

THE REGISTRY LAW.

We publish, in this issue, the piece of infernal devilry, enacted by the last legislature, known as the Registry Law. We hope every active Democrat will carefully study its provisions, and prepare for the work which it imposes upon the people.

It will be observed that this law levels a severe blow at the rights of naturalized citizens. It makes a broad distinction between that class and native citizens. Every naturalized voter must produce his papers to the Assessor and to the Election boards, and the latter are required to stamp upon them the word "voted," with the date at which the vote was given.

The new assignments of officers of the army to duty, refer to military departments and districts as if the country were in a state of war, and was divided no longer into political states, but merely into great military divisions under the orders of the Commander-in-chief in the chair of the President.

This radical scheme to disfranchise and hamper the people in the exercise of the right of suffrage, will cost Bedford county at least \$2,000 and perhaps \$3,000.

It will not prevent frauds, for the same thing has been tried in other states and has proved a complete failure. It is in force in New York, and yet the radicals themselves claim that immense frauds are committed at the elections in that state.

THE RIGHT SPIRIT.

We are glad to notice that the Democratic press speaks in no uncertain tone in regard to the fraud which the radicals are now engaged in perpetrating. The right of the people to control the elective franchise, a right reserved to them at the formation of the government, is about to be taken from them without their consent.

On the first page will be found the infamous Registry Law passed by the late infamous legislature of this state. The sections which pertain exclusively to elections in the city of Philadelphia we do not publish.

LEGAL ADVERTISING.—The law requiring legal advertisements, such as Executors and Administrators' Notices, Orphan's Court Sales, Auditors' Notices, &c., to be published in the two papers having the largest circulation, has been changed.

The Boston Temperance Alliance has invited Wm. B. Spooner to resign the Presidency of the organization, because he favors the exemption of cider and lager beer from the prohibitory liquor law.

lieve the spirit of liberty is entirely extinguished in this boasted land of freedom yet. We believe there is enough of it left in the people to meet this thing as it ought to be met."

WHAT do those "Republicans" who signed remonstrances against the ratification of the XVth Amendment, think of the course of the Radical legislature in ratifying that Amendment in defiance of the remonstrances of their constituents? Numbers of "Republicans" in this county signed such remonstrances, and earnestly protested against the snap judgment by which Pennsylvania was made to endorse the Amendment.

THE new assignments of officers of the army to duty, refer to military departments and districts as if the country were in a state of war, and was divided no longer into political states, but merely into great military divisions under the orders of the Commander-in-chief in the chair of the President.

These Notes are stopped on the sudden. Our old friend Jere E. Black, of Schellsburg, drops in on us, and we throw away pen, paper and upset our ink bottle and lay back for an old-fashioned talk.—Pipes for two. Load them heavy and strike a match. Mr. Editor allow me to say, for the present, adieu.

THE Mohammedan new year was inaugurated on the 5th inst. at Constantinople by a grand reception and a speech by the Sultan, in which the settlement of the difficulties with Greece, the pacification of Crete and the friendly relations of Turkey with the rest of the world, were referred to with satisfaction.

A Cuban Constitution guaranteeing that to Island a republican form of government has been manufactured at Washington, and is to be presented to the insurgents for their consideration.

Deserters from the 86th regiment of United States infantry, now in Texas, shot and instantly killed recently Brevet Captain Herkness, who was in pursuit of them. The deserters were arrested and taken to Fort Bliss.

The Indians in the Southwest district of the Indian Territory are disaffected. Some of the bands have already gone North of the Arkansas river preparatory to recommencing hostilities.

It is reported that a steamer left New York Monday night with three hundred men, armed and equipped and provisioned for Cuba, to join the insurgents.

The liquor dealers of Boston are organizing political resistance to the prohibitions. European mail advices state that the whole length (3,600 miles) of the coil of the French Atlantic cable was completed April 16th.

General Sherman has advertised for sale his residence at St. Louis, Mo., which was presented to him by some of the leading citizens. Crowe, the newly appointed Governor of New Mexico, is indelible, being of rebellious antecedents, and President Grant is in a quandary about him.

CRUELTY TO ANIMALS.—The act passed by the last Legislature of our State to prevent cruelty to animals will commend itself to general approval. It provides for the punishment of any person who shall wantonly or cruelly ill-treat, overload, beat, or otherwise abuse any animal, whether belonging to himself or to another, or who shall in any way be concerned in fighting or baiting any bull, bear, dog, cock or other creature.

THE RINK, on Race and 20th st., was burned last Thursday night. Its capacity exceeded that of any other building in the city. It was here the Odd Fellows held their ball, and Gough was to have lectured this week at 10 cents per head, expecting to have an audience of ten thousand.

THE trouble is where to put it. Not that ground is scarce, but the up and down towners each want it to grace their own section. Now, as Washington is also to have a statue, let us take the vote, so each has its share of honor. We would rather see Father Abraham in the White House to-day than standing on a marble base, and better would it be for the integrity and happiness of our country.

MARVELOUS INDUSTRY.—It is scarcely necessary at this day to say anything in praise of Webster's Unabridged Quarto Dictionary, 1840 pages, and 3000 engravings. Having come into possession of a copy of the latest edition, we cannot refrain from expressing our admiration at the marvelous industry and learning which such a book must have called into demand.
