This medical preparation is now offered to the public as a reliable substitute for the many worth-less compounds which now flood the market. It is purely vegetable, compounds of various herbs, gathered from the great storehouse of nature, and selected with the utnest care. It is not recommended as a Curg All, but by its direct and salutary influence upon the Heart, Liver, Kidneys, Lungs, Stomach and Bowels, it acts both as a preventive and cure for many of the diseases to which those organs are subject. It is a reliable Family Mecheine, and can be taken by either infant or adult with the same beneficial results. It is a certain, prompt and speedy remedy for DIARRHEGA. DYSENTERY, BOWEL COMPLAINT, DYSPENSIA, LOWNESSOF SPIRITS, FAINTINGS, SICK-HEADACHE, &c. For Chillis and Fevers of all kinds, it is far better and safer than quinine, without any of its pernicious effects. It creates an appetite, proves a powerful degester of food, and will counteract the effects of liquor in a few minutes.

Musical Doings,—Since Mr. Waters gave up publishing sheet music, he has devoted his whole capital and attention to the manufacture and sale of Pianos and Melodeons. He has just issued a catalogue of his new instruments, giving a new scale of prices, which shows a marked reduction from former rates and his Pianos have recently been awarded the First Premium at several Fairs. Many people of the present day, who are attracted, if not confused, with the flaming adecrisements of rival piano houses, probably overlook the modest manufacturer like Mr. Waters; but we happen to khow that his instruments earned him a good reputation long before Expositions and "honors" connected therewith were ever thought of; indeed, we have one of Mr. Waters' Pianofortes now in our residence (where it has stood for many years.) of which any manufacturer in the world might well be proud. We have always been delighted with it as a sweet-toned and, powerful instrument, and there is no doubt of its durability; more that this, some of the best amateur players in the city, as well as several celebrated pianists, have performed on the same piano, and all prouounce it a superior and first-class instrument. Stronger endorsement we could not give.—Home Journal.

For Diseases of the Throat and Lungs,

such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of mediciae, has anything won so widely and so deepling upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its unform character and power to cure the various affections of the langs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the THE OLD ESTABLISHED FIRM,

As a provision-against sudden necks of Croup, it should be kept on hand in ev-family, and indeed as all are sometime sub-to colds and coughs, all should be provided by this antique for them with this antidote for them.

Although settled Consumption is thought incurable, still great numbers of cases where the

is derived from its cures, many of which are truly, marvellous. Invelerate cases of Scrofulous discases, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in aimost every section of the country, that the public scarcely need to be informed of its virues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develops into one or other of its hideous forms, either on the surface or among the virtue. It has the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or itshows its presence by eraptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this Sarsaparilla: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease.
