 For SUPPLESSION a large does should be taken as it produces the desired effect by sympathy.
 As a DINNER PILL, take one or two pills to promote digestion and relieve the stomach.
 An occasional does stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists.
 One who feels tolerably well, often finds that a dose of these PILLS makes him fiel decidedly better, from their eleansing and renovating effect on the digestive apparatus.
