MURIE—HORN—At the residence of J. B. Taylor, in Schellsburg, on Tuesday morning, 20th inst., by Rev. L. Shannon, Mr. David Murie, of Barton, Md., to Miss Amanda Horn, of the former place.

LYNCH—On Sept. 13, Charles M. Lynch, aged 1 year 10 months and 16 days, and on Oct. 12, Susie M. Lynch, aged 4 years, children of Thomas and Margaret Lynch. Truly mysterious and sad are these providences of God. The unseen hand has again glided in and removed beautiful flowers from the family circle. Their little bodies rest side by side those dear ones that have gone before, but their spirits have entered the world of bliss. "What I do thou knowest not now but thou shalt know hereafter."

SHAFER—On Oct. 13, Maudie Shafer, daughter of Wm. and Margaret Shafer, aged 15 years 1 month and 7 days. The silver cord was at last snapped asunder and the golden bowl broken. A lovely daughter, just entering the bloom of womanhood, fell a victim to the relentless fee of consumption. She patiently awaited her end, and it came not unexpected to her, nor she unprepared for it. Sad to our mourning hearts to be called to part from her, yet her parting words should cheer and comfort us, and turn cur mourning into joy. "Yea, tho' I walk through the dark valley of the shadow of death, I will fear no evil; for thou art with me, thy rod and thy staff they comfort me."

RAILROAD COMPANY'S Seven per cent. first Mortgage Bonds. February and August Coupons. The earnings of the completed road to Pilot Knob are now more than the interest on the entire mortgage. The proceeds of these bonds are adding to the security every day. Over \$5,000,000 have been spent on the property, and not over \$2,000,000 of bonds issued thus far. The constantly increasing traffic of carrying ore, with the prospect of controling all the travel from St. Louis to the Southern States, insures an enormous revenue. The Directors own 8-10 of the stock for investment, and are interested to enrich the preperty as well as to economize its expenses.

HON. A. K. McCLURE, Philadelphia, Solicitor The Chinese Government having (through the Hon. Anson Burlingame) conceded to this Company the privilege of connecting the great sea-ports of the Empire by submarine electric telegraph cable, we propose commencing operations in China, and laying down a line of nine hundred miles at once, between the following ports, viz :

information is by couriers on land, and by steamers on water.

The Western World knows that China is a very large country, in the main densely peopled; but few yet realize that she contains more than a third of the human race. The latest returns made to her central authorities for taxing purposes by the local magistrate make her population Four hundred and Fourteen milltons, and this is more likely to be under than over the actual aggregate. Nearly all of these, who are over ten years old, not only can but do read and write. Her civilization is peculiar, but her literature is as extensive as that of Eurepe. China is a land of teachers and traders; and the latter are exceedingly quick to avail themselves of every proffered facility for procuring early information. It is observed in California that the Chinese make great use of the telegraph, though it there transmits messages in English alone. To day great numbers of fleet the telegraph, though it there transmits messages in English alone. To-day great numbers of fleet steamers are owned by Chinese merchants, and used by them exclusively for the transmission of early intelligence. If the telegraph we propose connecting all their great seamorts, were now in connecting all their great seaports, were now in existence, it is believed that its business would

pay the cost within the first two years of its successful operation, and would steadily increase thereafter

No enterprise commends itself as in a greater degree renumerative to capitalists, and to our whole people. It is of vast national importance commercially, politically and evangelically.

The stock of this Company has been unqualifiedly recommended to capitalists and business men, as a desirable investment by editorial articles in the New York Herald, Tribane, World, Times, Post, Express, Independent, and in the Philadelphia North American, Press, Ledger, Inquirer, Age, Bulletin and Telegraph.
