controling all the travel from St. Louis to the Southern States, insures an enormous revenue. The Directors own 8-10 of the stock for investment, and are interested to enrich the property as well as to economize its expenses.

THOS. ALLEN, President, St. Louis, Mo. We, the undersigned, cordially recommend these seven per cent, mortgage bonds, of the St. Louis and Iron Mountain Kailroad, as a good security. The revenue of the road will be large, and the administration of the affairs of the Company is in capable and experienced hands, and is entitled to the greatest confidence of the nublic

system, and her only means now or communicating information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrate make her population Four humdered and Fourteen milltons, and this is more likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Eurepe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose early intelligence. If the telegraph we propose connecting all their great seaports, were now in existence, it is believed that its business would pay the cost within the first two years of its suc-cessful operation, and would steadily increase thereafter
