Secretary of the Commonwealth, wrote | pale. the following letter to the convention, which we copy verbatim from the State Guard of last Saturday:

STATE OF PENNSYLVANIA,
OFFICE OF SECRETARY OF COMMONWEALTH,
HARRISBURG, Pa., Nov. 13, 1868. To Merryman Cupit and others, Com-

Convention of Colored men now in session in the Wesleyan Union Church of Harrisburg. Although I cannot be personally present, yet I shall be with you in spirit, heartily sympathizing, as I do, in your struggles for full recognition as citizens of this State in common with your brethren of other States. Trusting that the day is not far distant when the ballot will be put into the hands of every colored man in Penn-

I am, yours, very respectfully, ISAAC B. GARA.

Is any additional evidence needed to prove that it is the purpose of the Radical party to enfranchise the negro throughout the whole country? Are you prepared to endorse this movement, "Republicans" of Bedford county? Are you ready to degrade and debase the franchise by extending the number of ignorant and licentious voters? Is there not already enough corruption, purchased voting, intimidation and fraud in our elections? If you are not, prepare for it as soon as possible! Prepare to resist it, or you will be forced to acquiesce in its accomplishment. The election is over. We have no partizan purpose to subserve, no votes to make for any cadidate, by an appeal like this. We only state what we believe to be the God's truth, and only ask you to consider it in a spirit of candor and fairness. We ask you to watch Congress, which will soon again be in session, and see for yourselves, if what we say turns out to be true or

HOLDING THEM TO THEIR PROMISE.

A convention of Negroes was held at Harrisburg, the other day, which adopted a series of resolutions demanding the right of suffrage and perfect equality, in civil condition, with the white man. These resolutions were evidently written by some of the white negroes in the Radical party, and the convention was, doubtless, gotten up by the ultra Radical politicians, for the purpose of forcing Negro Suffrage on their party, and through it, upon the country. We are assured in the preamble to the resolutions adopted by this convention, that "the Rebpublican party "have given us additional assurances "from time to time of their determina-"tion, when once they had the power, "to carry out every line of the Declar-"ation of Independence, and make good "every promise made by the party in "the complete elevation and enfran-"chisement of colored men wherever "they may reside within the national

In view of these "assurances," the resolutions demand that the Radical party shall now confer the right of suffrage upon the blacks in all the States. The "colored brethren" have determined to hold the white Radicals to their promises. We think that, for once in their history, the latter will be true to their pledges. They want the negro as a tool, and will, therefore, try to enfranchise him.

The telegraph is very mute in regard to the result of the election in the Golden State. The Democrats have elected two of the three Congressmen, and it may turn out, in the end, that Seymour has carried the State. The vote is very close.

The result of all may be summoned up as follows:

President Grant should not be compelled to live in the cheap boarding house style." How do you like this talk, tax-payer? This is the idea of the New York Times. This is a specimen of "Republicanism," the plain, unpretending simplicity which, we have all been told, was the strength of all good governments, and which the leaders of the great reform party pretended that they desired to restore. The sum of \$25,000 per year is only sufficient to enable the newly elected to live in cheap boarding house style. In other words, the style in which Mr. Johnson now lives, the style which the "late lamented" enjoyed, is not good enough for General Grant, and the now groaning tax-payers must prepare to sweat out bigger drops of blood, that the new idol shall roll in the luxury of a pampered monarchist. Go ahead with your "reforms" gentlemen; not only give your new idol the \$100,000 per year, but move to give it to him for life, and move also to keep him in office during that life. Do not bother your white slaves, who are to pay the price of all this in bigger taxation, with any more election farces. Set up at once a permanent despotism, increase your army, and then apply the screws to the thirty millions of white population, and see how much | zens. they will stand. - Day-Book.

WEST VIRGINIA DESPOTISM.

[From the Greenbrier Independent.] We have been surprised more than once at the want of information abroad, even in the adjoining States, concerning West Virginia desposism.

It is a fact of easy demonstration, that even the Southern States, ruled as they are by the sword, are more free to-day than the always loyal State of

West Virginia.

In this State there are not less than twenty-five thousand disfranchised citizens.
