We have a few words to say in our own behalf, which we think will be neficial alike to patrons and publisher. The elections prove that a very large majority of the voters who represent the community that transacts its business in Bedford, are Democrats. Important Decision.

An important decision has just been rendered by the New York Court of appeals between the American Mutual Life insurance Company and the widow of an assured party. The payment of the insurance was refused on the ground that her husband had invalidated his policy by committing suicide. This Company also attempted to prove that the insured man was an atheist or his religious faith with a view of influ-encing the question whether, insuch case, Court of Appeals therefore affirmed the judgment of the lower court by giv-ing judgment for the respondent; thus virtually establishing the principle that a life insurance policy is not of ne-cessity invalidated by the suicide of the insured person.
